The Department intends to issue the appropriate assessment instructions to CBP 41 days after the date of publication of these final results of review, in accordance with 19 CFR 356.8(a).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of citric acid and certain citrate salts from Canada entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for JBL Canada will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 23.21 percent, the all-others rate established in the *Order*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction

of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We intend to issue and publish these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

The period of review (POR) is January 1, 2014, through December 31, 2014. Based on an analysis of the comments received, the Department has made changes to the subsidy rates that were preliminary determined for Guizhou Tyre and Xuzhou Xugong. While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope, which is contained in the accompanying Issues and Decision Memorandum, is dispositive.¹

Analysis of Comments Received

The issues raised by Guizhou Tyre, Xuzhou Xugong, Tianjin United Tire & Rubber International Co., Ltd. (TUTRIC), the Government of the People's Republic of China (GOC), and Titan Tire Corporation (Titan) and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC (the USW) (collectively, the petitioners) in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum.² The issues are identified in the Appendix to this notice. PRC on October 14, 2016.³ Based on the comments received from all interested parties, we made revisions to some of our benchmark and benefit calculations for both Guizhou Tyre and Xuzhou Xugong. For a discussion of these issues, see the Issues and Decision Memorandum.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a description of the methodology underlying all of the Department's conclusions, see the Issues and Decision Memorandum.

Final Results of Administrative Review

In accordance with section 777A(e)(1) of the Act and 19 CFR 351.221(b)(5), we determine the total net countervailable subsidy rates for the period January 1, 2014, through December 31, 2014 for each of the mandatory respondents, Guizhou Tyre and Xuzhou Xugong. For the non-selected respondents, we followed the Department's practice, which is to base the subsidy rates on an average of the subsidy rates calculated for those companies selected for individual review, excluding *de minimis* rates or rates based on entirely on adverse facts available.⁵ In this case, we assigned to the non-selected respondents the simple average of the rates calculated for Guizhou Tyre and Xuzhou Xugong. We are using a simple, rather than a weighted, average due to inconsistent units of measure in the publicly ranged quantity and value data provided by Guizhou Tyre and Xuzhou Xugong. For a list of the non-selected companies, please see Appendix II.

We find the countervailable subsidy rates for the producers/exporters under review to be as follows:

Manufacturer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Guizhou Tyre Co., Ltd	34.46
Xuzhou Xugong Tyres Co., Ltd	46.01
Non Selected Companies	40.24

Assessment and Cash Deposit Requirements

In accordance with 19 CFR 351.212(b)(2), the Department intends to issue appropriate instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of the final results of this review. The Department will instruct CBP to liquidate shipments of subject merchandise produced and/or exported by the companies listed above, entered or withdrawn from warehouse, for consumption from January 1, 2014, through December 31, 2014, at the percent rates, as listed above for each of the respective companies, of the entered value.

The Department intends also to instruct CBP to collect cash deposits of estimated countervailing duties, in the amounts shown above for each of the respective companies shown above, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most-recent company-specific or all-others rate applicable to the company, as appropriate. Accordingly, the cash deposit requirements that will be applied to companies covered by this order, but not examined in this administrative review, are those established in the most recently completed segment of the proceeding for each company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 12, 2017.

Acting Assistant Secretary for Enforcement and Compliance.
