

whether the appraiser meets the requirements of § 100.200.

§ 100.203 What must the tribe or individual Indian submit to the Secretary for a verification of the appraiser's qualifications?

The tribe or individual Indian must submit the following with the appraisal or valuation:

- (a) A copy of the appraiser's current Certified General Appraiser license;
- (b) A copy of the appraiser's qualifications statement;
- (c) The appraiser's self-certification that the appraiser meets the criteria in § 100.200; and
- (d) If the property contains natural resource elements that contribute to the value of the property, such as timber or minerals, a list of the appraiser's additional qualifications for the specific type of property being valued in the appraisal report.

§ 100.204 When must the tribe or individual Indian submit a package for Secretarial verification of appraiser qualifications?

The tribe or individual Indian must submit the package of appraiser qualifications to the Secretary with the appraisal or valuation.

Subpart C—Appraisals and Valuations; Departmental Review and Waivers

§ 100.300 Must I submit an appraisal or valuation to the Department?

Appraisals and valuations of Indian property must be submitted to us if relied upon or required for transactions requiring Secretarial approval under titles 25 and 43 of the CFR (other than those under the Federal Land Policy and Management Act).

§ 100.301 Will the Department review and approve my appraisal or valuation?

(a) The Department will not review the appraisal or valuation of Indian property and the appraisal or valuation will be considered final as long as:

- (1) The submission acknowledges the intent of the Indian tribe or individual Indian to waive Departmental review and approval;
 - (2) The appraisal or valuation was completed by a qualified appraiser meeting the requirements of this part; and
 - (3) No owner of any interest in the Indian property objects to use of the appraisal or valuation without Departmental review and approval.
- (b) The Department must review and approve the appraisal or valuation if:
- (1) Any of the criteria in paragraph (a) of this section are not met; or
 - (2) The appraisal or valuation was submitted for:

- (i) Purchase at probate under 43 CFR part 30;
- (ii) The Land Buy-Back Program for Tribal Nations;
- (iii) An acquisition by the United States to which the Uniform Appraisal Standards for Federal Land Acquisitions applies; or
- (iv) Specific legislation requiring the Department to review and approve an appraisal or valuation.

§ 100.302 May I request Departmental review of an appraisal even if a qualified appraiser completed the appraisal or valuation?

If you do not specifically request waiver of Departmental review and approval under § 100.300(a)(1), the Department will review the appraisal or valuation.

§ 100.303 What happens if the Indian tribe or individual Indian does not agree with the appraisal or valuation prepared by their qualified appraiser?

If the Indian tribe or individual Indian does not agree with the appraisal or valuation prepared by their qualified appraiser, the Indian tribe or individual Indian should not submit the appraisal or valuation under this part.

§ 100.304 Is the Department liable if it approves a transaction for Indian property based on an appraisal or valuation prepared by a qualified appraiser?

The Department is not liable for any deficient or inaccurate appraisal or valuation provided by the tribe or individual Indian that it did not review or approve, even if the Department approved a transaction for Indian property (including but not limited to a lease, grant, sale, or purchase) based on the appraisal or valuation.

Dated: June 20, 2017.

James E. Cason,
Associate Deputy Secretary.

BILLING CODE 4337–15–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 660

[Docket No. 151117999–6370–01]

RIN 0648–XF355

Fisheries Off West Coast States; Modifications of the West Coast Commercial Salmon Fisheries; Inseason Actions #1 Through #4

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Modification of fishing seasons; request for comments.

SUMMARY: NMFS announces four inseason actions in the ocean salmon fisheries. These inseason actions modified the commercial salmon fisheries in the area from Cape Falcon, OR, to Point Arena, CA.

DATES: The effective dates for the inseason actions are set out in this document under the heading Inseason Actions. Comments will be accepted through July 11, 2017.

ADDRESSES: You may submit comments, identified by NOAA–NMFS–2016–0007, by any one of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal eRulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2016-0007, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- **Mail:** Barry A. Thom, Regional Administrator, West Coast Region, NMFS, 7600 Sand Point Way NE., Seattle, WA 98115–6349.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Peggy Mundy at 206–526–4323.

SUPPLEMENTARY INFORMATION:

Background

In the 2016 annual management measures for ocean salmon fisheries (81 FR 26157, May 2, 2016), NMFS announced the commercial and recreational fisheries in the area from the U.S./Canada border to the U.S./Mexico border, beginning May 1, 2016, and 2017 salmon fisheries opening earlier than May 1, 2017. NMFS is authorized to implement inseason management actions to modify fishing seasons and quotas as necessary to provide fishing opportunity while meeting management objectives for the affected species (50 CFR 660.409).

Inseason actions in the salmon fishery may be taken directly by NMFS (50 CFR 660.409(a)—Fixed inseason management provisions) or upon consultation with the Pacific Fishery Management Council (Council) and the appropriate State Directors (50 CFR 660.409(b)—Flexible inseason management provisions). The state management agencies that participated in the consultations described in this document were: California Department of Fish and Wildlife (CDFW) and Oregon Department of Fish and Wildlife (ODFW).

Management of the salmon fisheries is generally divided into two geographic areas: North of Cape Falcon (U.S./Canada border to Cape Falcon, OR) and south of Cape Falcon (Cape Falcon, OR, to the U.S./Mexico border). The inseason actions reported in this document affected fisheries south of Cape Falcon. Within the south of Cape Falcon area, the Klamath Management Zone (KMZ) extends from Humbug Mountain, OR, to Humboldt South Jetty, CA, and is divided at the Oregon/California border into the Oregon KMZ to the north and California KMZ to the south. All times mentioned refer to Pacific daylight time.

Inseason Actions

Inseason Action #1

Description of action: Inseason action #1 modified the commercial salmon fishery from Cape Falcon, OR, to Humbug Mountain, OR, previously scheduled to open March 15, 2017, to remain closed through April 14, 2017.

Effective dates: Inseason action #1 took effect on March 15, 2017, and remained in effect until superseded by inseason action #4 on April 15, 2017.

Reason and authorization for the action: The purpose of this action was to conserve fishery impacts on the Klamath River fall Chinook stock (KRFC). The Council's Salmon Technical Team (STT) presented stock abundance forecasts for 2017. On the basis of these forecasts, the Regional Administrator (RA) determined that fisheries south of Cape Falcon, OR, will be constrained in 2017 to comply with the harvest control rule for KRFC, specified in the Pacific Coast Salmon Fishery Management Plan (FMP). Inseason actions to modify quotas and/or fishing seasons are authorized by 50 CFR 660.409(b)(1)(i).

Consultation date and participants: Consultation on inseason action #1 occurred on March 12, 2017. Participants in this consultation were staff from NMFS, CDFW, ODFW, and Council staff.

Inseason Action #2

Description of action: Inseason action #2 modified the commercial salmon fishery from Humbug Mountain, OR, to the Oregon/California Border (Oregon KMZ), previously scheduled to open March 15, 2017, to remain closed through April 30, 2017.

Effective dates: Inseason action #2 took effect on March 15, 2017, and remained in effect through April 30, 2017.

Reason and authorization for the action: The purpose of this action was to conserve fishery impacts on the KRFC. The STT presented stock abundance forecasts for 2017. On the basis of these forecasts, the RA determined that fisheries south of Cape Falcon, OR, will be constrained in 2017 to comply with the harvest control rule for KRFC, specified in the FMP. Inseason actions to modify quotas and/or fishing seasons are authorized by 50 CFR 660.409(b)(1)(i).

Consultation date and participants: Consultation on inseason action #2 occurred on March 12, 2017. Participants in this consultation were staff from NMFS, CDFW, ODFW, and Council staff.

Inseason Action #3

Description of action: Inseason action #3 cancelled the commercial salmon fishery from Horse Mountain, CA, to Point Arena, CA (Fort Bragg management area), previously scheduled to open April 16–30, 2017.

Effective dates: Inseason action #3 took effect on April 16, 2017, and remained in effect through April 30, 2017.

Reason and authorization for the action: The purpose of this action was to conserve fishery impacts on the KRFC. The STT presented stock abundance forecasts for 2017. On the basis of these forecasts, the RA determined that fisheries south of Cape Falcon, OR, will be constrained in 2017 to comply with the harvest control rule for KRFC, specified in the FMP. Inseason actions to modify quotas and/or fishing seasons are authorized by 50 CFR 660.409(b)(1)(i).

Consultation date and participants: Consultation on inseason action #3 occurred on March 12, 2017. Participants in this consultation were staff from NMFS, CDFW, ODFW, and Council staff.

Inseason Action #4

Description of action: Inseason action #4 modified the commercial salmon fishery from Cape Falcon, OR, to Humbug Mountain, OR. Under inseason

action #1, above, this fishery, which was previously scheduled to open March 15, 2017, was closed through April 14, 2017. Under inseason action #4, the management area was divided at Florence South Jetty, OR, into two management areas; the fishery from Florence South Jetty, OR, to Humbug Mountain, OR, which remained closed through April 30, 2017; and the fishery from Cape Falcon, OR, to Florence South Jetty, OR, which opened April 15 through April 30, 2017, with the same landing requirements and gear restrictions as announced in the 2016 management measures (81 FR 26157, May 2, 2016).

Effective dates: Inseason action #4 superseded inseason action #1 on April 15, 2017, and remained in effect through April 30, 2017.

Reason and authorization for the action: The purpose of this action was to manage fishery impacts on KRFC while allowing access to more abundant stocks. On the basis of salmon abundance forecasts, the RA determined that fisheries south of Cape Falcon, OR, will be constrained in 2017 to comply with the harvest control rule for KRFC, specified in the FMP. Inseason actions to modify quotas and/or fishing seasons are authorized by 50 CFR 660.409(b)(1)(i); inseason actions to modify boundaries, including landing boundaries, and establish closed areas are authorized by 50 CFR 660.409(b)(1)(v).

Consultation date and participants: Consultation on inseason action #4 occurred on April 10, 2017. Participants in this consultation were staff from NMFS, CDFW, ODFW, and Council staff.

All other restrictions and regulations remained in effect as announced for the 2016 ocean salmon fisheries and 2017 salmon fisheries opening prior to May 1, 2017 (81 FR 26157, May 2, 2016) and as modified by prior inseason actions.

The RA determined that the best available information indicated that Chinook salmon abundance forecasts and expected fishery effort supported the above inseason actions recommended by the states of Oregon and California. The states manage the fisheries in state waters adjacent to the areas of the U.S. exclusive economic zone in accordance with these Federal actions. As provided by the inseason notice procedures of 50 CFR 660.411, actual notice of the described regulatory actions was given, prior to the time the action was effective, by telephone hotline numbers 206–526–6667 and 800–662–9825, and by U.S. Coast Guard Notice to Mariners broadcasts on Channel 16 VHF–FM and 2182 kHz.

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds that good cause exists for this notification to be issued without affording prior notice and opportunity for public comment under 5 U.S.C. 553(b)(B) because such notification would be impracticable. As previously noted, actual notice of the regulatory actions was provided to fishers through telephone hotline and radio notification. These actions comply with the requirements of the annual management measures for ocean salmon fisheries (81 FR 26157, May 25, 2016), the FMP, and regulations implementing the FMP, 50 CFR 660.409 and 660.411.

Prior notice and opportunity for public comment was impracticable because NMFS and the state agencies had insufficient time to provide for prior notice and the opportunity for public comment between the time Chinook salmon catch and effort projections were developed and fisheries impacts were calculated, and the time the fishery modifications had to be implemented in order to ensure that fisheries are managed based on the best available scientific information, ensuring that conservation objectives and Endangered Species Act consultation standards are not exceeded. The AA also finds good cause to waive the 30-day delay in effectiveness required under 5 U.S.C.

553(d)(3), as a delay in effectiveness of these actions would allow fishing at levels inconsistent with the goals of the FMP and the current management measures.

These actions are authorized by 50 CFR 660.409 and 660.411 and are exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 21, 2017.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
