Notice of Inventory Completion: University of Alabama Museums, Tuscaloosa, AL

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The University of Alabama Museums has completed an inventory of human remains and associated funerary objects in consultation with the appropriate Indian tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and associated funerary objects and a present-day Indian tribe. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to the University of Alabama Museums. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the Indian tribe stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to the University of Alabama Museums at the address in this notice by August 15, 2016.

ADDRESSES: Dr. Bill Bomar, Executive Director, University of Alabama Museums, Box 870340, Tuscaloosa, AL 35487, telephone (205) 348-7552.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated

funerary objects under the control of the University of Alabama Museums, Tuscaloosa, AL. The human remains and associated funerary objects were removed from an undocumented bluff shelter along the Warrior River in Blount County, AL.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the University of Alabama Museums professional staff in consultation with the Choctaw Nation of Oklahoma. On October 21, 2015, an updated inventory was sent to the Absentee-Shawnee Tribe of Indians of Oklahoma, Alabama-Coushatta Tribe of Texas (previously listed as the Alabama Coushatta Tribes of Texas), Alabama-Quassarte Tribal Town, Cherokee Nation, Coushatta Tribe of Louisiana, Eastern Band of the Cherokee Indians, Eastern Shawnee Tribe of Oklahoma, Kialegee Tribal Town, Mississippi Band of Choctaw Indians, Poarch Band of Creeks (previously listed as the Parch Band of Creek Indians of Alabama), Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)), The Chickasaw Nation, The Choctaw Nation of Oklahoma, The Muscogee (Creek) Nation, The Seminole Nation of Oklahoma, Thlopthlocco Tribal Town, Tunica-Biloxi Indian Tribe, and the United Keetoowah Band of the Cherokee Indians in Oklahoma.

History and Description of the Remains

In late 1963, the University of Alabama Museums was contacted regarding human remains representing a minimum of one individual removed from an unknown site in Blount County, AL, near the US 31 bridge over the Warrior River. There is a letter on file referencing these human remains, dated November 19, 1963. At an unknown date after November 1963, these human remains were donated to The University of Alabama Museums by Mr. Ferril Goodwin, Sumiton, AL. No known individuals were identified. These human remains were included in a NAGPRA inventory (Human Remains ID 3925 in Unaffiliated Remains: Part 5, Warrior River Survey Project

Collection). At a later date, associated artifacts were identified in the collection, along with a note linking the artifacts to the human remains. The two associated funerary objects are fragments of 1 large, rectangular woven cane basket and 4 fragments of an unidentified wooden object. Based on the style and technology of the basket, the University of Alabama Museums believe the likely cultural affiliation of the human remains is Choctaw.

Determinations Made by the University of Alabama Museums

Officials of the University of Alabama Museums have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the two objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects to The Choctaw Nation of Oklahoma.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Dr. Bill Bomar, Executive Director, University of Alabama Museums, Box 870340, Tuscaloosa, AL 35487, telephone (205) 348-7552, by August 15, 2016. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to The Choctaw Nation of Oklahoma may proceed.

The University of Alabama Museums is responsible for notifying to the Absentee-Shawnee Tribe of Indians of Oklahoma, Alabama-Coushatta Tribe of Texas (previously listed as the Alabama Coushatta Tribes of Texas), Alabama-Quassarte Tribal Town, Cherokee Nation, Coushatta Tribe of Louisiana, Eastern Band of the Cherokee Indians, Eastern Shawnee Tribe of Oklahoma, Kialegee Tribal Town, Mississippi Band of Choctaw Indians, Poarch Band of Creeks (previously listed as the Parch Band of Creek Indians of Alabama), Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton,

Hollywood & Tampa Reservations)), The Chickasaw Nation, The Choctaw Nation of Oklahoma, The Muscogee (Creek) Nation, The Seminole Nation of Oklahoma, Thlopthlocco Tribal Town, Tunica-Biloxi Indian Tribe, and the United Keetoowah Band of the Cherokee Indians in Oklahoma that this notice has been published.

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation intends to seek approval of the following proposed information collection: Collection and Compilation of Water Pipeline Field Performance Data. Before submitting the information collection request to the Office of Management and Budget for approval, the Bureau of Reclamation is soliciting public comments on this information collection.

DATES: Submit written comments on the information collection on or before September 12, 2016.

ADDRESSES: Send all written comments to Dr. Lee Sears, Materials and Corrosion Laboratory, 86-68540, Bureau of Reclamation, P.O. Box 25007, Denver, Colorado 80225; or via email to lsears@usbr.gov.

FOR FURTHER INFORMATION CONTACT: To request more information on this information collection, please contact Dr. Lee Sears at 303-445-2392.

SUPPLEMENTARY INFORMATION:

I. Abstract and Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Bureau of Reclamation (Reclamation) has obtained the services of an outside entity to collect data on water pipelines. The information requested is required to comply with a request from Congress for Reclamation to assemble data on pipeline reliability for specific types of pipes.

A **Federal Register** notice announcing the collection of this information was initiated on February 26, 2014 (79 FR 10842), offering the public a 60-day public comment period. A summary of comments received during the 60-day comment period, disposition of comments, and revised information collection were published in the **Federal Register** on October 1, 2014 (79 FR 59291), and the public comment period was reopened for another 30 days. In response to the public's request for additional time to comment, a third notice was published in the **Federal Register** on October 30, 2014 (79 FR 64622), extending the comment period another 30 days. In total, the public was provided 120 days to comment on the ICR. Also at the public's request, all draft supporting documents were made available to the public for consideration.

The contract with Reclamation's previous partners, Battelle and Water Research Foundation, was terminated in July 2015. Reclamation has now obtained the services of Virginia Tech to develop a new survey to collect and assemble data on pipeline reliability.

II. Data

Estimated Number of Responses per Respondent: 1.

Estimated Total of Annual Responses: 310.

Estimated Total Annual Burden Hours on Respondents: 100 hours (making participation decision); 155 hours (introductory webinar); and 568 hours (uploading data), for a combined total of 823 hours.

III. Request for Comments

We invite your comments on:

(a) Whether the proposed collection of information is necessary for the proper performance of our functions, including whether the information will have practical use;

(b) the accuracy of our burden estimate for the proposed collection of information;

(c) ways to enhance the quality, usefulness, and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

We will summarize all comments received regarding this notice. We will publish that summary in the **Federal Register** when the information collection request is submitted to OMB for review and approval.

IV. Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-562 and 731-TA-1329 (Preliminary)]

Ammonium Sulfate From China; Determinations

On the basis of the record developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of ammonium sulfate from China, provided for in subheading 3102.21.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the government of China and sold in the United States at less than fair value ("LTFV").

Commencement of Final Phase Investigations

Pursuant to § 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be
