

Evening Scoping Meeting

Date: Wednesday, October 26, 2016.

Time: 6:00 p.m.

Location: Embassy Suites by Hilton Valencia, 28508 Westinghouse Place, Valencia, CA, 91355.

Phone: (661) 257-3111.

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

The potential applicant and Commission staff will conduct an Environmental Site Review (site visit) of the project on Wednesday October 25, 2016, starting at 9:00 a.m. and ending at or about 3:00 p.m. All participants should meet at Vista Del Lago Visitor's Center, located at 38500 Vista Del Lago Road, Gorman, California. Participants are responsible for their own transportation. Persons planning on participating in the site visit, or with questions about it, should contact Ms. Gwen Sholl of California Department of Water Resources at (916) 557-4554 or Gwen.Scholl@water.ca.gov on or before October 14, 2016.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings.

Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will be placed in the public records of the project.

Dated: September 30, 2016.

Kimberly D. Bose,

Secretary.

Information Session; Implementation of the Water Infrastructure Finance and Innovation Act of 2014

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is announcing plans to hold information sessions on: October 14, 2016 in Chicago, Illinois; October 20, 2016 in Orlando, Florida; November 7, 2016 in New York, New York; November 14, 2016 in San Francisco, California; November 15, 2016 in Los Angeles, California; and November 18, 2016 in Dallas, Texas.

The purpose of these sessions is to provide potential applicants with information about the implementation of the "Water Infrastructure Finance and Innovation Act of 2014" (WIFIA).

Under WIFIA, EPA will provide loans and loan guarantees for water infrastructure of national or regional significance. It was signed into law on June 11, 2014 as Public Law 113-121. EPA will provide an overview of the program's statutory and eligibility requirements, application and selection process, and creditworthiness assessment. It will also discuss examples of the potential cost-savings that WIFIA credit assistance could have for projects. The intended audience is potential WIFIA applicants including municipal entities, corporations, partnerships, and State Revolving Fund programs, as well as the private and

non-governmental organizations that support potential applicants.

DATES: The session in Chicago, Illinois will be held on October 14, 2016 from 9:00 a.m.–3:30 p.m. (CT). The session in Orlando, Florida will be held on October 20, 2016 from 9:00 a.m.–3:30 p.m. (ET). The session in New York, New York will be held on November 7, 2016 from 9:00 a.m.–3:30 p.m. (ET). The session in San Francisco, California will be held on November 14, 2016 from 9:00 a.m.–3:30 p.m. (PT). The session in Los Angeles, California will be held on November 15, 2016 from 9:00 a.m.–3:30 p.m. (PT). The session in Dallas, Texas will be held on November 18, 2016 from 9:00 a.m.–3:30 p.m. (CT).

ADDRESSES: The session in Chicago will be held at: Ralph H. Metcalfe Federal Building, Room 328, 77 West Jackson Boulevard, Chicago, Illinois 60604. The session in Orlando will be held at: Orange County Utilities Administration Building, 1st Floor Public Meeting Room, 9150 Curry Ford Road, Orlando, Florida 32825. The session in New York will be held at: EPA Region 2, 290 Broadway, New York, New York 10007. The session in San Francisco will be held at: EPA Region 9, 75 Hawthorne St., San Francisco, California 94105. The session in Los Angeles will be held at: Los Angeles Federal Building, Room E, 300 North Los Angeles Street, Los Angeles, California 90012. The session in Dallas will be held at: EPA Region 6, Fountain Place, 1445 Ross Ave., Dallas, Texas 75202.

TO REGISTER: Please register at the following link: <http://wifia.questionpro.com/>.

FOR FURTHER INFORMATION CONTACT: For further information about this notice, including registration information, contact Karen Fligger, EPA Headquarters, Office of Water, Office of Wastewater Management at tel.: 202–564–2992; or email: WIFIA@epa.gov. Members of the public are invited to participate in the session as capacity allows.

Authority: Water Infrastructure Finance and Innovation Act, Public Law 113–121.

Dated: September 30, 2016.

Andrew D. Sawyers,

Director, Office of Wastewater Management.

Draft General Permit Under the Federal Indian Country Minor New Source Review Program

AGENCY: United States Environmental Protection Agency (EPA).

ACTION: Notice of draft permit.

SUMMARY: The Environmental Protection Agency (EPA) Region 9 provides notice of, and requests public comment on, the EPA's draft general permit for use in Indian country within California pursuant to the Clean Air Act (CAA) Federal Indian Country Minor New Source Review (NSR) program for new and modified minor sources. The draft general permit is for a single source category, gasoline dispensing facilities (GDFs), and would be available in certain areas of Indian country that are within the geographical boundaries of California. This includes areas located in an Indian reservation or in another area of Indian country over which an Indian tribe, or the EPA, has demonstrated that the tribe has jurisdiction and where there is no EPA-approved minor NSR program in place. The EPA is proposing this general permit as an option for CAA minor NSR preconstruction permitting to help streamline the EPA's permitting of certain minor sources that construct or modify in Indian country and belong to the GDF source category.

DATES: Comments will be accepted until November 30, 2016.

ADDRESSES: Documents relevant to the above-referenced permit are available for public inspection during normal business hours at the following address: U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105–3901. To arrange for viewing of these documents, call Lisa Beckham at (415) 972–3811. Due to building security procedures, at least 24 hours advance notice is required.

FOR FURTHER INFORMATION CONTACT: Lisa Beckham, EPA Region 9, (415) 972–3811, beckham.lisa@epa.gov. Key portions of the administrative record for this decision are available through a link at Region 9's Web site, <https://www.epa.gov/caa-permitting/california-tribal-gasoline-permits>, or at www.regulations.gov (Docket ID # EPA–R09–OAR–2016–0580).

SUPPLEMENTARY INFORMATION:

Proposed Action

The United States Environmental Protection Agency, Region 9 (EPA) provides notice of, and requests public comment on, the EPA's draft general permit for use in Indian country within California pursuant to the Clean Air Act (CAA) Federal Indian Country Minor New Source Review (NSR) program for new and modified minor sources at 40 CFR 49.151 through 49.161. The draft general permit is for a single source category, gasoline dispensing facilities (GDFs), and would be available in certain areas of Indian country that are within the geographical boundaries of California. This includes areas located in an Indian reservation or in another area of Indian country (as defined in 18 U.S.C. 1151) over which an Indian tribe, or the EPA, has demonstrated that the tribe has jurisdiction and where there is no EPA-approved minor NSR program in place. The EPA is proposing this general permit as an option for CAA minor NSR preconstruction permitting to help streamline the EPA's permitting of certain minor sources that construct or modify in Indian country and belong to the GDF source category.

A gasoline dispensing facility, or GDF, is any stationary source, such as a gas station, that dispenses gasoline into the fuel tank of a motor vehicle, motor vehicle engine, nonroad vehicle or nonroad engine. Types of GDFs potentially subject to this general permit include, but are not limited to, facilities that dispense gasoline into on- and off-road, street, or highway motor vehicles, lawn equipment, boats, test engines, landscaping equipment, generators, pumps, and other gasoline-fueled engines and equipment. New or modified GDF sources with the potential to emit regulated NSR pollutants over thresholds specified in the Federal Indian Country Minor NSR program regulations at 40 CFR 49.153, and located within the geographic boundaries of California and on an Indian reservation or in another area of Indian country over which an Indian tribe or the EPA has demonstrated that the tribe has jurisdiction, are currently subject to permitting requirements under this EPA minor NSR program.

The general permit that is the subject of this notice is intended to provide a streamlined permitting option for owners and operators of qualifying GDFs to use to meet the requirements of this EPA minor NSR program. However, owners and operators of such GDFs may instead choose to apply to the EPA for a traditional source-specific permit to meet the preconstruction requirements of this permitting program rather than
