

new OMB control number); *Title of Information Collection*: Evaluating a Pilot Mobile Health Program; *Use*: CMS is supporting a pilot mobile health (mHealth) program in California, Louisiana, Ohio, and Oklahoma. The three-year mHealth project is being conducted to complement existing CMCS measurement, data collection, and reporting activities to monitor, track, and assess state's maternal and infant health efforts in Medicaid and CHIP populations. This information collection request supports the evaluation of the pilot mHealth program and will be used to assist CMS in tracking maternal and infant health outcomes in the Medicaid population. The methods used for collection and analysis of the data may be useful to states and serve to increase reporting of perinatal core set measures and monitoring and interpretation of state-level maternal and infant health efforts. Results from the evaluation will help CMS understand the usefulness of mobile technology for conveying health information to pregnant women and new mothers enrolled in Medicaid/CHIP, as well as the influence this information has on health behaviors and outcomes. *Form Number*: CMS-10634 (OMB control number: 0938—New); *Frequency*: Once; *Affected Public*: Individuals and households, Business or other for-profits and Not-for-profits institutions, State, local, or Tribal Governments; *Number of Respondents*: 1,679; *Total Annual Responses*: 1,679; *Total Annual Hours*: 962. (For policy questions regarding this collection contact Lekisha Daniel-Robinson at 410-786-8618.)

2. *Type of Information Collection Request*: Revision of a previously approved collection; *Title of Information Collection*: Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Competitive Bidding Program; Change of Ownership Forms; *Use*: The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) requires the Secretary to recompete contracts not less often than once every 3 years. The Round 1 Rebid contract period for all product categories except mail-order diabetic supplies expired on December 31, 2013. (Round 1 Rebid contracts for mail-order diabetic testing supplies ended on December 31, 2012.) The competition for the Round 1 Recompete began in August of 2012. The Round 1 Recompete contracts and prices became effective on January 1, 2014 and will expire on December 31, 2016. Round 2 and National Mail-Order contracts and prices will expire on June 30, 2016. The

most recent approval for this information collection request (ICR) was issued by OMB on June 10, 2013. That ICR included the estimated burden to collect the information in bidding Forms A and B for the Round 1 Recompete. We are now seeking approval to collect the information in Forms A and B for competitions that will occur before 2017. For these upcoming competitions CMS will publish a slightly modified version of the RFB instructions and accompanying Forms A and B so that suppliers will be better able to identify and understand the requirements of the program. We decided to modify the RFB instructions and forms based on our experience from the last round of competition. The end result is expected to produce more complete and accurate information to evaluate suppliers. No new collection requirements have been added to the modified RFB instructions or Form A or B. Finally, we are retaining without change the Change of Ownership (CHOW) Purchaser Form and the CHOW Contract Supplier Notification Form, the Subcontracting Disclosure Form, and Forms C, and D and their associated burden under this ICR. We intend to continue use of these Forms on an ongoing basis. *Form Number*: CMS-10169 (OMB control number: 0938-1016); *Frequency*: Yearly; *Affected Public*: Private Sector; Business or other for-profit, Not-for-profit institutions; *Number of Respondents*: 70,213; *Total Annual Responses*: 53,811; *Total Annual Hours*: 162,134. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. Type of Information Collection

Request: New collection of information; **Title of Information Collection:** Generic Clearance for Evaluation of Stakeholder Training—Health Insurance Marketplace and Market Stabilization Programs; **Use:** CMS is strongly committed to providing appropriate education and technical outreach to States, issuers, self-insured group health plans and third-party administrators (TPA) participating in the Marketplace and/or market stabilization programs mandated by the ACA. CMS continues to engage with stakeholders in the Marketplace to obtain input through Satisfaction Surveys following Stakeholder Training events. The survey results will help to determine stakeholders’ level of satisfaction with trainings, identify any issues with training and technical assistance delivery, clarify stakeholders’ needs and preferences, and define best practices for training and technical assistance. Forms being utilized for the 2017 Stakeholder Events have already been developed. CMS will continue to modify, enhance and develop forms for future years based on feedback from Stakeholders. **Form Number:** CMS–10598 (OMB control number: 0938–NEW); **Frequency:** Occasionally; **Affected Public:** Private Sector; **Number of Respondents:** 32,912; **Number of Responses:** 32,912; **Total Annual Hours:** 8,228. (For questions regarding this collection contact Sonia Henderson at 410–786–1631.)

2. Type of Information Collection

Request: New collection (Request for a new OMB control number; **Title of Information Collection:** CMS *Healthcare.gov* Site Wide Online Survey; **Use:** The purpose of the survey is to gain an understanding of user experience, comprehension, and satisfaction with using the Federal

Health Insurance Marketplace Web site established by the Affordable Care Act. The Marketplace provides coverage to uninsured Americans, as well as those already enrolled in Marketplace health insurance. One of the ways to purchase Marketplace insurance is through the online tools on *HealthCare.gov*. We have developed a survey to be administered to consumers while they are using the Web site. This survey is part of a continuing data collection program mandated by the ACA. It is designed to support the program goal to provide tools and information to help consumers to successfully find health insurance that they may not otherwise qualify for or find. Monitoring usability and the user experience through this ongoing survey provides the Web site developers with valuable information for use in continuous improvement of the Web site. The Web site survey is part of a larger research program to inform the development and enhancement of web tools for CMS programs such as the Health Insurance Marketplace. **Form Number:** CMS–10597 (OMB control number: 0938–New); **Frequency:** Weekly, Monthly, Occasionally; **Affected Public:** Individuals or Households; **Number of Respondents:** 14,000; **Total Annual Responses:** 14,000; **Total Annual Hours:** 933.
