The United States, on behalf of the U.S. Environmental Protection Agency ("EPA"), and the State of Tennessee, on behalf of the Tennessee Department of Environment and Conservation ("TDEC"), filed this lawsuit under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The complaint requests performance of response actions to address Operable Units 3 and 5 of the Copper Basin Mining District Superfund Site in Polk County, Tennessee, recovery of costs that the United States has incurred responding to releases of hazardous substances at the site, and recovery of costs that the United States and the State of Tennessee will incur overseeing implementation of the remedies at Operable Units 3 and 5 at the site.

The proposed consent decrees would resolve the claims alleged in the complaint and provides for implementation of remedies at Operable Units 3 and 5 that EPA and TDEC will oversee. The proposed Operable Unit 3 consent decree requires OXY USA Inc. to implement the remedy selected by EPA for Operable Unit 3, pay EPA \$10,779,509 in unreimbursed response costs at the site, and to pay future response costs incurred by EPA and TDEC at Operable Unit 3. The proposed Operable Unit 3 consent decree also includes the United States Departments of the Army, Commerce, and Defense as settling federal agencies as the successor to the former federal government owner and operator of the site, and provides that the United States, on behalf of those agencies, will reimburse OXY USA Inc. for a portion of its costs incurred at the site.

The proposed Operable Unit 5 consent decree requires OXY USA Inc. to implement the remedy selected by EPA for Operable Unit 5, and to pay future response costs incurred by EPA and TDEC at Operable Unit 5. The proposed Operable Unit 5 consent decree also includes the Tennessee Valley Authority as an implementing federal agency that will participate in the implementation of the remedial action selected by EPA.
