Title of Collection: Application for Borrower Defense to Loan Repayment Form.

OMB Control Number: 1845-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individual or Households.

Total Estimated Number of Annual Responses: 10,000.

Total Estimated Number of Annual Burden Hours: 10,000.

Abstract: The Department of Education (the Department) requests approval of this new collection of an Application for Borrower Defense to Loan Repayment form ("Universal Borrower Defense Form") to ensure that all borrowers have a consistent platform to petition for relief, and to facilitate the Department's receipt of clear and complete information necessary to process applications efficiently. This form will facilitate processing claims from student borrowers who believe that they have a Borrower Defense claim regarding their Federal Loans. The form will provide borrowers with an easily accessible and clear method to provide the information necessary for the Department to review and process claim applications efficiently. The Universal Borrower Defense Form will set forth examples of the types of activities that could form the basis of borrowers' claims for Borrower Defense relief. A successful Borrower Defense claim would provide a full or partial discharge of a borrower's loans, as well as reimbursement of amounts previously paid (if appropriate).

Abstract: The National Teacher and Principal Survey (NTPS), conducted biennially by the National Center for Education Statistics (NCES), is a system of related questionnaires that provides descriptive data on the context of elementary and secondary education. Redesigned from the Schools and Staffing Survey (SASS) with a focus on flexibility, timeliness, and integration with other ED data, the NTPS system allows for school, principal, and teacher characteristics to be analyzed in relation to one another. NTPS is an in-depth, nationally representative survey of first through twelfth grade public school teachers, principals, and schools. Kindergarten teachers in schools with at least a first grade are also surveyed. NTPS utilizes core content and a series of rotating modules to allow timely collection of important education trends as well as trend analysis. Topics covered include characteristics of teachers, principals, schools, teacher training opportunities, retention, retirement, hiring, and shortages. This
