

remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

Specifically, the Exchange believes that the proposed rule change, by requiring heightened reporting by the Exchange to the Commission and the ROC with respect to oversight of the listing and trading on the Exchange of Affiliate Securities, will continue to help protect against concerns that the Exchange will not effectively enforce its rules with respect to the listing and trading of these securities. By adding Exchange-listed options on any security issued by an ICE Affiliate to the definition of "Affiliate Securities," the proposed changes would expand the scope of Rule 497—Equities. The Exchange accordingly believes that the proposed amendments to Rule 497—Equities would continue to eliminate any perception of a potential conflict of interest if an ICE Affiliate seeks to list a security on the Exchange.

Lastly, the Exchange believes that the proposed non-substantive grammatical changes would promote just and equitable principles of trade and remove impediments to a free and open market by providing greater clarity in the Exchange's rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The proposed rule change is not intended to address competitive issues but rather provide market participants with additional specificity and transparency regarding the Exchange's controls that are in place to address the potential conflicts of interest that may arise in the listing of Affiliate Securities on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on

which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest as it will allow the Exchange to implement the proposed changes to Rule 497—Equities without delay. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
