INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-895 (Third Review)]

Pure Magnesium (Granular) From China; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine

whether revocation of the antidumping duty order on pure magnesium in granular form from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Date of institution is September 1, 2017. To be assured of consideration, the deadline for responses is October 2, 2017. Comments on the adequacy of responses may be filed with the Commission by November 13, 2017.

FOR FURTHER INFORMATION CONTACT:

Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On November 19, 2001, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of pure magnesium in granular form from China (66 FR 57936). Following the first five-year reviews by Commerce and the Commission, effective March 26, 2007, Commerce issued a continuation of the antidumping duty order on imports of pure magnesium in granular form from China (72 FR 14076). Following the second five-year reviews by Commerce and the Commission, effective October 17, 2012, Commerce issued a continuation of the antidumping duty order on imports of pure magnesium in granular form from China (77 FR 63787). The Commission is now conducting a third review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess

the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined one *Domestic Like Product*—pure magnesium that included both granular magnesium and magnesium ingot. Two Commissioners defined the *Domestic Like Product* differently in the original determination. They found two *Domestic Like Products* corresponding to granular pure magnesium and pure magnesium ingot. In its expedited first and second five-year review determinations, the Commission found one *Domestic Like Product* to include primary and secondary pure and alloy magnesium whether in ingot or granular form. One Commissioner defined the *Domestic Like Product* differently in the expedited first five-year review, instead finding that pure magnesium and alloy magnesium (including secondary magnesium) were separate *Domestic Like Products*. For purposes of responding to the items requested in this notice, please provide information according to one *Domestic Like Product* that includes primary and secondary pure and alloy magnesium whether in ingot or granular form.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as producers of pure magnesium, including grinding operations. One Commissioner defined the *Domestic Industry* differently in the original determination (*i.e.*, not including grinders), and two Commissioners defined two separate *Domestic Industries* (*i.e.*, domestic producers of granular pure magnesium and domestic producers of pure
