SUPPLEMENTARY INFORMATION:

(1) PBGC Is Proposing To Revise the Categories of Individuals Covered by the System for PBGC-6

PBGC is proposing to revise the Categories of Individuals Covered by the System for PBGC-6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)). The section titled Categories of Individuals Covered by the System currently reads, "Participants, alternate payees, and beneficiaries in terminating and terminated pension plans covered ERISA."

Sometimes individuals who believe that they may be owed benefits from PBGC contact PBGC to inquire about these benefits, and sometimes it is determined that such an individual is not owed any benefit (for reasons such as the individual already received a lump-sum payment or was not a participant in any terminated pension plans for which PBGC is the trustee). Because these individuals are not participants, alternate payees, or beneficiaries, they are not covered by PBGC-6 as it is currently written. This limits PBGC's recordkeeping abilities.

As such, PBGC is proposing to add, "and other individuals who contact PBGC regarding benefits they may be owed from PBGC," to the end of the current language in the Categories of Individuals Covered by the System. The amended language clarifies that PBGC may also collect information about individuals who are not participants or beneficiaries in a PBGC-trusted plan for the purpose of determining whether they are owed a benefit from PBGC.

(2) PBGC Is Proposing To Revise the Categories of Records in the System for PBGC-6.

PBGC is proposing to revise the Categories of Records in the System for PBGC-6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

Categories of Records in the System currently reads, "Names; addresses; telephone numbers; sex; social security numbers and other Social Security Administration information; dates of birth; dates of hire; salary; marital status; domestic relations orders; time of plan participation; eligibility status; pay status; benefit data, including records of benefit payments made to participants, alternate payees, and beneficiaries in terminating and terminated pension plans covered by ERISA; health-related information; powers of attorney; insurance information where plan benefits are provided by private insurers; pension plan names and numbers; initial and final PBGC determinations (see 29 CFR 4003.21 and
