

Thus, Executive Order 13175 does not apply to this action.

G. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

The EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that the EPA has reason to believe may disproportionately affect children, per the definition of “covered regulatory action” in section 2–202 of the Executive Order. This action is not subject to Executive Order 13045 because it does not impose additional requirements beyond those imposed by state law.

H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act (NTTAA)

Section 12(d) of the NTTAA directs the EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. The EPA believes that this action is not subject to the requirements of section 12(d) of the NTTAA because application of those requirements would be inconsistent with the CAA.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Population

The EPA lacks the discretionary authority to address environmental justice in this rulemaking.

K. Congressional Review Act (CRA)

This action is subject to the CRA, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

L. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 6, 2017. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial

review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: July 31, 2017.

Alexis Strauss,

Acting Regional Administrator, Region IX.

Part 52, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart F—California

■ 2. Section 52.220 is amended by adding paragraphs (c)(56)(i)(B), (c)(442)(i)(A)(5), and (c)(490) to read as follows:

§ 52.220 Identification of plan—in part.

* * * * *

(c) * * *

(56) * * *

(i) * * *

(B) Previously approved on November 10, 1980 in paragraph (c)(56)(i)(A) of this section and now deleted with replacement in paragraph (c)(490)(i)(A)(1) of this section: Rule 207 and Rule 209.

* * * * *

(442) * * *

(i) * * *

(A) * * *

(5) Rule 206, “Processing of Applications,” revised on October 22, 2013.

* * * * *

(490) An amended regulation was submitted on January 21, 2014 by the Governor’s designee.

(i) Incorporation by reference.

(A) Imperial County Air Pollution Control District.

(1) Rule 207, “Federal New Source Review,” revised on October 22, 2013.

§ 52.232 [Amended]

■ 3. Section 52.232 is amended by removing and reserving paragraph (a)(1).

§ 52.233 [Amended]

■ 4. Section 52.233 is amended by removing and reserving paragraph (a)(1).

BILLING CODE 6560–50–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 161020985–7181–02]

RIN 0648–XF654

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is reallocating the projected unused amount of Pacific cod from vessels using jig gear and catcher vessels greater than or equal to 60 feet (18.3 meters) length overall (LOA) using hook-and-line gear to catcher vessels less than 60 feet (18.3 meters) LOA using hook-and-line or pot gear in the Bering Sea and Aleutian Islands management area. This action is necessary to allow the 2017 total allowable catch of Pacific cod to be harvested.

DATES: Effective August 30, 2017, through 2400 hours, Alaska local time (A.l.t.), December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Obren Davis, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Bering Sea and Aleutian Islands (BSAI) according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2017 Pacific cod total allowable catch (TAC) specified for vessels using jig gear in the BSAI is 1,293 metric tons (mt) as established by the final 2017 and

2018 harvest specifications for groundfish in the BSAI (82 FR 11826, February 27, 2017) and one inseason adjustment (82 FR 8905, February 1, 2017).

The Administrator, Alaska Region, NMFS, (Regional Administrator) has determined that jig vessels will not be able to harvest 1,612 mt of the remaining 2017 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(1). Therefore, in accordance with § 679.20(a)(7)(iii)(A), NMFS apportions 1,612 mt of Pacific cod to the annual amount specified for catcher vessels less than 60 feet LOA using hook-and-line or pot gear.

The 2017 Pacific cod TAC specified for catcher vessels greater than or equal to 60 feet LOA using hook-and-line gear in the BSAI is 426 mt as established by final 2017 and 2018 harvest specifications for groundfish in the BSAI (82 FR 11826, February 27, 2017).

The Regional Administrator has determined that catcher vessels greater than or equal to 60 feet LOA using hook-and-line gear will not be able to harvest 426 mt of the remaining 2017 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(3). Therefore, in accordance with § 679.20(a)(7)(iii)(A), NMFS apportions 426 mt of Pacific cod

to catcher vessels less than 60 feet LOA using hook-and-line or pot gear.

The harvest specifications for Pacific cod included in the final 2017 harvest specifications for groundfish in the BSAI (82 FR 11826, February 27, 2017) and inseason adjustment (82 FR 8905, February 1, 2017) are revised as follows: 107 mt for vessels using jig gear, 0 mt for catcher vessels greater than or equal to 60 feet LOA using hook-and-line gear, and 7,571 mt to catcher vessels less than 60 feet LOA using hook-and-line or pot gear.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the reallocation of Pacific cod specified from other sectors to catcher

vessels less than 60 feet LOA using hook-and-line or pot gear. Since the fishery is currently open, it is important to immediately inform the industry as to the revised allocations. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 29, 2017.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 30, 2017.

Alan D. Risenhoover,
Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.
