

relationship between the loan and Y's exempt activities. Accordingly, the loan is a program-related investment.

Example 18. X is a non-profit corporation that provides child care services in a low-income neighborhood, enabling many residents of the neighborhood to be gainfully employed. X meets the requirements of section 501(k) and is recognized as an organization described in section 501(c)(3). X's current child care facility has reached capacity and has a long waiting list. X has determined that the demand for its services warrants the construction of a new child care facility in the same neighborhood. X is unable to obtain a loan from conventional sources of funds including B, a commercial bank because of X's credit record. Pursuant to a deposit agreement, Y, a private foundation, deposits \$h in B, and B lends an identical amount to X to construct the new child care facility. The deposit agreement requires Y to keep \$h on deposit with B during the term of X's loan and provides that if X defaults on the loan, B may deduct the amount of the default from the deposit. To facilitate B's access to the funds in the event of default, the agreement requires that the funds be invested in instruments that allow B to access them readily. The deposit agreement also provides that Y will earn interest at a rate of t% on the deposit. The t% rate is substantially less than Y could otherwise earn on this sum of money, if Y invested it elsewhere. The loan agreement between B and X requires X to use the proceeds from the loan to construct the new child care facility. Y's primary purpose in making the deposit is to further its educational purposes by enabling X to provide child care services within the meaning of section 501(k). No significant purpose of the deposit involves the production of income or the appreciation of property. The deposit significantly furthers the accomplishment of Y's exempt activities and would not have been made but for such relationship between the deposit and Y's exempt activities. Accordingly, the deposit is a program-related investment.

Example 19. Assume the same facts as stated in *Example 18*, except that instead of making a deposit of \$h into B, Y enters into a guarantee agreement with B. The guarantee agreement provides that if X defaults on the loan, Y will repay the balance due on the loan to B. B was unwilling to make the loan to X in the absence of Y's guarantee. X must use the proceeds from the loan to construct the new child care facility. At the same time, X and Y enter into a reimbursement agreement whereby X agrees to reimburse Y for any and all amounts paid to B under the guarantee agreement. The signed guarantee and reimbursement agreements together constitute a "guarantee and reimbursement arrangement." Y's primary purpose in entering into the guarantee and reimbursement arrangement is to further Y's educational purposes. No significant purpose of the guarantee and reimbursement arrangement involves the production of income or the appreciation of property. The guarantee and reimbursement arrangement significantly furthers the accomplishment of Y's exempt activities and would not have

been made but for such relationship between the guarantee and reimbursement arrangement and Y's exempt activities. Accordingly, the guarantee and reimbursement arrangement is a program-related investment.

(c) *Effective/applicability date.* Paragraphs (a)(2)(ii) and (b), *Examples 11* through *19* of this section, apply on or after April 25, 2016.

Deputy Commissioner for Services and Enforcement.

§ 1704.4 MDR program feedback.

The ODNI welcomes suggestions for improving the administration of our MDR program in accordance with Executive Order 13526. Suggestions should identify the specific purpose and the items for consideration. The ODNI will respond to all communications and take such actions as determined feasible and appropriate.

§ 1704.5 Guidance.

Address all communications to the point of contact as specified in § 1704.3. Clearly describe, list, or label said communication as an MDR Request.

§ 1704.6 Exceptions.

MDR requests will not be accepted from a foreign government entity or any representative thereof. MDR requests will not be accepted for documents required to be submitted for prepublication review or other administrative process pursuant to an approved nondisclosure agreement; for information that is the subject of pending litigation; nor for any document or material containing information from within an operational file exempted from search and review, publication, and disclosure under the FOIA. If the ODNI has reviewed the requested information for declassification within the past two years, the ODNI will not conduct another review, but the D/IMD will

notify the requester of this fact and the prior review decision. Requests will not be accepted from requesters who have outstanding fees for MDR or FOIA requests with the ODNI or another federal agency.

1704.7 Requirements.

An MDR request shall describe the document or material containing the information with sufficient specificity to enable the ODNI to locate it with a reasonable amount of effort.

1704.8 Fees.

(a) *In general*. Any search, review, and reproduction fees will be charged in accordance with the provisions below relating to schedule, limitations, and category of requester. Applicable fees will be due even if a subsequent search locates no responsive records.

(b) *Agency discretion to waive fees*. Records will be furnished without charge or at a reduced rate when ODNI determines that:

(1) As a matter of administrative discretion, the interest of the United States Government would be served, or

(2) It is in the public interest to provide responsive records because the disclosure is likely to contribute significantly to the public understanding of the operations or activities of the United States Government and is not primarily in the commercial interest of the requester.

(c) *Agreement to pay fees*. If you request an MDR, it shall be considered a firm commitment by you to pay all applicable fees chargeable under this regulation, up to and including the amount of \$25.00. When making a request, you may specify a willingness to pay a greater or lesser amount.

(d) *Advance payment*. The ODNI may require an advance payment of up to 100 percent of the estimated fees when projected fees exceed \$250.00, not including charges associated with the first 100 pages of production and two hours of search (when applicable), or when the requester previously failed to pay fees in a timely fashion, for fees of any amount. ODNI will hold in abeyance for 45 days those requests where advance payment has been requested.

(e) *Schedule of fees*—(1) *In general*. The schedule of fees for services performed in responding to requests for records is as follows:

Personnel Search and Review

Clerical/Technical	Quarter Hour	\$ 5.00
Professional/Supervisory	Quarter Hour	10.00

Photocopy (standard or legal)	Per page10
Preprinted (if available)	Per 100 pages	5.00
Published (if available)	Per item	NTIS

(2) *Application of schedule.* Personnel search time includes time expended in manual paper records searches, indices searches, review of computer search results for relevance, and personal computer system searches. In any event in which the actual cost to ODNI of a particular item is less than the above schedule (e.g., a large production run of a document resulting in a cost less than \$5.00 per hundred pages), then the actual lesser cost will be charged.

(3) *Other services.* For all other types of output, production, or reproduction (e.g., photographs, maps, or published reports), ODNI will charge actual cost or amounts authorized by statute. Determinations of actual cost shall include the commercial cost of the media, the personnel time expended in making the item to be released, and an allocated cost of the equipment used in making the item, or, if the production is effected by a commercial service, then that charge shall be deemed the actual cost for purposes of this regulation.

(f) *Limitations on collection of fees—*
(1) *In general.* No fees will be charged if the cost of collecting the fee is equal to or greater than the fee itself. That cost includes the administrative costs to ODNI of billing, receiving, recording, and processing the fee for deposit to the Treasury Department and, as of the date of these regulations, is deemed to be \$10.00.

(g) *Associated requests.* If it appears that a requester or a group of requesters acting in concert have requested portions of an apparently unitary request for the purpose of avoiding the assessment of fees, ODNI may aggregate any such requests and charge accordingly. Requests from multiple requesters will not be aggregated

without clear evidence. ODNI will not aggregate multiple unrelated requests.

1704.9 Determination by originator or interested party.

(a) *In general.* The originating element(s) of the classified information (document) is always an interested party to any mandatory declassification review. Other interested parties may become involved through a referral by the D/IMD when it is determined that some or all of the information is also within their official cognizance.

(b) *Required determinations:* These parties shall respond in writing to the D/IMD with a finding as to the classified status of the information, including the category of protected information as set forth in section 1.4 of the Order, and if older than ten years, the basis for the extension of classification time under sections 1.5 and 3.3 of the Order. These parties shall also indicate whether withholding is otherwise authorized and warranted in accordance with sections 3.5(c) and 6.2(d) of the Order.

(c) *Time.* Responses to the requester shall be provided on a first-in/first-out basis, taking into account the business requirements of the originating element(s) and other interested parties, and, in accordance with Executive Order 13526, ODNI will respond to requesters within one year of the receipt of requests.

(d) *Deciding official.* The IMD FOIA Branch Chief, in consultation with the D/IMD and the Classification Management Branch Chief, will ordinarily be the deciding official on initial reviews of MDR requests to the ODNI.

1704.10 Appeals.

(a) *Administrative.* Appeals of initial decisions must be received in writing by the D/IMD within 60 days of the date of mailing of the ODNI's decision. The appeal must identify with specificity the documents or information to be considered on appeal and it may, but need not, provide a factual or legal basis for the appeal.

(1) *Exceptions.* No appeal shall be accepted from a foreign government entity or any representative thereof. Appeals will not be accepted for documents required to be submitted for prepublication review or other administrative process pursuant to an approved nondisclosure agreement; for information that is the subject of pending litigation; nor for any document or material containing information from within an operational file exempted from search and review, publication, and disclosure under the FOIA. No appeals shall be accepted if the requester has outstanding fees for information services at ODNI or another federal agency. In addition, no appeal shall be accepted if the information in question has been the subject of a declassification review within the previous two years.

(2) *Receipt, recording, and tasking.* The D/IMD will record each appeal received under this part and acknowledge receipt to the requester.

(3) *Appellate authority.* The ODNI Chief Management Officer (CMO), after consultation with all interested parties or ODNI component organizations, as well as the Office of General Counsel, will make a final determination on the appeal within 60 days.

(b) *Final appeal.* The D/IMD will prepare and communicate the ODNI

administrative appeal decision to the requester, NARA, Presidential library, and referring agency, as appropriate. Correspondence will include a notice, if applicable, that a further appeal of ODNI's final decision may be made to the Interagency Security Classification Appeals Panel (ISCAP) established pursuant to section 5.3 of Executive Order 13526. Action by that Panel will be the subject of rules to be promulgated by the Information Security Oversight Office.

This deviation allows the bridge to remain in the closed-to-navigation position for approximately 6 days spanning a 2-week period.

DATES: This deviation is effective from May 31, 2016 through June 9, 2016.

ADDRESSES: The docket for this deviation, (USCG-2016-0196) is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

The US 165 (Jackson Street) Drawbridge currently operates in accordance with 33 CFR 117.491(b).

The US 165 (Jackson Street) Drawbridge provides a vertical clearance of 40.0 feet above normal pool in the closed-to-navigation position. Navigation on the waterway consists primarily of commercial tows and recreational watercraft and will not be significantly impacted. This temporary deviation has been coordinated with waterway users. No objections were received.

The bridge will not be able to open for emergencies and there are no alternate routes for vessels transiting this section of the Red River. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so the vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
