SUPPLEMENTARY INFORMATION:

I. Abstract

The NPS maintains law enforcement incident reports in the Department of the Interior’s Incident and Management Reporting System (IMARS), which is a Privacy Act System of Records (DOI–10). In accordance with the Privacy Act (5 U.S.C. 552a(b)), the NPS is barred from releasing copies of records contained within IMARS, including but not limited to motor vehicle accident reports, without the prior written request and/or consent of the individual to whom the record pertains unless authorized under appropriate routine-use exceptions. The purpose of the collection is to enable the NPS to respond to requests made under the Freedom of Information Act and the Privacy Act of 1974 and to locate applicable law enforcement case incident reports responsive to the request. Information includes sufficient personally identifiable information and/or source documents as applicable. The detailed personal information, to include the date/place of birth, as well

as the requestor's Social Security Number, is needed to identify records unique to the requestor. Failure to provide the required information may result in the NPS being unable to take any action on the request.

The NPS plans to implement the use of Form 10-945, "Certification of Identity and Consent" to collect the minimal information necessary to verify the identity of first-party requesters request information about themselves and document if and when they authorized the NPS to release their information to a third party. NPS Form 10-945 requires for the following information to verify the identity of the requester:

- Full name of Requester;
- Case Number;
- Social Security Number;
- Current Address;
- Date of Birth; and
- Place of birth.
