The project and action that are the subject of this notice follows:

Project name and location: Raritan River Bridge Replacement Project, Middlesex County, New Jersey. *Project Sponsor:* New Jersey Transit Corporation. *Project description:* This project consists of the demolition of the 100+ year old two-track Raritan River swing span bridge and replacement with a new two-track moveable vertical life span bridge on a parallel alignment to the west of the existing bridge. The Raritan River rail bridge suffered structural damage during Hurricane Sandy in October 2012, when ocean surge moved the approach girder spans out of alignment atop their supporting piers. The replacement of the bridge will reduce the vulnerability of the existing Raritan River rail bridge to major storm flood events, enhancing the reliability of the North Jersey Coast Line (NJCL), the third busiest of NJ Transit's commuter rail lines.

Final agency actions: Section 4(f) determination, dated June 2017; Section 106 Programmatic Agreement, dated August 21, 2017; and a Finding of No Significant Impact, dated October 13, 2017. *Supporting documentation:* Environmental Assessment dated June, 2017.

Associate Administrator Planning and Environment.

DEPARTMENT OF VETERANS AFFAIRS

Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery or a VA-funded State or Tribal Veterans' Cemetery

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Department of Veterans Affairs (VA) is updating the monetary reimbursement rates for caskets and urns purchased for the interment in a VA national cemetery or a VA-funded state or tribal veterans' cemetery of Veterans who die with no known next of kin and where there are insufficient resources for furnishing a burial container. The purpose of this notice is to notify interested parties of the rates that will apply to reimbursement claims that occur during calendar year (CY) 2018.

FOR FURTHER INFORMATION CONTACT: Eric Axelbank, Budget Formulation Division, National Cemetery Administration, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420. Telephone: (202) 632-7236 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: Section 2306(f) of title 38, U.S.C., authorizes VA National Cemetery Administration (NCA) to furnish a casket or urn for interment in a VA national cemetery or a VA-funded state or tribal veterans' cemetery of the unclaimed remains of Veterans for whom VA cannot identify a next of kin and determines that sufficient financial resources for the furnishing of a casket or urn for burial are not available. VA implemented regulations to administer this authority as a reimbursement benefit in section 38.628 of title 38, Code of Federal Regulations.

Public Law 114-273 extended VA's authority to furnish a casket or urn for interment of the unclaimed remains of Veterans for whom VA cannot identify a next of kin and determines that sufficient financial resources for the furnishing of a casket or urn for burial are not available when those remains are to be buried in a VA national cemetery or a VA-funded state or tribal

veterans' cemetery. The reimbursement amounts shown in this notice are applicable to those interments.

Reimbursement for a claim received in any CY will not exceed the average cost of a 20-gauge metal casket or a durable plastic urn during the fiscal year (FY) preceding the CY of the claim. Average costs are determined by market analysis for 20-gauge metal caskets, designed to contain human remains, with a gasketed seal, and external rails or handles. The same analysis is completed for durable plastic urns, designed to contain human remains, which include a secure closure to contain the cremated remains.

Using this method of computation, in FY 2017, the average costs for caskets were determined to be \$2,131 and \$169 for urns. Accordingly, the reimbursement rates payable for qualifying interments occurring during CY 2018 are \$2,131 for caskets and \$169 for urns.
