i. *FERC Contact:* Jim Fargo at (202) 502–6095 or email at james.fargo@ferc.gov.

j. On June 1, 2017, Nevada Hydro filed a request that the Commission waive certain of the pre-filing consultation requirements of Part 5 of the Commission's regulations for the proposed LEAPS Project to include: pre-filing scoping;¹ comments and information or study requests; the preparation of and comments on a proposed study plan; resolution of disputes over studies;² and notice of the applicant's intent to file a draft license application.³ Nevada Hydro's justification for the waivers is that a Final Environmental Impact Statement, prepared by Commission staff, was issued in 2007 for essentially the same project proposal under P–11858 and the consultation on the current project proposal that has already occurred meets the intent of the Commission's pre-filing consultation requirements.

With this notice we are soliciting comments on Nevada Hydro's notice of intent and request to waive pre-filing requirements. All comments should be sent to the address in paragraph l below.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for electronic review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
