OPM's Human Resources Strategy and Evaluation Solutions performs assessment and related consultation activities for Federal agencies on a reimbursable basis. The assessments are authorized by various statutes and regulations: Section 4702 of Title 5, U.S.C.; E.O. 12862; E.O. 13715; Section 1128 of the National Defense Authorization Act for Fiscal Year 2004, Public Law 108-136; 5 U.S.C. 1101 note, 1103(a)(5), 1104, 1302, 3301, 3302, 4702, 7701 note; E.O. 13197, 66 FR 7853, 3 CFR 748 (2002); E.O. 10577, 12 FR 1259, 3 CFR, 1954-1958 Comp., p. 218; and Section 4703 of Title 5, United States Code.

This collection request includes surveys we currently use and plan to use during the next three years to measure agency performance, climate, engagement, and leadership effectiveness. OMB No. 3206-0252 covers a broad range of surveys all focused on improving organizational performance. Non-Federal respondents will almost never receive more than one of these surveys. All of these surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. Administration of Organizational Assessment Surveys (OAS) typically consists of a customized set of 50-150 standard items pulled from an item bank of nearly 500 items. The surveys almost always include a small set of 5-10 custom items developed to meet the agency's specific needs. The OAS is a general survey that subsumes the Federal Employee Viewpoint Survey (FEVS). OPM's Human Resources Strategy and Evaluation Solutions administers the FEVS for agencies to gather feedback from employee groups not covered by the official FEVS administration. Exit Surveys consist of approximately 60 items that assess reasons why employees decided to leave their organization. Customization is possible. The New Leaders Onboarding Assessment (NLOA) is a combined assessment consisting of approximately 130 items, including items measuring organizational climate, employee engagement, and leadership. New Employee Surveys consist of approximately 100 items that assess satisfaction with the hiring, orientation, and socialization of new employees. Training Needs Assessment Surveys consist of approximately 100 items that assess an agency's climate for training and employees' training preferences.

Program Evaluation surveys evaluate the effectiveness of government initiatives, programs, and offices. Program Evaluation surveys are always customized to assess specific program elements. Program Evaluation surveys may contain from 20 to 200 items, with an average of approximately 100 items. The surveys included under OMB No. 3206-0252 are almost always administered electronically.
