

CDSCs

1. Rule 6c–10 under the Act permits open-end investment companies to impose CDSCs, subject to certain conditions. Applicants state that although the Fund does not currently intend to impose CDSCs, the Fund will only impose a CDSC in compliance with rule 6c–10 as if that rule applied to closed-end management investment companies. The Fund would also make required disclosures in accordance with the requirements of Form N–1A concerning CDSCs as if the Fund were an open-end investment company. Applicants further state that, in the event it imposes CDSCs, the Fund will apply the CDSCs (and any waivers or scheduled variations of the CDSCs) uniformly to all Members of a given class and consistently with the requirements of rule 22d–1 under the Act.

Early Repurchase Fees

1. To the extent the Fund determines to waive, impose scheduled variations of, or eliminate the Early Repurchase Fee, it will do so consistently with the requirements of Rule 22d–1 under the Act and the Fund’s waiver of, scheduled variation in, or elimination of, the Early Repurchase Fee will apply uniformly to all classes of Units of the Fund.

Asset-Based Service and/or Distribution Fees

1. Section 17(d) of the Act and rule 17d–1 under the Act prohibit an affiliated person of a registered investment company or an affiliated person of such person, acting as principal, from participating in or effecting any transaction in connection with any joint enterprise or joint arrangement in which the investment company participates unless the Commission issues an order permitting the transaction. In reviewing applications submitted under section 17(d) and rule 17d–1, the Commission considers whether the participation of the investment company in a joint enterprise or joint arrangement is consistent with the provisions, policies and purposes of the Act, and the extent to which the participation is on a basis different from or less advantageous than that of other participants.

2. Rule 17d–3 under the Act provides an exemption from section 17(d) and rule 17d–1 to permit open-end investment companies to enter into distribution arrangements pursuant to rule 12b–1 under the Act. Applicants request an order under section 17(d) and rule 17d–1 under the Act to permit the Fund to impose asset-based service and/

or distribution fees. Applicants have agreed to comply with rules 12b–1 and 17d–3 as if those rules applied to closed-end investment companies.

For the reasons stated above, applicants submit that the exemptions requested under section 6(c) are necessary and appropriate in the public interest and are consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Applicants also believe that the requested relief meets the standards for relief in section 17(d) of the Act and rule 17d–1 thereunder.

Applicants’ Condition

Applicants agree that any order granting the requested relief will be subject to the following condition:

Each Fund relying on the order will comply with the provisions of rules 6c–10, 12b–1, 17d–3, 18f–3 and 22d–1 under the Act, as amended from time to time or replaced, as if those rules applied to closed-end management investment companies, and will comply with the NASD Conduct Rule 2830, as amended from time to time, as if that rule applied to all closed-end management investment companies.

For the Commission, by the Division of Investment Management, under delegated authority.

Brent J. Fields,
Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–75694; File No. SR–NASDAQ–2015–089]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of the 1–3 Month Enhanced Short Duration ETF, a Series of Plus Trust

August 13, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 29, 2015, The NASDAQ Stock Market LLC (“NASDAQ” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in in Items I and II below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ proposes to list and trade the shares of the 1–3 Month Enhanced Short Duration ETF³ (the “Fund”), a series of Plus Trust (the “Trust”), under NASDAQ Rule 5735, entitled Managed Fund Shares (“Managed Fund Shares”).⁴ The shares of the Fund are collectively referred to herein as the “Shares.”

The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com/>, at NASDAQ’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASDAQ included statements concerning the purpose of, and basis for, the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASDAQ has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

³ “ETF” is exchange-traded fund.

⁴ The Commission approved NASDAQ Rule 5735 in Securities Exchange Act Release No. 57962 (June 13, 2008) 73 FR 35175 (June 20, 2008) (SR–NASDAQ–2008–039). The Commission has already considered and approved the listing of several actively-managed funds on the Exchange pursuant to Rule 5735. *See, e.g.*, Securities Exchange Act Release Nos. 66489 (February 29, 2012), 77 FR 13379 (March 6, 2012) (SR–NASDAQ–2012–004) (order approving listing and trading of WisdomTree Emerging Markets Corporate Bond Fund); 70829 (November 7, 2013), 78 FR 68482 (November 14, 2013) (SR–NASDAQ–2013–122) (order approving listing and trading of the First Trust High Income Fund of First Trust Exchange-Traded Fund VI); and 74448 (March 5, 2015), 80 FR 12832 (March 11, 2015) (SR–NASDAQ–2015–012) (order approving listing and trading of WisdomTree Western Unconstrained Bond Fund). Additionally, the Commission has previously approved the listing of actively-managed funds on NYSE Arca, Inc. (“Arca”) pursuant to Rule 8.600 of that exchange. *See, e.g.*, Securities Exchange Act Release Nos. 64643 (June 10, 2011), 76 FR 35062 (June 15, 2011) (SR–NYSEArca–2011–21) (order approving listing and trading of WisdomTree Global Real Return Fund); and 67559 (August 1, 2012), 77 FR 47482 (August 8, 2012) (SR–NYSEArca–2012–57) (order approving listing and trading of QAM Equity Hedge ETF). The Exchange believes the proposed rule change raises no significant issues not previously addressed by the Commission.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the Fund under NASDAQ Rule 5735, which governs the listing and trading of Managed Fund Shares⁵ on the Exchange. The Fund will be an actively managed ETF. The Shares will be offered by the Trust, which was established as a Delaware statutory trust on December 10, 2014.⁶ The Trust is registered with the Commission as an investment company and has filed a registration statement on Form N-1A ("Registration Statement") with the Commission.⁷ The Fund is a series of

New York Alaska ETF Management, LLC will be the investment adviser ("Adviser") to the Fund. Foreside Fund Services, LLC (the "Distributor") will be the principal underwriter and distributor of the Fund's Shares. The Bank of New York Mellon ("BNY Mellon") will act as the administrator, accounting agent, custodian, and transfer agent to the Fund.

Paragraph (g) of Rule 5735 provides that if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a "fire wall" between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment

⁵ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (the "1940 Act") organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Index Fund Shares, listed and traded on the Exchange under NASDAQ Rule 5705, seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁶ The Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act (the "Exemptive Order"). See Investment Company Act Release No. 31709 (July 8, 2015). The Trust's application for exemptive relief under the 1940 Act states that the Fund will comply with the federal securities laws in accepting securities for deposits and satisfying redemptions with redemption securities, including that the securities accepted for deposits and the securities used to satisfy redemption requests are sold in transactions that would be exempt from registration under the Securities Act of 1933 (15 U.S.C. 77a).

⁷ See Registration Statement on Form N-1A for the Trust filed on January 23, 2015 (File Nos. 333-201658 and 811-23019). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement.

company portfolio.⁸ In addition, paragraph (g) further requires that personnel who make decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund's portfolio. Rule 5735(g) is similar to NASDAQ Rule 5705(b)(5)(A)(i); however, paragraph (g) in connection with the establishment of a "fire wall" between the investment adviser and the broker-dealer reflects the applicable open-end fund's portfolio, not an underlying benchmark index, as is the case with index-based funds. The Adviser is not registered as a broker-dealer and is not affiliated with a broker-dealer. In the event (a) the Adviser becomes newly affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, if applicable, regarding access to information concerning the composition and/or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Description of 1-3 Month Enhanced Short Duration ETF Principal Investments

The Fund's investment objective is to seek current income consistent with preservation of capital and daily liquidity. Under normal market

⁸ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the "Advisers Act"). As a result, the Adviser and its related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

conditions,⁹ the Fund would invest substantially all of its net assets (exclusive of collateral with respect to securities lending, repurchase, and reverse repurchase agreement transactions) in U.S. Treasury securities, which include bills, notes, and bonds issued by the U.S. Treasury, that have remaining maturities of greater than or equal to one month and less than three months. U.S. Treasury bills, notes and bonds are direct obligations of the U.S. Treasury. U.S. Treasury bills have initial maturities of one year or less, U.S. Treasury notes from two to 10 years, and U.S. Treasury bonds more than 10 years. While U.S. Treasury securities are supported by the full faith and credit of the U.S. government, such securities are nonetheless subject to credit risk, albeit minimal (*i.e.*, the risk that the U.S. government may be, or may be perceived to be, unable to make interest and principal payments).

All of the Fund's assets will be invested in U.S. dollar-denominated securities.

In order to enhance income, the Fund intends to enter into securities lending, repurchase agreement, and/or reverse repurchase agreement¹⁰ transactions in an amount equal to not more than 33% of the Fund's total assets, consistent with the requirements of the 1940 Act.¹¹

⁹ The term "under normal market conditions" includes, but is not limited to, the absence of extreme volatility or trading halts in the fixed income markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance. In response to adverse market, economic, political, or other conditions the Fund reserves the right to invest in cash, without limitation, as determined by the Adviser or Sub-Adviser [sic]. In the event the Fund engages in these temporary defensive strategies that are inconsistent with its investment strategies, the Fund's ability to achieve its investment objectives may be limited. The U.S. Treasury securities in which the Fund may invest will include variable rate U.S. Treasury securities, whose rates are adjusted daily (or at such other increment as may later be determined by the Department of the U.S. Treasury) to correspond with the rate paid on one-month or three-month U.S. Treasury securities, as applicable.

¹⁰ A "repurchase agreement" (also known as a repo) is the purchase of securities with the agreement to sell the securities back at a higher price at a specific future date. A "reverse repurchase agreement" (also known as a reverse repo) is the sale of securities with the agreement to buy them back at a higher price at a specific future date. For the party that is selling the security and agreeing to repurchase it in the future, it is a reverse repo; for the party on the other end of the transaction that is buying the security and agreeing to sell in the future, it is a repurchase agreement.

¹¹ Securities lending by funds may implicate certain sections of the 1940 Act. For example, the transfer of a fund's portfolio securities to a borrower implicates section 17(f) of the 1940 Act (15 U.S.C. 80a-17(f)), which generally requires that a fund's

The Fund may lend its portfolio of securities to broker/dealers, institutional investors, banks, and insurance and/or reinsurance companies located in the member countries of The Organization for Economic Co-operation and Development (“OECD”).¹² Securities lending allows the Fund to retain ownership of the securities loaned and, at the same time, to earn additional income. Loans will be made only to parties who have been reviewed and deemed satisfactory by the Adviser, pursuant to guidelines adopted by the Trust’s Board of Trustees (“Board of Trustees”), and which provide collateral under master agreements issued by SIFMA (The Securities Industry and Financial Markets Association) or ISLA (International Securities Lending Association), which is either (i) 102% cash or (ii) 102%–115% U.S. Treasury securities of the market value of the loaned securities. The collateral is marked to market daily. When the Fund lends portfolio securities, its investment performance will continue to reflect changes in the value of the securities loaned, and the Fund will also receive a fee or interest on the collateral.

The Fund may enter into repurchase and reverse repurchase agreements with broker/dealers, institutional investors, banks, and insurance and/or reinsurance companies located in the member countries of the OECD. Repurchase transactions involve the purchase of securities with an agreement to resell the securities at an agreed-upon price, date and interest payment. Reverse repurchase transactions involve the sale of securities with an agreement to repurchase the securities at an agreed-upon price, date and interest payment and have the characteristics of borrowing. With respect to repurchase agreements and reverse repurchase agreements, proceeds (collateral) received under master agreements issued by SIFMA or ICMA (International Capital Markets Association) must be equal to or greater than the market value of the sold securities and either (i) cash, (ii) U.S. Treasury securities, or (iii) debt securities secured by U.S. Treasury Securities (such debt securities typically will be issued pursuant to Rule 144A and will be secured by a pledge to the

portfolio securities be held by an eligible custodian. And a fund’s obligation to return collateral at the termination of a loan implicates section 18 of the 1940 Act (15 U.S.C. 80a–18), which governs the extent to which a fund may incur indebtedness. See also <http://www.sec.gov/divisions/investment/securities-lending-open-closed-end-investment-companies.htm>.

¹² A list of OECD members is available at <http://www.oecd.org/about/membersandpartners/list-oecd-member-countries.htm>.

note holder of U.S. Treasury Securities with a market value equal to or greater than the face value of the debt security). All collateral will have a maturity of three months or less. The collateral is marked to market daily and valued in accordance with the Fund’s valuation procedures. The price paid to repurchase the security reflects interest accrued during the term of the agreement.

Other Investments

In order to seek its investment objective, the Fund will not employ other strategies outside of the above-described “Principal Investments.”¹³

Investment Restrictions

Under normal market conditions, the Fund will invest substantially all, but not less than, 80% of its net assets (exclusive of collateral with respect to securities lending, repurchase, and reverse repurchase agreement transactions), plus any borrowings for investment purposes, in U.S. Treasury securities, which include bills, notes, and bonds issued by the U.S. Treasury, that have remaining maturities of greater than or equal to one month and less than three months.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities, including repurchase and reverse repurchase agreements maturing in more than seven days, and other illiquid assets (calculated at the

¹³ As such, the Fund will not use derivative instruments, including options, swaps, forwards and futures contracts, both listed and over-the-counter. The Fund will not invest in leveraged, inverse, or leveraged inverse exchange-traded products and will not be operated as a “leveraged ETF” designed to seek a multiple of the performance of an underlying reference asset. In addition, the Fund has represented that its securities lending and reverse repurchase agreement transactions will be made in accordance with the 1940 Act and consistent with the Fund’s investment objectives and policies, and will not be used to multiply the risks and returns of income producing assets. The Fund will comply with the regulatory requirements of the Commission to maintain assets as “cover,” and maintain segregated accounts as needed. With respect to the reverse repurchase agreements entered into by the Fund that involve obligations to make future payments to third parties, the Fund, in accordance with applicable federal securities laws, rules, and interpretations thereof, will “set aside” liquid assets, or engage in other measures to “cover” open positions with respect to such transactions. These procedures will be adopted consistent with section 18 of the 1940 Act and related Commission guidance. In addition, the Fund will include appropriate risk disclosure in its offering documents, including leveraging risk. Leveraging risk is the risk that certain transactions of the Fund, including the Fund’s use of reverse repurchase agreements, may give rise to leverage, causing the Fund’s Shares to be more volatile than if they had not been leveraged. The Fund will not be operated as a “leveraged ETF” designed to seek a multiple of the performance of an underlying reference asset.

time of investment). The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund’s net assets are held in illiquid securities or other illiquid assets. Illiquid securities and other illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁴

The Fund intends to qualify for and to elect to be treated as a separate regulated investment company under Subchapter M of the Internal Revenue Code of 1986.¹⁵

Net Asset Value

The net asset value (“NAV”) per Share for the Fund is computed by dividing the value of the net assets of the Fund (*i.e.*, the value of its total assets less total liabilities) by the total number of Shares outstanding). Expenses and fees, including the management fee, are accrued daily and taken into account for purposes of determining NAV. The NAV will be determined on each business day as of the close of trading (ordinarily 4:00 p.m. Eastern Time (“E.T.”)) on the New York Stock Exchange (“NYSE”), now under the umbrella of the Intercontinental Exchange (“ICE”).

For purposes of calculating NAV, portfolio securities and other assets for which market quotes are readily available are valued at market value. Market value is generally determined on the basis of last reported sales prices, or if no sales are reported, based on quotes

¹⁴ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), FN 34. See also Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding “Restricted Securities”); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N–1A). A fund’s portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act of 1933).

¹⁵ 26 U.S.C. 851.

obtained from a quotation reporting system, established market makers, or pricing services. With respect to U.S. Treasury securities, which include bills, notes, and bonds issued by the U.S. Treasury, the Fund will value such securities at the price listed at the following sources: Bloomberg, TradeWeb, E-Speed, Tullett Prebon, the U.S. Treasury Department, and/or Interactive Brokers, with the hierarchy of such sources generally in the order listed. If a market price is not readily available from these sources, the Fund will instead employ the fair value techniques discussed below.

Securities and other assets for which market quotes are not readily available are valued at fair value as determined in good faith by the Board of Trustees or persons acting at their direction. The Board of Trustees has adopted methods for fair valuation, and has delegated to the Adviser the responsibility for applying the valuation methods.¹⁶ In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security or asset will be determined in good faith by the Board of Trustees, generally based upon recommendations provided by the Adviser.

Market quotes are considered not readily available in circumstances where there is an absence of current or reliable market-based data (e.g., trade information, bid/ask information, broker quotes), including where events occur after the close of the relevant market, but prior to the NYSE market close, that materially affect the values of the Fund's securities or assets. In addition, market quotes are considered not readily available when, due to extraordinary circumstances, the exchanges or markets on which the securities trade do not open for trading for the entire day and no other market prices are available. The Board of Trustees has delegated to the Adviser the responsibility for monitoring significant events that may materially affect the values of the Fund's securities or assets and for determining whether the value of the applicable securities or

assets should be re-evaluated in light of such significant events.

When the Fund uses fair value pricing to determine its NAV, securities will not be priced on the basis of quotes from the primary market in which they are traded, but rather may be priced by another method that the Board of Trustees or persons acting at their direction believe reflects fair value. Fair value pricing may require subjective determinations about the value of a security. While the Trust's policy is intended to result in a calculation of the Fund's NAV that fairly reflects security values as of the time of pricing, the Trust cannot ensure that fair values determined by the Board of Trustees or persons acting at their direction would accurately reflect the price that the Fund could obtain for a security if it were to dispose of that security as of the time of pricing (for instance, in a forced or distressed sale). The prices used by the Fund may differ from the value that would be realized if the securities were sold.

Securities lending transactions, repurchase agreements and reverse repurchase agreements transactions will be valued at the combined value of (i) the value of the underlying Fund asset utilized in the transaction and (ii) the relative realized profit value, added daily.

Creation and Redemption of Shares

The Trust will issue and sell Shares of the Fund only in Creation Unit aggregations, and only in aggregations of 25,000 Shares, on a continuous basis through the Distributor, without an initial sales load, at the NAV next determined after receipt, on any business day, of an order in proper form.

The consideration for purchase of Creation Units may consist of: (i) The in-kind deposit of a designated portfolio of securities closely approximating the holdings of the Fund (the "Deposit Securities"), and (ii) an amount of cash denominated in U.S. Dollars (the "Cash Component") computed as described below. Together, the Deposit Securities and the Cash Component constitute the "Fund Deposit," which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. The Trust expects that Creation Units will be in kind, but may be in cash at the discretion of the Fund as and to the extent permitted by the Fund's Exemptive Order.

The Fund may permit or require the consideration for Creation Units to consist solely of cash. The Fund may permit or require the substitution of an amount of cash denominated in U.S.

Dollars (i.e., a "cash in lieu" amount) to be added to the Cash Component to replace any Deposit Security. For example, the Trust reserves the right to permit or require a "cash in lieu" amount where the delivery of the Deposit Security by the Authorized Participant (as described below) would be restricted under the securities laws or where the delivery of the Deposit Security to the Authorized Participant would result in the disposition of the Deposit Security by the Authorized Participant becoming restricted under the securities laws, or in certain other situations.

The Cash Component is sometimes also referred to as the "Balancing Amount." The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit value of the Deposit Securities. If the Cash Component is a positive number (i.e., the NAV per Creation Unit exceeds the value of the Deposit Securities), the Authorized Participant (defined below) will deliver the Cash Component to the Fund; and if the Cash Component is a negative number (i.e., the NAV per Creation Unit is less than the value of the Deposit Securities), the Authorized Participant will receive the Cash Component from the Fund. Computation of the Cash Component excludes any stamp duty tax or other similar fees and expenses payable upon transfer of beneficial ownership of the Deposit Securities, which shall be the sole responsibility of the Authorized Participant.

BNY Mellon, through the National Securities Clearing Corporation ("NSCC"), will make available on each business day, prior to the opening of business (subject to amendments) on the Exchange (currently 9:30 a.m. E.T.), the identity and the required number of each Deposit Security and the amount of the Cash Component (or Cash Deposit) to be included in the current Fund Deposit (based on information at the end of the previous business day). Such Fund Deposit will be applicable in order to effect creations of Creation Unit aggregations of the Fund until such time as the next-announced composition of the Deposit Securities is made available. BNY Mellon, through the NSCC, will also make available on each business day, prior to the opening of business of the Exchange (currently 9:30 a.m. E.T.), the list of the names and the quantity of each security to be included (based on information at the end of the previous business day) ("Fund Securities") in order to affect redemptions of Creation Unit aggregations of the Fund until such time as the next-announced composition of the Fund Securities is

¹⁶ For example, domestic fixed income securities are normally valued on the basis of quotes obtained from brokers and dealers or pricing services using data reflecting the closing of the principal markets for those securities (e.g., closing price). Prices obtained from independent pricing services use information provided by market makers or estimates of market values obtained from yield data relating to investments or securities with similar characteristics. Certain fixed income securities purchased on a delayed-delivery basis are marked to market daily until settlement at the forward settlement date. Short-term investments having a maturity of 60 days or less are generally valued at amortized cost.

made available. Fund Securities received on redemption may not be identical to Deposit Securities that are applicable to creations of Creation Units.

To be eligible to place orders with the Distributor and to create a Creation Unit of the Fund, an entity must be a Depository Trust Company (“DTC”) participant, such as a broker-dealer, bank, trust company, clearing corporation or certain other organization, some of whom (and/or their representatives) own DTC (each a “DTC Participant”). DTC acts as a securities depository for the Shares. The DTC Participant must have executed an agreement with the Distributor with respect to creations and redemptions of Creation Units (“Participant Agreement”). A DTC Participant that has executed a Participant Agreement is referred to as an “Authorized Participant.” Investors should contact the Distributor for the names of Authorized Participants that have signed a Participant Agreement. All Shares of the Fund, however created, will be entered on the records of DTC in the name of DTC or its nominee and deposited with, or on behalf of, DTC.

All orders to create Shares must be placed for one or more Creation Units. Orders must be transmitted by an Authorized Participant pursuant to procedures set forth in the Participant Agreement. The date on which an order to create Creation Units (or an order to redeem Creation Units, as discussed below) is placed is referred to as the “Transmittal Date.” Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Distributor pursuant to procedures set forth in the Participant Agreement. Economic or market disruptions or changes, or telephone or other communication failure, may impede the ability to reach the Distributor or an Authorized Participant.

The process to redeem Creation Units works much like the process to purchase Creation Units, but in reverse. Orders to redeem Creation Units of the Fund must be delivered through an Authorized Participant. Investors other than Authorized Participants are responsible for making arrangements for a redemption request to be made through an Authorized Participant. Orders must be accompanied or followed by the requisite number of Shares of the Fund specified in such order, which delivery must be made to the Distributor no later than 10:00 a.m. E.T. on the next business day following the Transmittal Date.

Availability of Information

The Fund’s Web site (www.tbil.co), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Web site will include additional quantitative information updated on a daily basis, including, for the Fund, on a per Share basis: (1) The prior business day’s reported NAV, mid-point of the bid/ask spread at the time of calculation of such NAV (the “Bid/Ask Price”),¹⁷ a calculation of the premium and discount of the Bid/Ask Price against the NAV, and daily trading volume; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Regular Market Session¹⁸ on the Exchange, the Fund will disclose on its Web site (www.tbil.co) the identities and quantities of the portfolio of securities and other assets (the “Disclosed Portfolio” as defined in Nasdaq Rule 5735(c)(2))¹⁹ held by the Fund that will form the basis for the Fund’s calculation of NAV at the end of the business day.²⁰ On a daily basis the Disclosed Portfolio will include, as applicable, each portfolio security and other financial instruments of the Fund with the following information on the Fund’s Web site: Ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); the identity of the security or other asset or instrument underlying the holding, if any; quantity held (as measured by, for example, par

¹⁷ The Bid/Ask Price of the Fund will be determined using the midpoint of the highest bid and the lowest offer on the Exchange as of the time of calculation of such Fund’s NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

¹⁸ See Nasdaq Rule 4120(b)(4) (describing the three trading sessions on the Exchange: (1) Pre-Market Session from 4 a.m. to 9:30 a.m. E.T.; (2) Regular Market Session from 9:30 a.m. to 4 p.m. or 4:15 p.m. E.T.; and (3) Post-Market Session from 4 p.m. or 4:15 p.m. to 8 p.m. E.T.).

¹⁹ Nasdaq Rule 5735(c)(2) states that the term “Disclosed Portfolio” means the identities and quantities of the securities and other assets held by the Investment Company that will form the basis for the Investment Company’s calculation of net asset value at the end of the business day.

²⁰ Under accounting procedures to be followed by the Fund, trades made on the prior business day (“T”) will be booked and reflected in NAV on the current business day (“T+1”). Notwithstanding the foregoing, portfolio trades that are executed prior to the opening of the Exchange on any business day may be booked and reflected in NAV on such business day. Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

value; maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holdings in the Fund’s portfolio). The Web site information will be publicly available at no charge. The Fund’s disclosure of securities lending transactions and repurchase and reverse repurchase agreements will include information regarding the income being accrued on such instruments/transactions expressed in a percentage relative to the NAV published by the Fund.

A basket composition file, which will include the security names and quantities of securities and other assets required to be delivered in exchange for Fund Shares, if applicable, together with estimates and actual cash components, will be publicly disseminated prior to the opening of the Exchange via the NSCC. The basket will represent one Creation Unit of the Fund. The NAV of the Fund will normally be determined as of the close of the regular trading session on the Exchange (ordinarily 4:00 p.m. E.T.) on each business day.²¹ Authorized Participants may refer to the basket composition file for information regarding debt instruments and any other instrument that may comprise the Fund’s basket on a given day.

In addition, an estimated value, defined in Rule 5735 as the “Intraday Indicative Value” (as defined in Nasdaq Rule 5753(c)(3)), that reflects an estimated intraday value of the Fund’s portfolio, will be disseminated. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service,²² will be based upon the current value for the components of the Disclosed Portfolio and will be updated and widely disseminated by one or more major market data vendors at least every 15 seconds during the Regular Market Session.

The dissemination of the Intraday Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and to provide a close estimate of that value throughout the trading day.

Investors can also obtain the Trust’s Statement of Additional Information

²¹ This is the Regular Market Session. See NASDAQ Rule 4120(b)(4).

²² Currently, the NASDAQ OMX Global Index Data Service (“GIDS”) is the NASDAQ OMX global index data feed service, offering real-time updates, daily summary messages, and access to widely followed indexes and ETFs. GIDS provides investment professionals with the daily and historical information needed to track or trade NASDAQ OMX indexes, listed ETFs or third-party partner indexes and ETFs.

(“SAI”), the Fund’s Shareholder Reports, and its Form N–CSR and Form N–SAR, filed twice a year. The Trust’s SAI and Shareholder Reports will be available free upon request from the Trust, and those documents and the Form N–CSR may be viewed on screen or downloaded from the Commission’s Web site at www.sec.gov.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. The previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via NASDAQ proprietary quote and trade services, as well in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association plans, as applicable.

Securities lending transactions, repurchase agreements and reverse repurchase agreements transactions will be priced at the combined value of (i) the value of the underlying Fund asset utilized in the transaction and (ii) the relative realized profit value, added daily.

Intra-day, executable price quotations on U.S. Treasury Securities are available through subscription services such as Bloomberg, TradeWeb, E-Speed, Tullett Prebon, the U.S. Treasury Department, and/or Interactive Brokers, which can be accessed by Authorized Participants and other investors.

Additional information regarding the Fund and the Shares, including investment strategies, risks, creation and redemption procedures, fees, Fund holdings disclosure policies, distribution and taxes will be included in the Registration Statement.

Initial and Continued Listing

The Shares will be subject to Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and/or continued listing, the Fund must be in compliance with Rule 10A–3 under the Act.²³ A minimum of 50,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. NASDAQ will halt trading in the Shares under the conditions specified in NASDAQ Rules 4120 and 4121, including the trading pauses under NASDAQ Rules 4120(a)(11) and (12). Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and other assets constituting the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares also will be subject to Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

NASDAQ deems the Shares to be equity securities, thus rendering trading in the Shares subject to NASDAQ’s existing rules governing the trading of equity securities. NASDAQ will allow trading in the Shares from 4:00 a.m. until 8:00 p.m. E.T. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NASDAQ Rule 5735(b)(3), the minimum price variation for quoting and entry of orders in Managed Fund Shares traded on the Exchange is \$0.01.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by both NASDAQ and also the Financial Industry Regulatory Authority (“FINRA”) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.²⁴ The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity.

²⁴ FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.

When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

FINRA may, if applicable, obtain information via the Intermarket Surveillance Group (“ISG”)²⁵ from other exchanges that are members of ISG. FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and FINRA may obtain trading information regarding trading in the Shares from such markets and other entities. In addition, the Exchange, if applicable, may obtain information regarding trading in the Shares from markets and other entities that are members of ISG, or with which the Exchange has in place a comprehensive surveillance sharing agreement.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) NASDAQ Rule 2111A, which imposes suitability obligations on NASDAQ members with respect to recommending transactions in the Shares to customers; (3) how information regarding the Intraday Indicative Value and the Disclosed Portfolio is disseminated; (4) the risks involved in trading the Shares during the Pre-Market and Post-Market Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (5) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Information Circular will advise members, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Fund. Members purchasing Shares from the Fund for resale to investors will deliver a prospectus to such investors. The Information Circular will also discuss

²⁵ For a list of the current members of ISG, see <https://www.isgportal.org/home.html>.

²³ See 17 CFR 240.10A–3.

any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

Additionally, the Information Circular will disclose the trading hours of the Shares of the Fund and the applicable NAV calculation time for the Shares. The Information Circular will also disclose that information about the Shares of the Fund will be publicly available on the Fund's Web site.²⁶

2. Statutory Basis

NASDAQ believes that the proposal is consistent with section 6(b) of the Act in general and section 6(b)(5) of the Act in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NASDAQ Rule 5735. The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by both NASDAQ and FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. In addition, paragraph (g) of NASDAQ Rule 5735 further requires that personnel who make decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund's portfolio. The Fund's investments will be consistent with the Fund's investment objective. FINRA may, if applicable, obtain information via the ISG from other exchanges that are members of ISG. In addition, the Exchange may, if applicable, obtain information regarding trading in the Shares from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities, including

repurchase and reverse repurchase agreements maturing in more than seven days, and other illiquid assets (calculated at the time of investment). The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid securities or other illiquid assets.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information will be publicly available regarding the Fund and the Shares, thereby promoting market transparency. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service, will be widely disseminated by one or more major market data vendors at least every 15 seconds during the Regular Market Session. On each business day, before commencement of trading in Shares in the Regular Market Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio of the Fund that will form the basis for the Fund's calculation of NAV at the end of the business day. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services, and quotation and last sale information for the Shares will be available via NASDAQ proprietary quote and trade services. Intra-day price information will be available through subscription services, such as Bloomberg, Markit and Thomson Reuters, which can be accessed by Authorized Participants and other investors.

The Fund's Web site will include a form of the prospectus for the Fund and additional data relating to NAV and other applicable quantitative information. Trading in Shares of the Fund will be halted under the conditions specified in NASDAQ Rules 4120 and 4121 or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in

the Shares will be subject to NASDAQ Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, FINRA, on behalf of the Exchange, if applicable will communicate as needed regarding trading in the Shares with other markets and, other entities that are members of ISG and FINRA may obtain trading information regarding trading in the Shares from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. Furthermore, as noted above, investors will have ready access to information regarding the Fund's holdings, the Intraday Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

For the above reasons, NASDAQ believes the proposed rule change is consistent with the requirements of section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded fund that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

²⁶ Additionally, the Information Circular will also reference that the Fund is subject to various fees and expenses described in the Registration Statement.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will: (a) By order approve or disapprove such proposed rule change; or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2015-089 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, Station Place, 100 F Street NE., Washington, DC 20549.

All submissions should refer to File Number SR-NASDAQ-2015-089. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site <http://www.sec.gov/rules/sro.shtml>.

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the

filing also will be available for inspection and copying at the principal office of NASDAQ. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2015-089 and should be submitted on or before September 9, 2015.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁷

Brent J. Fields,

Secretary.

[FR Doc. 2015-20417 Filed 8-18-15; 8:45 am]

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75695; File No. SR-NYSE-2015-33]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Rule 79A To Delete Supplementary Material .20 Requiring Prior Floor Official Approval Before a Designated Market Maker Can Initiate Certain Trades More Than One or Two Dollars Away From the Last Sale

August 13, 2015.

Pursuant to section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on July 29, 2015, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 79A to delete Supplementary Material .20 requiring prior Floor Official approval before a Designated Market Maker ("DMM") can initiate certain trades more than one or two

dollars away from the last sale. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 79A to delete Supplementary Material .20, which requires prior Floor Official approval for certain DMM dealer trades more than one or two dollars away from the last sale, and to make conforming amendments to Rules 48, 80C and 9217 to delete references to Rule 79A.20.

Background

Currently, except with respect to inactively traded securities the Exchange shall from time to time identify, Rule 79A.20(a) requires DMMs to obtain prior Floor Official approval for all transactions in stocks by the DMM as dealer (when the market is slow⁴) or transactions in which the DMM as dealer is reaching across the market⁵ (when the market is fast) that are made at (i) \$1.00 or more away from the last sale when such last sale is under \$20 per share or (ii) \$2.00 or more away from the last sale when such last sale is at \$20 per share or over. The Rule also provides that in unusual market situations, a Floor Governor, Senior Floor Official, or Executive Floor

⁴For purposes of the Rule, the NYSE is considered a "slow" market when displaying a bid or offer (or both) that is not entitled to protection of Rule 611 under Regulation NMS. See Rule 79A.20(a). DMM dealer transactions in slow markets include the opening, reopening, and closing transactions.

⁵A DMM reaches across the market when the DMM buys from the NYSE offer or sells to the NYSE bid.
