The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR chapter I, which are set forth in the license amendment.

A notice of consideration of issuance of amendment to facility operating license or COL, as applicable, proposed no significant hazards consideration determination, and opportunity for a hearing in connection with these actions, was published in the **Federal Register** on March 2, 2016 (81 FR 10920). Comments were received during the 30-day comment period.

#### IV. Public Comments

A request for a hearing was filed on May 2, 2016, by the Blue Ridge Environmental Defense League ("BREDL") and its chapter, Concerned Citizens of Shell Bluff (ADAMS Accession No. ML16124B062). The Atomic Safety and Licensing Board (ASLB) denied BREDL's request for hearing in an order dated September 16, 2016 (ADAMS Accession No. ML16259A157). Subsequently, on October 11, 2016, BREDL appealed the ASLB decision (ADAMS Accession No. ML16285A548). On February 16, 2017, the Commission affirmed the ASLB's decision (ADAMS Accession No. ML17047A149).

Under its regulations, the Commission may issue and make an amendment immediately effective, notwithstanding the pendency before it of a request for a hearing from any person, in advance of the holding and completion of any required hearing, where it has made a final determination that no significant hazards consideration is involved.

The Commission has determined that these amendments satisfy the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for these amendments.

#### V. Conclusion

Using the reasons set forth in the combined safety evaluation, the staff granted the exemption and issued the amendment that the licensee requested on February 6, 2015, and supplemented by letter dated September 15, 2015. The exemption and amendment were issued on December 22, 2016, as part of a combined package to the licensee (ADAMS Accession No. ML16096A345).

Dated at Rockville, Maryland, this 13th day of March 2017.
