

Surveillance Branch (CCHD). (1) Collects, analyzes, and disseminates accurate and timely health and hazard information related to occupational respiratory diseases and workers' respiratory health, and collaborates in the establishment and analysis of health surveillance systems at the national and state level in order to: (a) provide information relating to overall incidence, prevalence, mortality, and impact of occupational respiratory diseases and workers' respiratory health; (b) describe the occurrence of specific diseases with regard to occupation, industry, exposures, geography, demographic characteristics, temporal trends, and other relevant factors for which information is available; (c) describe the distribution and trends in occupational exposure to agents responsible for respiratory diseases; (d) identify emerging risks for respiratory disease; (e) assess racial/ethnic and other disparities in the occurrence of occupational respiratory diseases and occupational exposures to agents responsible for respiratory diseases; and (f) evaluate impact of interventions, policies, and program activities on the occurrence of occupational respiratory disease; (2) synthesizes data to frame recommendations for priority setting, hypothesis generation, and improved methods for data collection; (3) disseminates information through development and publication of timely information and reports describing workplace hazards and exposures and work-related occupational lung diseases, and application of communication science, media principles, and web design to enhance access to and use of data and information; (4) develops and evaluates innovative surveillance methods; (5) coordinates with other Federal agencies, promulgates rules, and implements programs as authorized by the Federal Mine Safety and Health Act of 1977 and its subsequent amendments, to provide for the collection and reporting of health and hazard surveillance data related to occupational respiratory diseases in coal miners, including planning, coordinating, and processing the medical examinations provided for miners, operating an approval program for participating medical facilities and physicians, and evaluating and approving employer programs for the examination of miners in accordance with published regulations; (6) provides technical assistance and recommendations concerning medical

screening and health surveillance of workers exposed to respiratory hazards in the workplace, including administering a national program of spirometry training, providing training and testing on the classification of radiographs for the pneumoconioses, and collaborating with national (*e.g.*, American College of Radiology, American Thoracic Society) and international (*e.g.*, International Labour Organization) groups to develop and improve occupational respiratory disease medical surveillance methods; and (7) establishes collaborations to identify, support, and evaluate interventions designed to improve respiratory health in the workplace.

James Seligman,

Acting Chief Operating Officer, Centers for Disease Control and Prevention.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated,

electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Harmful Algal Bloom Illness Surveillance System (HABISS)—NEW—National Center for Emerging and Zoonotic Infectious Diseases, Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The National Center for Emerging and Zoonotic Infectious Diseases (NCEZID) is requesting approval for surveillance activities through Harmful Algal Bloom-related Illness Surveillance System (HABISS). HABISS data surveillance was previously covered under OMB Control No. 0920-0004. Previous Harmful Algal Bloom (HAB) surveillance under HABISS ceased due to defunding. NCEZID is now managing the HAB surveillance module. Surveillance through HABISS is now a priority within NCEZID due to the Great Lakes Restorative Initiative.

The goal of the Harmful Algal Bloom-related Illness Surveillance System (HABISS) is to receive data on harmful algal blooms (HABs) and human and animal illnesses related to HAB exposures. Data reported to HABISS will be accessible to state health departments, federal partners and other stakeholders to better characterize HABs and single human and animal illness related to HAB exposures and to inform future prevention efforts.

Data will be collected electronically, with data elements collected via the National Outbreak Reporting System (NORS). Single human and animal illnesses related to HAB exposures, and environmental data about HABs will be voluntarily reported by state agencies. The data collected will be analyzed and presented through summaries and reports.

The total burden is 57 hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
State Epidemiologists	Harmful Algal Bloom Illness Surveillance System (HABISS) data elements (electronic, year-round).	57	3	20/60

Leroy A. Richardson,

Chief, Information Collection Review Office,
Office of Scientific Integrity, Office of the
Associate Director for Science, Office of the
Director, Centers for Disease Control and
Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Accomplishments of the
Domestic Violence Hotline, Online
Connections and Text (ADVHOCaT)
Study.

OMB No.: New Collection.

Description: The National Domestic
Violence Hotline (NDVH) and the
National Dating Abuse Helpline or
loveisrespect (NDAH/LIR), which are
supported by the Family Violence
Prevention and Services Act Program
(FVPSA Program) within the Family and
Youth Services Bureau (FYSB) of the
Administration for Children and
Families (ACF), U.S. Department of
Health and Human Services (HHS),
serve as partners in the intervention,
prevention, and resource assistance
efforts of the network of family violence,
domestic violence, and dating violence
service providers.

In order to describe the activities and
accomplishments of the NDVH and
NDAH/LIR and develop potential new
or revised performance measures, the
Office of Planning, Research and
Evaluation (OPRE) and FYSB's FVPSA
Program, within ACF/HHS are
proposing data collection activity as

part of the Accomplishments of the
Domestic Violence Hotline, Online
Connections and Text (ADVHOCaT)
Study.

This study will primarily analyze data
previously collected by the NDVH and
NDAH/LIR as part of their ongoing
program activities and monitoring. ACF
proposes to collect additional
information, including information
about the preferred mode (phone, chat,
text), ease of use, and perceived privacy
and safety of each mode of contact.

This data is to be collected through
voluntary web-based surveys that are to
be completed by those who access the
NDVH and NDAH/LIR Web sites. This
information will be critical to informing
future efforts to monitor and improve
the performance of domestic violence
hotlines and provide hotline services.

Respondents: Individuals who access
the NDVH and NDAH/LIR Web sites.

ANNUAL BURDEN ESTIMATES

Instrument	Total/annual number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
NDVH/LIR Preference of Use Survey.	5,000	1	0.041 hours (150 seconds)	205 hours.

Estimated Total Annual Burden
Hours: 205 hours.

Additional Information: Copies of the
proposed collection may be obtained by
writing to the Administration for
Children and Families, Office of
Planning, Research and Evaluation, 370
L'Enfant Promenade SW., Washington,
DC 20447, Attn: OPRE Reports
Clearance Officer. All requests should
be identified by the title of the
information collection. Email address:
OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to
make a decision concerning the
collection of information between 30
and 60 days after publication of this
document in the **Federal Register**.
Therefore, a comment is best assured of
having its full effect if OMB receives it
within 30 days of publication. Written
comments and recommendations for the

proposed information collection should
be sent directly to the following:

Office of Management and Budget
Paperwork Reduction Project
Email: OIRA_SUBMISSION@OMB.EOP.GOV

Attn: Desk Officer for the Administration
for Children and Families

Robert Sargis,

ACF Reports Clearance Officer.
