The areas described aggregate 6,072 acres of public lands in Kern County.

The use of a right-of-way, interagency agreement, or cooperative agreement would not segregate the lands from further mining claim filings or from other conflicting uses.

There are no suitable alternative sites as the California Desert Protection Act of 1994 mandates that the area be conveyed to the State of California.

No additional water rights will be required to fulfill the purpose of the requested withdrawal extension.

For a period until June 14, 2016, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the California State Director of the BLM at the address in the **ADDRESSES** section. Comments, including names and street addresses of respondents, will be available for public review at the BLM California State Office, during regular business hours, 8:30 a.m. to 4:30 p.m. Monday through Friday, except Federal holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask the BLM in your comment to withhold your personal identifying information from public view, the BLM cannot guarantee that it will be able to do so.

Notice is hereby given that a public meeting in connection with the proposed withdrawal extension will be held at the Kerr McGee Center, 100 W. California Avenue, Ridgecrest, California, 93555 on April 28, 2016 from 6 to 8 p.m. The BLM will publish a notice of the time and place in at least one newspaper of general circulation no less than 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2310.4.
