

designated this rule filing as non-controversial.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>18</sup> normally does not become operative prior to 30 days after the date of the filing. However, Rule 19b-4(f)(6)(iii)<sup>19</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Exchange notes that the proposed rule change will promote consistency between the Exchange and CBOE Affiliated Exchanges, and is part of a larger technology integration that will ultimately reduce complexity for Users of the Exchange that are also participants on other CBOE Affiliated Exchanges.

The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investor and the public interest. The Commission notes that the proposed rule change is based on rules of its affiliated exchanges, CBOE and C2, and thus does not raise any new or novel issues. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.<sup>20</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (1) Necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

*A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change*

1. Purpose

Background

On June 17, 2016, the Commission granted IEX's application for registration as a national securities exchange under Section 6 of the Act including approval of rules applicable to the qualification, listing and delisting of companies on the Exchange. The Exchange plans to begin a listing program in the fourth quarter of 2017 and is proposing to amend Rule 11.152 to add provisions related to Market Maker withdrawals of quotations in securities listed on IEX.

IEX Rules 11.150 through 11.154 contain provisions applicable to IEX Market Makers, including registration, quotation obligations, withdrawal of quotations, voluntary termination of registration, and suspension and termination of quotations. Pursuant to Rule 11.151 a Member registered as a Market Maker is required to maintain a two-sided quotation within the designated percentage of the National Best Bid ("NBB") and National Best Offer ("NBO"),<sup>7</sup> as appropriate.

IEX Rule 11.152 governs the requirements for a Market Maker to obtain excused withdrawal status thereby temporarily suspending its obligation to comply with the two-sided quotation obligation of Rule 11.151. Specifically, Rule 11.152 provides the ability for a Market Maker to obtain excused withdrawal status under the following circumstances:

- Systemic equipment problems—An IEX Market Maker that wishes to obtain excused withdrawal status based on a market maker's systemic equipment problems, such as defects in an IEX Market Maker's software or hardware systems or connectivity problems associated with the circuits connecting Exchange systems with the IEX Market Maker's systems, shall contact IEX Market Operations. IEX Market Operations may grant excused

withdrawal status based on systemic equipment problems for up to five (5) business days, unless extended by IEX Market Operations.

- For securities listed on exchanges other than IEX—An IEX Market Maker that wishes to withdraw quotations shall contact IEX Regulation to obtain excused withdrawal status prior to withdrawing its quotations. Excused withdrawal status based on illness, vacations or physical circumstances beyond the Market Maker's control may be granted for up to five (5) business days, unless extended by IEX Regulation. Excused withdrawal status based on investment activity or advice of legal counsel, accompanied by a representation that the condition necessitating the withdrawal of quotations is not permanent in nature, may, upon written request, be granted for not more than sixty (60) days. The withdrawal of quotations because of pending news, a sudden influx of orders or price changes, or to effect transactions with competitors shall not normally constitute acceptable reasons for granting excused withdrawal status, unless IEX has initiated a trading halt for Market Makers in the security, pursuant to IEX Rule 11.280.<sup>8</sup>

- Failure to maintain a clearing arrangement—Excused withdrawal status may be granted to an IEX Market Maker that fails to maintain a clearing arrangement with a registered clearing agency or with a Member of such an agency and is withdrawn from participation in the trade reporting service of the Exchange, thereby terminating its registration as an IEX Market Maker.<sup>9</sup>

Other than for systemic equipment problems, a Market Maker that wishes to withdraw quotations in a security shall contact IEX Regulation to obtain excused withdrawal status prior to withdrawing its quotations. Withdrawals of quotations shall be granted by IEX Regulation only upon satisfying one of the conditions specified in Rule 11.152, as described above.

Proposed Rule Change

IEX proposes to amend paragraph (c) of Rule 11.152 to add provisions for a

Market Maker to obtain excused withdrawal status for securities listed on IEX. As proposed, a Market Maker in a security listed on IEX may obtain excused withdrawal status, thereby temporarily suspending its obligation to comply with the two-sided quotation obligation of Rule 11.151, under the following circumstances:

- Circumstances beyond the Market Maker's control—Excused withdrawal status based on circumstances beyond the IEX Market Maker's control,<sup>10</sup> other than systemic equipment problems, may be granted for up to five (5) business days, unless extended by IEX Regulation.

- Legal or regulatory requirements—Excused withdrawal status based on demonstrated legal or regulatory requirements,<sup>11</sup> supported by appropriate documentation and accompanied by a representation that the condition necessitating the withdrawal of quotations is not permanent in nature, may, upon notification, be granted for not more than sixty (60) days (unless such request is required to be made pursuant to proposed amendments to paragraph (e) related to the Member that operates the Market Maker acting as a manager, distribution participant or affiliated purchaser of a distribution in the security for which it seeks excused withdrawal status).

- Religious holidays—Excused withdrawal status based on religious holidays may be granted only if written notice is received by IEX one business day in advance and is approved by IEX.

- Vacation—Excused withdrawal status based on vacation may be granted only if: (A) The written request for withdrawal is received by IEX one business day in advance, and is approved by IEX; (B) The request includes a list of securities for which withdrawal is requested; and (C) The request is made by an IEX Market Maker that meets the definition of a "Small Firm Member" pursuant to Definition Y of the FINRA Restated Certification of Incorporation, even if the IEX Market Maker is not a FINRA member.<sup>12</sup>

As proposed, the withdrawal of quotations because of pending news, a sudden influx of orders or price

<sup>8</sup> Note, as described further below, the Exchange proposes to delete the final clause of this provision, which provides an exception for a trading halt initiated for Market Makers pursuant to IEX Rule 11.280. IEX Rule 11.280 (Limit Up-Limit Down Plan and Trading Halts), does not include a provision regarding a halt for Market Makers, and thus the cross-reference has no practical effect.

<sup>9</sup> However, if IEX finds that the IEX Market Maker's failure to maintain a clearing arrangement is voluntary, the withdrawal of quotations will be considered voluntary and unexcused.

<sup>10</sup> Such circumstances would include, without limitation, unpredictable events such as jury duty, bomb threats or other physical security issues, the birth of a child, or sudden illness.

<sup>11</sup> Such requirements would include, for example, possession of material nonpublic information regarding the security in question for which the Market Maker is seeking excused withdrawal status.

<sup>12</sup> In the event that FINRA's definition of a "Small Firm Member" is changed, IEX will file a rule change to address any such change in proposed Rule 11.152(c)(1)(C).

<sup>7</sup> As defined by Regulation NMS Rule 600(b)(42). 17 CFR 242.600.

changes, or to effect transactions with competitors shall not constitute acceptable reasons for granting excused withdrawal status.

The Exchange also proposes to amend paragraph (e) of Rule 11.152, which is currently reserved, to add provisions to provide that excused withdrawal status may be granted to an IEX Market Maker that is a distribution participant or an affiliated purchaser in order to comply with SEC Rule 101 or 104 under the Act. As proposed, such excused withdrawal status may be granted under the following conditions:

- Subparagraph (e)(1) of Rule 11.152 provides that a member acting as a manager (or in a similar capacity) of a distribution of a security that is a subject security or reference security under SEC Rule 101 and any member that is a distribution participant or an affiliated purchaser in such a distribution that does not have a manager shall provide written notice to IEX Regulation and the Market Regulation Department of FINRA no later than the business day prior to the first entire trading session of the one-day or five-day restricted period under SEC Rule 101, unless later notification is necessary under the specific circumstances.

- The notice required by subparagraph (e)(1) shall be provided by submitting a completed Underwriting Activity Report that includes a request on behalf of each IEX Market Maker that is a distribution participant or an affiliated purchaser to withdraw the IEX Market Maker's quotations and includes the contemplated date and time of the commencement of the restricted period.

- The managing underwriter shall advise each IEX Market Maker that it has been identified as a distribution participant or an affiliated purchaser to IEX Regulation and that its quotations will be automatically withdrawn, unless a market maker that is a distribution participant (or an affiliated purchaser of a distribution participant) notifies IEX Regulation as required by subparagraph (e)(2) of Rule 11.152 of its intention not to participate in the prospective distribution in order to avoid having its quotations withdrawn. Further, subparagraph (e)(3) provides that if an IEX Market Maker that is a distribution participant withdraws its quotations in an IEX-listed security in order to comply with any provision of SEC Rules 101 or 104 and promptly notifies IEX Regulation of its action, the withdrawal shall be deemed an excused withdrawal. In addition, subparagraph (e)(3) provides that nothing in the subparagraph shall prohibit IEX from taking such action as is necessary under

the circumstances against a Member and its associated persons for failure to contact IEX Regulation to obtain an excused withdrawal as required by subparagraphs (a) and (e) of Rule 11.152.

- Subparagraph (e)(5) of Rule 11.152 provides that a member acting as a manager (or in a similar capacity) of a distribution subject to subparagraph (e)(1) of Rule 11.152 shall submit a request on the Underwriting Activity Report to IEX Regulation and the Market Regulation Department of FINRA to rescind the excused withdrawal status of distribution participants and affiliated purchasers, which request shall include the date and time of the pricing of the offering, the offering price, and the time the offering terminated, and, if not in writing, shall be confirmed in writing no later than the close of business the day the offering terminates.

As noted above, the Exchange proposes to delete the final clause of the final sentence in Rule 11.152(c) (described above), which states that the withdrawal of quotations because of pending news, a sudden influx of orders or price changes, or to effect transactions with competitors shall not normally constitute acceptable reasons for granting excused withdrawal status, but provides an exception for a trading halt initiated for Market Makers pursuant to IEX Rule 11.280. IEX Rule 11.280 (Limit Up-Limit Down Plan and Trading Halts), does not include a provision granting the Exchange authority to halt trading for Market Makers, and thus the cross-reference has no practical effect.<sup>13</sup> The Exchange further proposes to make a conforming change to the preceding clause of the final sentence in Rule 11.152(c), to remove the qualifying term "normally" with regard to the circumstances that will not constitute acceptable reasons for granting excused withdrawal status, because such qualification is no longer necessary or applicable after the Exchange removed the exception for a trading halt initiated for Market Makers, as described above. The proposed deletion is designed to avoid any potential confusion amongst market makers regarding the reasons the Exchange would find acceptable for granting excused withdrawal status, and make the Exchanges rules more clear, concise, and accurate. Moreover, pursuant to Rule 11.151(a)(2), in the

<sup>13</sup> The Exchange notes that this provision was inadvertently included in the Exchange's original rule set, and is substantially similar to Nasdaq Rule 4619(c)(2), which provides an identical exception for a trading halt initiated for Nasdaq market makers pursuant to Nasdaq Rule 4120.

event a security is subject to a trading halt, the Market Maker's pricing obligations are suspended, and do not re-commence until after the first regular way transaction on the primary listing market in the security following such halt, as reported by the responsible single plan processor.

Finally, IEX proposes to correct a typographical [sic] in a cross-reference in paragraph (d) of Rule 11.152. As described above, paragraph (d) provides that excused withdrawal status may be granted to an IEX Market Maker that fails to maintain a clearing arrangement with a registered clearing agency or with a Member of such an agency and is withdrawn from participation in the trade reporting service of the Exchange, thereby terminating its registration as an IEX Market Maker. Paragraph (d) also provides that if IEX finds that the Market Maker's failure to maintain a clearance arrangement is voluntary, the withdrawal of quotations will be considered voluntary and unexcused pursuant to Rule 2.190. However, the reference to Rule 2.190 is incorrect and should instead reference Rule 11.153 which provides that a Market Maker may voluntarily terminate its registration in a security by withdrawing its two-sided quotation from the Exchange, and also describes the timeframes for registration after such a termination, including in the case of failure to maintain a clearance arrangement. Rule 2.190 governs voluntary termination of rights as a Member, which is not relevant to the provisions of paragraph (d), which relate to treating a voluntary failure to maintain a clearance arrangement as a voluntary termination of Market Maker registration. Accordingly, the Exchange proposes to correct this typographical error.

As proposed, the amendments to IEX Rule 11.152 would substantially conform the Rule to Nasdaq Stock Market LLC ("Nasdaq") Rule 4619, with minor nonsubstantive differences in terminology. Further, the proposed changes to IEX Rule 11.152(e) do not include provisions for passive market making pursuant to Rule 103 of Regulation M, which only applies to Nasdaq registered market makers.<sup>14</sup>

## 2. Statutory Basis

IEX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act<sup>15</sup> in general, and furthers the objectives of Section 6(b)(5)<sup>16</sup> of the Act in particular, in that

<sup>14</sup> 17 CFR 242.103.

<sup>15</sup> 15 U.S.C. 78f.

<sup>16</sup> 15 U.S.C. 78f(b)(5).

it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change supports these objectives because it is designed to provide appropriate, objective and transparent criteria for an IEX Market Maker in securities listed on IEX to withdraw its quotations and obtain excused withdrawal status. The Exchange further believes that the proposed rule change is consistent with the protection of investors and the public interest because the criteria to obtain excused withdrawal status accommodate legitimate issues that may be periodically encountered by IEX Market Makers that warrant an excused withdrawal, and are not designed to enable IEX Market Makers to avoid or circumvent their market making obligations through inappropriate excused withdrawals. The proposed changes to IEX Rule 11.152 are substantially similar to existing provisions of Nasdaq Rule 4619, subject to several minor differences described below. Thus, the Exchange does not believe that this rule change raises any new or novel issues not already considered by the Commission. Further, the Exchange believes that the proposed rule change is reasonable, equitable, and not unfairly discriminatory because all IEX Market Makers will be subject to the same requirements for excused withdrawals in securities listed on IEX.

Specifically, the Exchange believes that it is consistent with the protection of investors and the public interest to allow a Market Maker to obtain excused withdrawal status based on circumstances outside the Market Maker's control for up to five business days, unless extended by IEX Regulation, to provide appropriate accommodation for unpredictable events such as jury duty, bomb threats or other physical security issues, the birth of a child, or sudden illness. While the Exchange anticipates that Market Makers will utilize automated algorithms and other systemic tools to comply with the applicable quoting requirements, such systemic tools nonetheless must be overseen by one or more individuals who may experience unpredictable events that require time off. The Exchange believes that the permitted time period of up to five business days, unless extended, is reasonable and comports with the

length of time that unpredictable events generally last. The proposed amendments to Rule 11.152(c) in this regard are substantially identical to Nasdaq Rule 4619 (c) except for nonsubstantive terminology differences to refer to IEX rather than Nasdaq.

The Exchange additionally believes that it is consistent with the protection of investors and the public interest to allow a Market Maker to obtain excused withdrawal status based on demonstrated legal or regulatory requirements, for not more than 60 days, as described in the Purpose section to provide appropriate relief when a Market Maker is prohibited from trading in a particular security, such as if a Market Maker is in possession of material nonpublic information regarding a security in which it is registered. The Exchange believes that 60 days is a reasonable amount of time for the legal or regulatory requirement to be resolved, and that if it persists beyond that time period it would be appropriate for the Market Maker to terminate its registration in the security in question. The proposed amendments to Rule 11.152(c) in this regard are substantially identical to Nasdaq Rule 4619(c) except for nonsubstantive terminology differences to refer to IEX rather than Nasdaq.

The Exchange also believes that it is consistent with the protection of investors and the public interest to allow a Market Maker to obtain excused withdrawal status based on religious holidays to provide for such observances by the individual(s) overseeing Market Maker systemic tools in the case of religious holidays when IEX is open. The proposed amendments to Rule 11.152(c) in this regard are substantially identical to Nasdaq Rule 4619(c) except for nonsubstantive terminology differences to refer to IEX rather than Nasdaq.

The Exchange further believes that it is consistent with the protection of investors and the public interest to allow a Market Maker to obtain excused withdrawal status based on vacation, but to limit such excused withdrawals to the circumstances described in the Purpose section, including that the Market Maker meets the definition of a FINRA Small Firm Member, even if the IEX Market Maker is not a FINRA member. The Exchange believes that Market Makers should generally be able to manage staff vacations so that it can oversee its market making activity, but recognizes that smaller firms may not have adequate staff in this regard. The Exchange notes that Nasdaq Rule 4619 provides similar relief for vacations, but limits such relief to a market maker with

three or fewer Nasdaq level 3 terminals, which it believes is designed to similarly identify smaller firms. Since IEX Market Makers will not use Nasdaq terminals to connect to IEX, the Exchange believes that reference to the FINRA definition of a Small Member Firm is an appropriate alternative measure to account for smaller firms that serve as IEX Market Makers. Other than this difference, the proposed amendments to Rule 11.152(c) in this regard are substantially identical to Nasdaq Rule 4619(c) except for nonsubstantive terminology differences to refer to IEX rather than Nasdaq.

Further, the Exchange believes that it is consistent with the protection of investors and the public interest to allow a Market Maker to obtain excused withdrawal status in order to comply with SEC Rule 101 or 104 under the Act on the conditions described in the Purpose section. The Exchange notes that Rules 101 and 104 are part of Regulation M, which governs the activities of underwriters, issuers, selling security holders, and others in connection with offerings of securities, and is intended to preclude manipulative conduct by persons with an interest in the outcome of an offering.<sup>17</sup> The proposed amendments to IEX Rule 11.152(e) are designed to facilitate IEX Market Makers' compliance with SEC Rules 101 and 104 and support the objectives of Regulation M generally. The proposed changes to IEX Rule 11.152(e) in this regard are substantially identical to Nasdaq Rule 4619(e) except that they do not include provisions for passive market making pursuant to Rule 103 of Regulation M, which only applies to Nasdaq registered market makers, as discussed in the Purpose section.

In addition, the Exchange believes that it is consistent with the Act to delete the final clause of Rule 11.152(c), as well as the related qualifying language in the preceding clause, because the proposed deletion is designed to avoid any potential confusion amongst market makers regarding the reasons the Exchange would find acceptable for granting excused withdrawal status, and make the Exchange's rules more clear, concise, and accurate.

Finally, the Exchange believes that it is consistent with the Act to correct the cross-reference typographical error in paragraph (d) of Rule 11.152 to promote clarity and consistency among market participants thereby facilitating investor protection and the public interest. The

<sup>17</sup> Securities Exchange Act Release No. 34-38067 (January 3, 1997), 62 FR 520 (File No. S7-11-96).

corrected cross-reference is substantially identical to the cross reference in Nasdaq Rule 4619(d) to Nasdaq Rule 4620, which in turn is substantially identical to IEX Rule 11.153.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

IEX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to provide appropriate, objective and transparent criteria for Market Maker excused withdrawals in securities listed on IEX. The Exchange does not believe that the proposed rule change will result in any burden on intramarket competition because all Market Makers will be subject to the same criteria. The Exchange also does not believe that the proposed rule change will result in any burden on intermarket competition, since Nasdaq has substantially similar criteria for excused withdrawals and other exchanges are free to adopt comparable criteria. The Exchange also believes that the proposed rule change will serve to promote clarity and consistency, as noted in the Statutory Basis section, thereby reducing burdens on competition and facilitating investor protection.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>18</sup> and Rule 19b-4(f)(6) thereunder.<sup>19</sup>

<sup>18</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>19</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>20</sup> normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>21</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the Exchange's proposed rule change will conform IEX's rules to a substantially similar provision in the rules of Nasdaq, and the Exchange's proposal does not raise any new or novel issues. Accordingly, the Commission hereby waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing.<sup>22</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
