SUPPLEMENTARY INFORMATION: IMLS is the primary source of federal support for the Nation's 123,000 libraries and 35,000 museums. IMLS' mission is to inspire libraries and museums to advance innovation, learning, and civic engagement. IMLS works at the national level and in coordination with state and local organizations to sustain heritage, culture, and knowledge; enhance learning and innovation; and support professional development. IMLS is responsible for identifying national needs for and trends in museum, library, and information services; measuring and reporting on the impact and effectiveness of museum, library and information services throughout the United States, including programs conducted with funds made available by IMLS; identifying, and disseminating information on, the best practices of such programs; and developing plans to improve museum, library, and information services of the United States and strengthen national, State, local, regional, and international communications and cooperative networks (20 U.S.C. Chapter 72, 20 U.S.C. 9108).

Abstract: The Public Libraries Survey (PLS) has been conducted by IMLS under the clearance number 3137-0074, which expires 12/31/2016. The PLS collects annual descriptive data on the universe of public libraries in the United States, the District of Columbia, and outlying areas. Information such as public service hours per year, circulation of library books, number of librarians, population of legal service area, expenditures for library collection, programs for children and young adults, staff salary data, and access to technology, etc., would be collected.

Current Actions: This notice proposes clearance of the PLS. The 60-day notice for the PLS, FY 2016-2018, was published in the **Federal Register** on August 16, 2016, (FR vol. 81, No. 158, pgs. 54608-54609). There were no comments received under this notice.
