

where Molybdenum-99 and other isotopes will be extracted.

In accordance with section 131a. of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement concerning the change of end use and alternation in form or content of U.S. obligated nuclear material will not be inimical to the common defense and security of the United States of America.

Dated: March 21, 2017.

For the Department of Energy.

## DEPARTMENT OF ENERGY

[OE Docket No. PP-435]

### Application for Presidential Permit; Houlton Water Company

**AGENCY:** Office of Electricity Delivery and Energy Reliability, DOE.

**ACTION:** Notice of application.

**SUMMARY:** Houlton Water Company (Houlton) has applied for a Presidential permit to construct, operate, maintain, and connect an electric transmission line across the United States border with Canada.

**DATES:** Comments or motions to intervene must be submitted on or before May 3, 2017.

**ADDRESSES:** Comments or motions to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability (OE-20), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585.

**FOR FURTHER INFORMATION CONTACT:** Christopher Lawrence (Program Office) at 202-586-5260 or via electronic mail at [Christopher.Lawrence@hq.doe.gov](mailto:Christopher.Lawrence@hq.doe.gov), Rishi Garg (Program Attorney) at 202-586-0258.

**SUPPLEMENTARY INFORMATION:** The construction, operation, maintenance, and connection of facilities at the international border of the United States for the transmission of electric energy between the United States and a foreign country is prohibited in the absence of a Presidential permit issued pursuant to Executive Order (E.O.) 10485, as amended by E.O. 12038.

On January 13, 2017, Houlton filed an application with the Office of Electricity Delivery and Energy Reliability of the Department of Energy (DOE) for a Presidential permit. Houlton Water

Company has its principal place of business in Houlton, Maine. Houlton Water Company is the municipal utility owned by the Town of Houlton, Maine.

Houlton proposes to construct and operate the U.S. portion of the Houlton/New Brunswick Power Interconnection (the Project). In total, the project would be an approximately 11.8 mile overhead transmission system originating at the Woodstock, New Brunswick substation in Canada and terminate in the town of Houlton, Maine. From the Woodstock Substation, a 69kV transmission line would run approximately 9.3 miles to a new substation near the Canadian/U.S. border in Canada. From that substation, a 38kV line would run less than a mile to the U.S. border. From there a 1.5 mile, 38kV transmission line would extend from the U.S. border to connect into the Houlton, Maine electric distribution system.

The U.S. portion of the proposed project would cross the U.S.-Canada border near 67 degrees—46 min—52.48 sec W.; and 46 degrees—7 min—58.16 sec N.

The Project will be operated in accordance with mandatory reliability standards enforced by the North American Electric Reliability Corporation (NERC).

Since the restructuring of the electric industry began, resulting in the introduction of different types of competitive entities into the marketplace, DOE has consistently expressed its policy that cross-border trade in electric energy should be subject to the same principles of comparable open access and non-discrimination that apply to transmission in interstate commerce. DOE has stated that policy in export authorizations granted to entities requesting authority to export over international transmission facilities. Specifically, DOE expects transmitting utilities owning border facilities to provide access across the border in accordance with the principles of comparable open access and non-discrimination contained in the Federal Power Act and articulated in Federal Energy Regulatory Commission (FERC) Order No. 888 (Promoting Wholesale Competition Through Open Access Non-Discriminatory Transmission Services by Public Utilities; FERC Stats. & Regs. ¶31,036 (1996)), as amended.

**Procedural Matters:** Any person may comment on this application by filing such comment at the address provided above. Any person seeking to become a party to this proceeding must file a motion to intervene at the address provided above in accordance with Rule 214 of FERC's Rules of Practice and

Procedure (18 CFR 385.214). Two copies of each comment or motion to intervene should be filed with DOE on or before the date listed above.

Additional copies of such motions to intervene also should be filed directly with: John Clark, General Manager, Houlton Water Company, 21 Bangor Street, Houlton, ME 04730 AND Greg Sherman, Assistant General Manager, Houlton Water Company, 21 Bangor Street, Houlton, ME 04730 AND Greg Williams, Temco Legal, LLC, 5060 Amesbury Drive, Columbia, MD 21044.

Before a Presidential permit may be issued or amended, DOE must determine that the proposed action is in the public interest. In making that determination, DOE considers the environmental impacts of the proposed project pursuant to the National Environmental Policy Act of 1969, determines the project's impact on electric reliability by ascertaining whether the proposed project would adversely affect the operation of the U.S. electric power supply system under normal and contingency conditions, and any other factors that DOE may also consider relevant to the public interest. Also, DOE must obtain the concurrences of the Secretary of State and the Secretary of Defense before taking final action on a Presidential permit application.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at <http://energy.gov/oe/services/electricity-policy-coordination-and-implementation/international-electricity-regulation-2>.

Issued in Washington, DC, on January 31, 2017.

**Christopher A. Lawrence,**

## DEPARTMENT OF ENERGY

### Environmental Management Site-Specific Advisory Board, Nevada

**AGENCY:** Department of Energy.

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Nevada. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

**DATES:** Wednesday, April 19, 2017, 4:00 p.m.

**ADDRESSES:** Frank H. Rogers Science and Technology Building, 755 East Flamingo, Las Vegas, Nevada 89119.

**FOR FURTHER INFORMATION CONTACT:** Barbara Ulmer, Board Administrator, 232 Energy Way, M/S 167, North Las Vegas, Nevada 89030. Phone: (702) 630-0522; Fax (702) 295-2025 or Email: [NSSAB@nnsa.doe.gov](mailto:NSSAB@nnsa.doe.gov).

**SUPPLEMENTARY INFORMATION:**

*Purpose of the Board:* The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management, and related activities.

**Tentative Agenda**

1. Briefing for Groundwater Sampling Techniques—Work Plan Item #5
2. Briefing for Radioactive Waste Acceptance Program Assessment Improvement Opportunities—Work Plan Item #4

*Public Participation:* The EM SSAB, Nevada, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Barbara Ulmer at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral presentations pertaining to agenda items should contact Barbara Ulmer at the telephone number listed above. The request must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments can do so during the 15 minutes allotted for public comments.

*Minutes:* Minutes will be available by writing to Barbara Ulmer at the address listed above or at the following Web site: [http://www.nnss.gov/NSSAB/pages/MM\\_FY17.html](http://www.nnss.gov/NSSAB/pages/MM_FY17.html).

Issued at Washington, DC, on March 28, 2017.

**LaTanya R. Butler,**

*Deputy Committee Management Officer.*

**BILLING CODE 6450-01-P**

**DEPARTMENT OF ENERGY**

**Proposed Subsequent Arrangement**

**AGENCY:** Office of Nonproliferation and Arms Control, Department of Energy.

**ACTION:** Proposed subsequent arrangement.

**SUMMARY:** This document is being issued under the authority of the Atomic Energy Act of 1954, as amended. The Department is providing notice of a proposed subsequent arrangement under the Agreement for Cooperation Between the Government of the United States of America and the Government of the Republic of Korea Concerning Peaceful Uses of Nuclear Energy.

**DATES:** This subsequent arrangement will take effect no sooner than April 18, 2017.

**FOR FURTHER INFORMATION CONTACT:** Mr. Richard S. Goorevich, Office of Nonproliferation and Arms Control, National Nuclear Security Administration, Department of Energy. Telephone: 202-586-0589 or email: [Richard.Goorevich@nnsa.doe.gov](mailto:Richard.Goorevich@nnsa.doe.gov).

**SUPPLEMENTARY INFORMATION:** This proposed subsequent arrangement concerns the advance consent list of countries or destinations referred to in paragraph 1.(c) of Article 18 of the Agreement for Cooperation Between the Government of the United States of America and the Government of the Republic of Korea Concerning Peaceful Uses of Nuclear Energy, done at Washington on June 15, 2015 (the Agreement) and paragraph 1.a. of section 3 of the Agreed Minute to the Agreement. Argentina, Australia, Brazil, Canada, Egypt, European Atomic Energy Community, Indonesia, Japan, Kazakhstan, Morocco, South Africa, Switzerland, Turkey, Ukraine, United Arab Emirates, and Vietnam are countries or destinations on the advance consent list and, therefore, are eligible to receive retransfers from the Republic of Korea of unirradiated low enriched uranium, unirradiated source material, equipment and components subject to paragraph 2 of Article 10 of the Agreement. The United States has an Agreement for Cooperation in the Peaceful Uses of Nuclear Energy, under the authority of section 123 of the Atomic Energy Act of 1954, as amended, in force with each of the countries or destinations that are on the advance consent list.

In accordance with section 131a. of the Atomic Energy Act of 1954, as amended, it has been determined that this proposed subsequent arrangement will not be inimical to the common

defense and security of the United States of America.

Dated: February 27, 2017.

**DEPARTMENT OF ENERGY**

**Energy Information Administration**

**Agency Information Collection Extension**

**AGENCY:** U.S. Energy Information Administration (EIA), Department of Energy.

**ACTION:** Agency information collection activities: Information collection extension, with changes; notice and request for comments.

**SUMMARY:** EIA, pursuant to the Paperwork Reduction Act of 1995, intends to submit an information collection request for the Petroleum Marketing Program, OMB Control Number 1905-0174, to the Office of Management and Budget (OMB). EIA is requesting a three-year extension to the program and soliciting comments on the proposed changes to Form EIA-182, Form EIA-863, Form EIA-878, Form EIA-888, and Form EIA-877. No changes are proposed for the remaining survey forms that comprise the Petroleum Marketing Program.

**DATES:** Comments regarding this proposed information collection must be received on or before June 2, 2017. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

**ADDRESSES:** Written comments may be sent to Ms. Tammy Heppner, U.S. Department of Energy, U.S. Energy Information Administration, Mail Stop EI-25, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585. To ensure receipt of the comments by the due date, submission by email ([Tammy.Heppner@eia.gov](mailto:Tammy.Heppner@eia.gov)) is recommended. Alternatively, Ms. Heppner may be contacted by telephone at 202-586-4748.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Ms. Tammy Heppner at the contact information listed above. The forms and instructions, along with related information on this clearance
