## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-696 (Fourth  
Review)]

### Pure Magnesium From China; Scheduling of an Expedited Five-Year Review

**AGENCY:** United States International  
Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives  
notice of the scheduling of an expedited  
review pursuant to the Tariff Act of  
1930 ("the Act") to determine whether  
revocation of the antidumping duty  
order on pure magnesium (ingot) from  
China would be likely to lead to  
continuation or recurrence of material  
injury within a reasonably foreseeable  
time.

**DATES:** *Effective Date:* January 6, 2017.

**FOR FURTHER INFORMATION CONTACT:**  
Amelia Shister (202-205-2047), Office

General information concerning the  
Commission may also be obtained by  
accessing its internet server (<https://www.usitc.gov>). The public record for  
this review may be viewed on the  
Commission's electronic docket (EDIS)  
at <https://edis.usitc.gov>.

#### SUPPLEMENTARY INFORMATION:

**Background.**—On January 6, 2017, the  
Commission determined that the  
domestic interested party group  
response to its notice of institution (81  
FR 68046, October 3, 2016) of the  
subject five-year review was adequate  
and that the respondent interested party  
group response was inadequate.<sup>1</sup> The  
Commission did not find any other  
circumstances that would warrant  
conducting a full review.<sup>2</sup> Accordingly,  
the Commission determined that it  
would conduct an expedited review  
pursuant to section 751(c)(3) of the  
Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning  
the conduct of this review and rules of  
general application, consult the  
Commission's Rules of Practice and  
Procedure, part 201, subparts A and B  
(19 CFR part 201), and part 207,  
subparts A, D, E, and F (19 CFR part  
207).

**Staff report.**—A staff report  
containing information concerning the  
subject matter of the review will be  
placed in the nonpublic record on

<sup>1</sup> Commissioner Pinkert did not participate in this  
determination.

<sup>2</sup> A record of the Commissioners' votes, the  
Commission's statement on adequacy, and any  
individual Commissioner's statements will be  
available from the Office of the Secretary and at the  
Commission's Web site.

February 17, 2017, and made available  
to persons on the Administrative  
Protective Order service list for this  
review. A public version will be issued  
thereafter, pursuant to section  
207.62(d)(4) of the Commission's rules.

**Written submissions.**—As provided in  
section 207.62(d) of the Commission's  
rules, interested parties that are parties  
to the review and that have provided  
individually adequate responses to the  
notice of institution,<sup>3</sup> and any party  
other than an interested party to the  
review may file written comments with  
the Secretary on what determination the  
Commission should reach in the review.  
Comments are due on or before  
February 23, 2017 and may not contain  
new factual information. Any person  
that is neither a party to the five-year  
review nor an interested party may  
submit a brief written statement (which  
shall not contain any new factual  
information) pertinent to the review by  
February 23, 2017. However, should the  
Department of Commerce extend the  
time limit for its completion of the final  
results of its review, the deadline for  
comments (which may not contain new  
factual information) on Commerce's  
final results is three business days after  
the issuance of Commerce's results. If  
comments contain business proprietary  
information (BPI), they must conform  
with the requirements of sections 201.6,  
207.3, and 207.7 of the Commission's  
rules. The Commission's rules with  
respect to filing were revised effective  
July 25, 2014. See 79 FR 35920 (June 25,  
2014), and the revised Commission  
Handbook on E-filing, available from the  
Commission's Web site at [https://www.usitc.gov/secretary/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/secretary/documents/handbook_on_filing_procedures.pdf).

In accordance with sections 201.16(c)  
and 207.3 of the rules, each document  
filed by a party to the review must be  
served on all other parties to the review  
(as identified by either the public or BPI  
service list), and a certificate of service  
must be timely filed. The Secretary will  
not accept a document for filing without  
a certificate of service.

**Determination.**—The Commission has  
determined these reviews are  
extraordinarily complicated and  
therefore has determined to exercise its  
authority to extend the review period by  
up to 90 days pursuant to 19 U.S.C.  
1675(c)(5)(B).

**Authority:** This review is being conducted  
under authority of title VII of the Tariff Act

<sup>3</sup> The Commission has found the responses  
submitted by US Magnesium LLC and the United  
Steel, Paper and Forestry, Rubber, Manufacturing,  
Energy, Allied Industrial and Service Workers  
International Union, Local 8319 to be individually  
adequate. Comments from other interested parties  
will not be accepted (see 19 CFR 207.62(d)(2)).

of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

**SUPPLEMENTARY INFORMATION:** This ICR seeks to extend PRA authority for the Construction Fall Protection Systems Criteria, Practices, and Training Requirements information collection requirements codified in regulations 29 CFR 1926.502 and -.503 that, respectively, require a covered employer to certify safety nets and to develop fall protection plans and to prepare worker training certification records. These standards help to ensure that the employer provides the required fall protection and training. Occupational Safety and Health Act sections 2(b) and 8(c) authorize this information collection. See 29 U.S.C. 651(b) and 657(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0197.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on February 28, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 30, 2016 (81 FR 67397).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at

the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0197. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
