SUPPLEMENTARY INFORMATION:

A. Purpose

The Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001-11050) and the Pollution Prevention Act of 1990 (PPA), (42 U.S.C. 13101-13109); and Executive Order 13693, Planning for Federal Sustainability in the Next Decade, dated March 25, 2015, require that Federal facilities maintain reports on hazardous materials and toxic chemicals and pollution prevention efforts. In keeping with this mandate, Federal contractors performing at a Federal facility must provide sufficient information to the Federal Government to ensure that the facility is compliant with the E.O., PPA, and EPCRA. This information collection is carried out by means of Federal Acquisition Regulation (FAR) clause 52.223-5, Pollution Prevention and Right-To-Know Information.

B. Annual Reporting Burden

Number of Respondents: 3,035.
Responses per Respondent: 1.6.
Total Annual Responses: 4,713.
Hours per Response: 3.7.
Estimated Total Burden Hours: 17,498.

Needs and uses: This information collection supports the Government's need to collect from contractors the information needed to assure that Federal facilities are compliant with the Emergency Planning and Community right-to-Know Act of 1985, (42 U.S.C. 11001-11050), the Pollution Prevention Act of 1990, (42 U.S.C. 13101-13109), and Executive Order 13693, Planning for Federal Sustainability in the Next Decade, dated March 25, 2015.

Affected Public: Businesses or other-for-profit entities and not-for-profit institutions.

Frequency: On occasion.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the Federal Acquisition Regulations (FAR), and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202-501-4755. [CMS-3333-N]

Medicare Program; Announcement of Requirements and Registration for the MIPS Mobile Challenge

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice.

SUMMARY: This notice launches a challenge related to the new Merit-based Incentive Payment System (MIPS) program, which will assist the Centers for Medicare & Medicaid Services (CMS) in accelerating the transition from the traditional fee-for-service payment model to a system that rewards health care providers for giving better care, not

just more care. This challenge will address one of the most important aspects of our programs, which is educating and providing outreach to the potential 1.2 million MIPS eligible clinicians.

DATES: Important dates concerning the Challenge include the following:

MIPS Mobile Challenge: To be announced on www.challenge.gov and opened for submissions in <https://jira.oncprojecttracking.org>, April 25, 2016.

Deadline for Phase I Submissions: July 15, 2016.

HHS announces top three-five challenge applicants and launches Phase II. Applicants that did not win Phase I will be permitted to compete for Phase II: July 30, 2016.

Deadline for Phase II Submissions: September 30, 2016.

HHS announces grand prize winner: October 15, 2016 (tentative).

SUPPLEMENTARY INFORMATION:

I. Background

The Medicare Access and CHIP Reauthorization Act of 2015 (Pub. L. 114-10, enacted April 16, 2015) (MACRA) requires the Secretary to establish a new Merit-based Incentive Payment System (MIPS) program, which will assist the Centers for Medicare & Medicaid Services (CMS) in accelerating the transition from the traditional fee-for-service payment model to a system that rewards health care providers for value rather than volume of services provided. The MIPS program combines parts of the Physician Quality Reporting System, the Value Modifier (VM or Value-based Payment Modifier), and the Medicare Electronic Health Record (EHR) Incentive Program into one single program that assesses the performance of MIPS eligible clinicians based on four performance categories: (1) Quality, (2) Resource use, (3) Clinical practice improvement activities, and (4) Meaningful use of certified EHR technology. This program has the potential of impacting 1.2 million MIPS clinicians.

One of the most important aspects and challenges of our program is educating and providing outreach to the potential 1.2 million MIPS clinicians. Feedback we have received from our customers/end users is that they want more real-time information and access to assistance so they can successfully report to our programs. Therefore, we

are launching a MIPS mobile challenge to find innovative ways of improving communication to educate physicians, support staff, health organization leadership, data vendors, and others impacted parties. Due to the multiple user types and facets of the MIPS program we are looking at utilizing a mobile platform, which could be a mobile site or application to determine how to best keep our customers/end users informed and meet their specific needs. We also want to provide the capability to access assistance to help MIPS clinicians learn and get help with specific areas. This challenge has the potential to make a significant impact as not only are there 1.2 million MIPS clinicians but also millions of people who support the success of these MIPS clinicians. Having key information and access to the right support at the right time reduces burden and provides increased satisfaction for the MIPS clinicians and their supporting entities. The challenge will run in the two phases listed below in this section. Phase I participants can move onto phase II even if their phase I design was not selected. The focus of the two phases are as follows:

- Phase I: Creation of an initial mobile platform that will feature innovative ways of transmitting educational materials or fostering collaboration amongst users to provide meaningful education. This will entail creating wireframes, storyboards, mobile screen mock-ups and initial usability testing focused on the design and user experience. In addition, participants will co-design with users to understand their needs to influence their submission.

- Phase II: Development and functional integration of any features from Phase I, and user experience testing. During this phase, the participants must submit the object and source code, as well as a detailed description showing that the output meets section 508 compliance per the Rehabilitation Act of 1973 (29 U.S.C. 794d), as amended by the Workforce Investment Act of 1998 (Pub. L. 105-220, enacted August 7, 1998) (WIA) including at least instructions on how to install and operate, and system requirements for running the mobile platform. Participants may submit, as part of the submission, additional software documentation, if they believe it provides a more complete description of the mobile platforms.
