

January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures*, 73 FR 3634 (January 22, 2008). Parties wishing to participate in this investigation should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed at 19 CFR 351.103(d)).

This notice is issued and published pursuant to sections 702(c)(2) and 777(i) of the Act and 19 CFR 351.203(c).

Dated: August 29, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Investigation

The merchandise covered by this investigation includes certain paper that has not been coated on either side and with 50 percent or more of the cellulose fiber content consisting of groundwood pulp, including groundwood pulp made from recycled paper, weighing not more than 90 grams per square meter. Groundwood pulp includes all forms of pulp produced from a mechanical pulping process, such as thermo-mechanical process (TMP), chemi-thermo mechanical process (CTMP), bleached chemi-thermo mechanical process (BCTMP) or any other mechanical pulping process. The scope includes paper shipped in any form, including but not limited to both rolls and sheets.

Certain uncoated groundwood paper includes but is not limited to standard newsprint, high bright newsprint, book publishing, directory, and printing and writing papers. The scope includes paper that is white, off-white, cream, or colored.

Specifically excluded from the scope are imports of certain uncoated groundwood paper printed with final content of printed text or graphic. Also excluded are papers that otherwise meet this definition, but which have undergone a supercalendering process.³⁷

Certain uncoated groundwood paper is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) in several subheadings, including 4801.00.0120, 4801.00.0140, 4802.61.1000, 4802.61.2000, 4802.61.3110, 4802.61.3191, 4802.61.6040, 4802.62.1000, 4802.62.2000, 4802.62.3000, 4802.62.6140, 4802.69.1000, 4802.69.2000, and 4802.69.3000. Subject merchandise may also be imported under several additional subheadings including 4805.91.5000,

4805.91.7000, and 4805.91.9000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

High Pressure Steel Cylinders From the People's Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department of Commerce (the Department) finds that revocation of the antidumping duty order on certain high pressure steel cylinders (HPSCs) from the People's Republic of China (PRC) would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

DATES: Applicable August 28, 2017.

FOR FURTHER INFORMATION CONTACT: Kenneth Hawkins, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6491.

SUPPLEMENTARY INFORMATION:

Background

On June 21, 2012, the Department of Commerce (Department) published the notice of the antidumping duty order on high pressure steel cylinders from the PRC.¹ On April 3, 2017, the Department published the notice of initiation of the first sunset review of the *AD Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (Act).² On May 8, 2017, the Department received a notice of intent to participate from one domestic interested party: Norris Cylinder Company (the petitioner) within the deadline specified in 19 CFR 351.218(d)(1).³ The petitioner claimed

interested party status under section 771(9)(C) of the Act, as a manufacturer in the United States of a domestic like product. On May 25, 2017, the petitioner filed its Substantive Response in the sunset review within the 30-day deadline, as specified in 19 CFR 351.218(d)(3).⁴ The Department received no substantive responses from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited sunset review of the *AD Order*.

Scope of the Order

The merchandise covered by the *Order* is seamless steel cylinders designed for storage or transport of compressed or liquefied gas (high pressure steel cylinders). High pressure steel cylinders are fabricated of chrome alloy steel including, but not limited to, chromium-molybdenum steel or chromium magnesium steel, and have permanently impressed into the steel, either before or after importation, the symbol of a U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration (DOT)-approved high pressure steel cylinder manufacturer, as well as an approved DOT type marking of DOT 3A, 3AX, 3AA, 3AAX, 3B, 3E, 3HT, 3T, or DOT-E (followed by a specific exemption number) in accordance with the requirements of sections 178.36 through 178.68 of Title 49 of the Code of Federal Regulations, or any subsequent amendments thereof. High pressure steel cylinders covered by the *Order* have a water capacity up to 450 liters, and a gas capacity ranging from 8 to 702 cubic feet, regardless of corresponding service pressure levels and regardless of physical dimensions, finish or coatings.

Excluded from the scope of the *Order* are high pressure steel cylinders manufactured to UN-ISO-9809-1 and 2 specifications and permanently impressed with ISO or UN symbols. Also excluded from the *Order* are acetylene cylinders, with or without internal porous mass, and permanently impressed with 8A or 8AL in accordance with DOT regulations.

Merchandise covered by the *Order* is classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 7311.00.00.30. Subject merchandise may also enter under HTSUS subheadings 7311.00.00.60 or 7311.00.00.90.

⁴ See Letter to the Secretary from the petitioner, High Pressure Steel Cylinders from the People's Republic of China' Substantive Response to Notice of Initiation of Norris Cylinder Company (May 25, 2017) (Substantive Response).

¹ See *High Pressure Steel Cylinders from the People's Republic of China: Antidumping Duty Order*, 77 FR 37377 (June 21, 2012) (*AD Order*).

² See *Initiation of Five-Year (Sunset) Review*, 82 FR 20314 (May 1, 2017).

³ See *High Pressure Steel Cylinders from the People's Republic of China; Notice of Appearance and of Intent to Participate on Behalf of the petitioner, Norris Cylinder Company in Sunset Review of Antidumping Duty Order* (May 8, 2017).

³⁷ Supercalendering imparts a glossy finish produced by the movement of the paper web through a supercalender which is a stack of alternating rollers of metal and cotton (or other softer material). The supercalender runs at high speed and applies pressure, heat, and friction which glazes the surface of the paper, imparting gloss to the surface and increasing the paper's smoothness and density.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the *Order* is dispositive.

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *AD Order* and the magnitude of the margins likely to prevail if the *AD Order* were revoked, is provided in the Issues and Decision Memorandum, which is hereby adopted by this notice.⁵ A list of topics included in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed on the Internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to section 751(c)(1) and 752(c)(1) and (3) of the Act, the Department determines that revocation of the *AD Order* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 31.21 percent.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with

sections 751(c), 752(c), and 777(i)(1) of the Act and 19 CFR 351.218.

Dated: August 28, 2017.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Cased Pencils From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on certain cased pencils from the People's Republic of China (PRC) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing this notice of continuation of the AD order.

DATES: Applicable September 1, 2017.

FOR FURTHER INFORMATION CONTACT: Mary Kolberg, Office I, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1785.

SUPPLEMENTARY INFORMATION:

Background

On December 28, 1994, the Department published the AD order on

certain cased pencils from the PRC.¹ On June 1, 2016, the Department published the notice of initiation of the fourth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its review, the Department determined that revocation of the *Order* would likely lead to a continuation or recurrence of dumping.³ The Department, therefore, notified the ITC of the magnitude of the margins likely to prevail should the *Order* be revoked. On August 17, 2017, the ITC determined that revoking the *Order* on certain cased pencils from the PRC would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Order

Imports covered by the *Order* are shipments of certain cased pencils of any shape or dimension (except as described below) which are writing and/or drawing instruments that feature cores of graphite or other materials, encased in wood and/or man-made materials, whether or not decorated and whether or not tipped (e.g., with erasers, etc.) in any fashion, and either sharpened or unsharpened. The pencils subject to the *Order* are currently classifiable under subheading 9609.10.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Specifically excluded from the scope of the *Order* are mechanical pencils, cosmetic pencils, pens, non-cased crayons (wax), pastels, charcoals, chalks, and pencils produced under U.S. patent number 6,217,242, from paper infused with scents by the means covered in the above-referenced patent, thereby having odors distinct from those that may emanate from pencils lacking the scent infusion. Also excluded from the scope of the *Order* are pencils with all of the following physical characteristics: (1) Length: 13.5 or more inches; (2) sheath diameter: Not less than one-and-one quarter inches at any point (before sharpening); and (3) core length: Not more than 15 percent of the length of the pencil. In addition, pencils with all of the following physical
