[Release No. 34-83041; File No. SR-CBOE-2018-027]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Select Customer Options Reduction Program

April 12, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 2, 2018, Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change a described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Select Customer Options Reduction program ("SCORE").³ By way of background, SCORE is a recently adopted discount program for Retail,⁴ Non-FLEX Customer ("C" origin code) volume in the following options classes: SPX (including SPXW), VIX, RUT, MXEA, MXEF & XSP ("Qualifying Classes"). The SCORE program is available to any Trading Permit Holder ("TPH") Originating Clearing Firm or non-TPH Originating Clearing Firm that sign up for the program.⁵ The SCORE program currently utilizes two measures for participation and discounts: (1) The Qualifying Tiers, which determine whether a firm qualifies for the discounts in either Tier A or Tier B and (2) the Discount Tiers, which determine the Originating Firm's applicable discount tiers and corresponding discounts. The Exchange proposes to

amend the lower threshold for Tier B of the Qualifying Tiers.

To determine an Originating Firm's Qualifying Tier, the Originating Firm's total Retail volume in the Qualifying Classes is divided by the Originating Firm's total Customer volume, Retail and non-Retail, in the Qualifying Classes. Currently if an Originating Firm's Retail volume is between 35.00% and 69.99%, the Originating Firm will qualify for Tier B discounts. If an Originating Firm's Retail volume is at or above 70.00%, the Originating Firm will qualify for Tier A discounts. The Qualifying Tier that is applied in a given month is based on an Originating Firm's Retail volume in the prior month (e.g., an Originating Firm's volume in January determines which Qualifying Tier applies in February). The Exchange proposes to amend the lower threshold to qualify for Tier B. Particularly, the Exchange proposes to lower the 35.00% threshold to 20.00% such that in order to qualify for Tier B discounts, an Originating Firm's Retail volume would need to be between 20.00% and 69.99%. The purpose of the proposed change is to adjust for current volume trends and make it easier for Originating Firms to obtain discounts.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its

Trading Permit Holders and other persons using its facilities.

The Exchange believes the proposed amendment to SCORE is reasonable because it adjusts for current volume trends and makes it easier for Customers orders from Originating Firms that register for the program to meet the qualifying threshold and receive the corresponding discount. The Exchange notes that SCORE will continue to provide an incremental incentive for Originating Firms to strive for the highest tier level, which provides increasingly higher discounts. The proposed rule change is designed to encourage increased Retail volume in the Qualifying Classes, which provides increased volume and greater trading opportunities for all market participants. The Exchange believes the proposed change is equitable and not unfairly discriminatory because the qualifying volume thresholds apply to all registered Originating Firms uniformly. The Exchange also notes that the rates set forth in the Discount Tiers are not changing.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because, while the discounts apply only to Customer orders from Originating Firms, the Program is designed to encourage increased Customer options volume in the Qualifying Classes, which provides greater trading opportunities for all market participants. Additionally, there is a history in the options markets of providing preferential treatment to Customers orders. The Exchange notes that the proposed change applies to all Originating Firms uniformly. The Exchange believes that the proposed rule change will not cause an unnecessary burden on intermarket competition because the Qualifying Classes are products that only trade on Cboe Options. To the extent that the proposed changes make the Exchange a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

³ The proposed SCORE amendment will be effective April 1, 2018 (i.e., April discounts will be based on March 2018 volume using the proposed threshold change).

⁴ For purposes of the program "Retail" orders will be defined as Customer orders for which the original order size (in the case of a simple order) or largest leg size (in the case of a complex order) is 100 contracts or less.

⁵ For this program, an "Originating Clearing Firm" is defined as either (a) the executing clearing Options Clearing Corporation ("OCC") number on any transaction which does not also include a Clearing Member Trading Agreement ("CMTA") OCC clearing number or (b) the CMTA in the case of any transaction which does include a CMTA OCC clearing number.

⁷ 15 U.S.C. 78f(b)(5).

⁸ 15 U.S.C. 78f(b)(4).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
