

Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance

After notice of the petitions was published in the **Federal Register** and

on the Department's Web site, as required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioner has requested that the petition be withdrawn.

TA-W No.	Subject firm	Location	Impact date
90,236	Gamma North	Alden, NY.	
91,342	Hewlett Packard	East Pontiac, MI.	
91,379	Climax Portable Machine Tools Inc	Newberg, OR.	
91,387	Cameron International Corp.	Millbury, MA.	

The following determinations terminating investigations were issued in cases where these petitions were not filed in accordance with the requirements of 29 CFR 90.11. Every petition filed by workers must be signed

by at least three individuals of the petitioning worker group. Petitioners separated more than one year prior to the date of the petition cannot be covered under a certification of a petition under Section 223(b), and

therefore, may not be part of a petitioning worker group. For one or more of these reasons, these petitions were deemed invalid.

TA-W No.	Subject firm	Location	Impact date
91,405	Fairmont Supply Oil & Gas	Warren, PA.	
91,425	Universal Lighting Technologies	Los Indios, TX.	

The following determinations terminating investigations were issued because the petitioning groups of

workers are covered by active certifications. Consequently, further investigation in these cases would serve

no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

TA-W No.	Subject firm	Location	Impact date
85,090	Pixel Playground, Inc.	Woodland Hills, CA.	
85,556	Leased Workers from Optiscan, Inc., Honeywell International, Inc., Aerospace Order Management Division.	Tempe, AZ.	
86,044	Interfor Corporation NW Region—Tacomas, f/k/a Simpson Lumber Company, Almond and Associates and Optistaff, etc.	Tacoma, WA.	
90,100	Century Aluminum of West Virginia, Inc	Ravenswood, WV.	

The following determinations terminating investigations were issued

because the petitions are the subject of ongoing investigations under petitions

filed earlier covering the same petitioners.

TA-W No.	Subject firm	Location	Impact date
91,190	D+H USA Corporation, DH Corporation, Volt	Bothell, WA.	
91,293	RMI International	Ashland, KY.	
91,364	Atlas Medical Software	Calabasas, CA.	
91,391	Halliburton	Homer City, PA.	

I hereby certify that the aforementioned determinations were issued during the period of *February 8, 2016 through February 26, 2016*. These determinations are available on the Department's Web site www.tradeact/taa/taa_search_form.cfm under the searchable listing of determinations or by calling the Office of Trade Adjustment Assistance toll free at 888-365-6822.

Signed at Washington, DC, this 7th day of March, 2016.

Jessica R. Webster,
Certifying Officer, Office of Trade Adjustment Assistance.

SUMMARY: The Employment and Training Administration (ETA), U.S. Department of Labor (the Department), announces the availability of approximately \$30,250,000 in grant funds authorized by the Workforce Innovation and Opportunity Act (WIOA). The Department intends to award these grants to a combination of rural- and urban-serving organizations.

This Announcement solicits applications for Reentry Demonstration Projects for Young Adults. The purpose of these grants is to utilize evidence-based and informed interventions or new interventions that theory or research suggests are promising to improve employment outcomes of young adults between the ages of 18 to 24 who have been involved in the juvenile or adult justice system and who reside in high-poverty, high-crime communities.

The Department plans to award approximately seven grants of up to \$4,500,000 each to eligible applicants. All applicants must have the capacity to implement multi-site projects and may only submit one application in response to this FOA. These awards will have a 36-month period of performance which includes a planning period, period of operation, and follow-up period; the period of operation must be at least 24 months of the total period of performance. The anticipated start date is July 1, 2016.
