DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On October 28, 2016, the Department of Justice lodged a proposed amended consent decree with the United States District Court for the Western District of New York in the lawsuit entitled *United States v. AVX Corporation*, Civil No.: 1:98-CV-54.

In this action the United States sought, pursuant to the Comprehensive Environmental Response,

Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601, *et seq.*, injunctive relief and recovery of response costs regarding the Olean Well Field Superfund Site in Olean, New York. The matter was originally resolved by a consent decree that was approved by the Court in March 1998. The 1998 consent decree implemented a portion of a remedial action selected by the U.S. Environmental Protection Agency in a September 1996 record of decision (also known as the "Operable Unit 2 ROD" or "OU2 ROD"). The 1998 consent decree required AVX Corporation to perform the portion of the Operable Unit 2 remedial action that was at an area of the site known as the "AVX Property" and to reimburse the United States for a portion of its response costs incurred at the site.

On September 30, 2015, EPA issued an amendment to the OU2 ROD, which documented EPA's decision regarding a modification to the remedy to be implemented at the AVX Property. The proposed amended consent decree that was lodged with the Court on October 28 requires AVX Corporation to implement the amended remedy at the AVX Property, and to reimburse the United States for its future response costs regarding the AVX Property. The settlement maintains the resolution of the United States' claims against AVX Corporation regarding the site.

The publication of this notice opens a period for public comment on the proposed amended consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. AVX Corporation*, Civ. No. 1:98-CV-54, D.J. Ref. No. 90-11-3-181B. All comments must be submitted no later than 30 days after the publication date of this notice. Comments may be submitted either by email or by mail:

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services (IMLS) is an independent Federal grant-making agency and is the primary source of federal support for the Nation's 123,000 libraries and 35,000 museums. IMLS provides a variety of grant programs to assist the Nation's museums and libraries in improving their operations and enhancing their services to the public. IMLS is responsible for identifying national needs for and trends in museum, library, and information services; measuring and reporting on the impact and effectiveness of museum, library and information services throughout the United States, including programs conducted with funds made available by IMLS; identifying, and disseminating information on, the best practices of such programs; and developing plans to improve museum, library and information services of the United States and strengthen national, State, local, regional, and international communications and cooperative networks (20 U.S.C. Chapter 72, 20 U.S.C. 9108).

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.* permitting electronic submissions of responses.

Abstract: The State Library Administrative Agencies Survey has been conducted by the Institute of Museum and Library Services under the clearance number 3137–0072, which expires 11/30/2016. State Library Administrative Agencies (“SLAAs”) are

the official agencies of each state charged by state law with the extension and development of public library services throughout the state. (20 U.S.C. Chapter 72, 20 U.S.C. 9122.) The purpose of this survey is to provide state and federal policymakers with information about SLAAs, including their governance, allied operations, developmental services to libraries and library systems, support of electronic information networks and resources, number and types of outlets, and direct services to the public. Through the FY 2010 collection, the SLAA Survey was conducted annually; beginning with the FY 2012 collection, the survey is conducted biennially. Because the FY 2016 collection will not begin until early 2017, we are carrying over the documentation and estimated burden associated with the FY 2014 data.

Current Actions: This notice proposes clearance of the State Library Agencies Survey. The 60-day notice for the State Library Administrative Agencies Survey, FY 2016 & FY 2018, was published in the **Federal Register** on May 27, 2016 (81FR 3093933710–33711). No comments were received.
