BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-570 and 731-TA-1346 (Preliminary)]

Aluminum Foil From China**Determinations**

On the basis of the record ¹ developed in the subject investigations, the United

States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of aluminum foil from China, provided for in subheadings 7607.11.30, 7607.11.60, 7607.11.90, and 7607.19.60 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and to be subsidized by the government of China.

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission’s rules, upon notice from the Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On March 9, 2017, The Aluminum Association Trade Enforcement Working Group (Arlington, Virginia), on behalf of JW Aluminum Company (Goose Creek, South Carolina), Novelis North America (Atlanta, Georgia), and Reynolds Consumer Products (Lake Forest, Illinois) filed a petition with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of aluminum foil from China. Accordingly, effective March 9, 2017, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and

1673b(a)), instituted countervailing duty investigation No. 701-TA-570 and antidumping duty investigation No. 731-TA-1346 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 15, 2017 (82 FR 13853). The conference was held in Washington, DC, on March 30, 2017, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on April 24, 2017. The views of the Commission are contained in USITC Publication 4684 (May 2017), entitled *Aluminum Foil from China: Investigation Nos. 701-TA-570 and 731-TA-1346 (Preliminary)*.

By order of the Commission.

Issued: April 24, 2017.

BILLING CODE 4410-14-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Resource Conservation and Recovery Act

On April 25, 2017, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Northern District of New York in the lawsuit entitled *United States v. Falcon Petroleum, LLC, RGLL, Inc., and GRJH, Inc.*, Civil Action No. 1:16-cv-1522.

This settlement resolves the United States' allegations that Falcon Petroleum, LLC, RGLL, Inc., and GRJH, Inc. ("Defendants") violated the Resource Conservation and Recovery Act ("Act") and its implementing regulations set forth at 40 CFR part 280 at eight gas stations in New York, all of which contain underground storage

tanks ("tanks") owned and operated, or owned and leased, by Defendants. The United States' claims against Defendants stem from the company's alleged failure to install overfill protection equipment; perform release detection on tanks and associated piping; equip piping with automatic line leak detectors; perform annual testing of an automatic line leak detector on piping; and maintain adequate records of release detection monitoring.

The proposed Consent Decree resolves these allegations by requiring that Defendants implement injunctive relief valued at approximately \$218,000, undertake a Supplemental Environmental Project ("SEP") valued at approximately \$220,000, and pay a \$60,000 civil penalty. As part of the injunctive relief, Defendants will install, or upgrade to, fully automated electronic release detection monitoring equipment at seven gas stations in New York. As part of the SEP, Defendants will install a centralized monitoring system in twenty-six stations that span three states: Twenty-three in New York, two in Connecticut and one in New Hampshire. The centralized monitoring system will transmit to and collect at one central location the information gathered at each gas station equipped with the electronic release detection monitoring equipment. This technology will therefore assist Defendants to respond to potential releases and other alarm events.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Falcon Petroleum, LLC, RGLL, Inc., and GRJH, Inc.*, D.O.J. Ref. No. 90-7-1-09896. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
