Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically *via* ACCESS. An electronically filed hearing request must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon issuance of the final results, the Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries covered by this review. If we continue to rely on facts available to establish Dubai Wire's and Precision's weighted-average dumping margins, we will instruct CBP to apply an *ad valorem* assessment rates of 18.13 percent and 184.41 percent,

respectively, to all entries of subject merchandise during the POR which were produced and/or exported by Dubai Wire and Precision, respectively, in accordance with 19 CFR 351.212(b)(1).

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of nails from the UAE entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for Dubai Wire and Precision will be the rates established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the manufacturer of the merchandise for the most recently completed segment of this proceeding; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.30 percent.⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1).

Dated: February 2, 2015.

Paul Piguado,

Assistant Secretary for Enforcement and Compliance.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of initiation of 5-year reviews; request for information.

SUMMARY: We, NMFS, announce 5-year reviews of 32 species listed under the Endangered Species Act of 1973, as amended (ESA): 17 evolutionarily significant units (ESUs) of Pacific salmon (*Oncorhynchus spp.*); 11 distinct population segments (DPSs) of steelhead (*Oncorhynchus mykiss*); the Puget Sound/Georgia Basin DPSs of yelloweye rockfish (*Sebastes ruberrimus*), canary rockfish (*S. pinniger*), and bocaccio rockfish (*S. paucispinis*); and the southern DPS of eulachon (*Thaleichthys pacificus*). The purpose of these reviews is to ensure the accuracy of the listing classifications of these threatened and endangered species. The 5-year reviews will be based on the best scientific and commercial data available at the time of the reviews; therefore, we request submission of any such information on these ESUs and DPSs that has become available since the original listing determinations, or since the species' status was last updated. Based on the results of these 5-year reviews, we will make the requisite determinations under the ESA.

DATES: To allow us adequate time to conduct these reviews, we must receive your information no later than May 7, 2015. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: You may submit information on this document, identified by NOAA–NMFS–2015–0021, by any of the following methods:
