II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Applications for Light-Water Reactors and Non-Light Water Reactors.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on November 27, 2017, 82 FR 56059.

10. **Abstract**: This voluntary information collection assists the NRC in determining resource and budget needs, as well as aligning the proper allocation and utilization of resources to support applicant submittals, future construction-related activities, and other anticipated part 50 and/or part 52 of title 10 of the *Code of Federal Regulations* (10 CFR) licensing and design certification rulemaking actions. In addition, information provided to the NRC staff is intended to promote early communications between the NRC and the respective addressees about potential 10 CFR part 50 and/or part 52 licensing actions and related activities, submission dates, and plans for construction and inspection activities.
