Aircraft Service International Group, Inc., American Airlines, Inc., Delta Air Lines, Inc., Hookers Point Fuel Facilities LLC, Southwest Airlines Co., United Aviation Fuels Corporation, United Parcel Service, Inc. v. Central Florida Pipeline LLC, Kinder Morgan Liquid Terminals LLC; Notice of Complaint

Take notice that on September 16, 2016, pursuant to Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, section 343.2 of the Commission's Rules Applicable to Oil Pipeline Proceedings, 18 CFR 343.2 (2016), and sections 1, 6, 8, 9, 13, 15, and 16 of the Interstate Commerce Act (ICA), 49 U.S.C. app. §§ 1, 6, 8, 9, 13, 15, & 16 (1988), Aircraft Service International Group, Inc., American Airlines, Inc., Delta Air Lines, Inc., Hookers Point Fuel Facilities LLC, Southwest Airlines Co., United Aviation Fuels Corporation, and United Parcel Service, Inc. (Complainants) filed a formal complaint against Central Florida Pipeline LLC (CFPL) and Kinder Morgan Liquid Terminals LLC (KMLT) (Respondents) alleging that CFPL has unlawfully provided for physical transportation of jet fuel in interstate commerce on its pipeline without filing a tariff with the Commission in violation of ICA § 6(1) and KMLT has unlawfully provided untariffed FERC jurisdictional break out tankage service at its liquids terminal in Tampa, Florida (KMLT Tampa Terminal) in violation of ICA § 6(1). Complainants further allege that the rates charged by CFPL for the transportation of jet fuel from Tampa, Florida to the Orlando Terminal and the ASIG Terminal at Orlando International Airport in Orlando, Florida are not just and reasonable, as more fully explained in the complaint.

Complainants certify that copies of the complaint were served upon (1) the corporate representative identified in CFPL's March 1, 2016 letter to shippers establishing the currently effective tariff rates on CFPL, Meredith West, as CFPL has not designated a person on the Commission's Corporate Officials List as representing CFPL in this action, and (2) Mark Evans and Jeff Hulbert, representatives identified on Kinder Morgan's Web site as responsible for Central Florida Pipeline and Southeast Terminals and Products Pipelines Tariffs, respectively.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. I. General Information

A. What should I consider as I prepare my comments for the EPA?

1. *Submitting CBI.* Do not submit this information to the EPA through www.regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI

information in a disk or CD-ROM that you mail to the EPA docket office, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 Code of Federal Regulations (CFR) part 2.

2. *Tips for Preparing your Comments.* When submitting comments, remember to:

- Identify the notification by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a CFR part or section number.
- Explain why you agree or disagree; suggest alternatives and substitute language/data for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- Provide specific examples to illustrate your concerns, and suggest alternatives.
- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- Make sure to submit your comments by the comment period deadline identified.

II. Information Available for Public Comment

The EPA is requesting comment on three updated chapters of the EPA Air Pollution Control Cost Manual. The Control Cost Manual contains individual chapters on control measures, including data and equations to aid users in estimating capital costs for installation and annual costs for operation and maintenance of these measures. The Control Cost Manual is used by the EPA for estimating the impacts of rulemakings, and serves as a basis for sources to estimate costs of controls that are Best Available Control Technology under the New Source Review Program, and Best Available Retrofit Technology under the Regional Haze Program and for other programs.
