Foreign-Trade Zones Board

[B-9-2018]

Foreign-Trade Zone 31—Granite City, Illinois; Application for Reorganization and Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by America's Central Port District, grantee of FTZ 31, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u),

and the regulations of the Board (15 CFR part 400). It was formally docketed on February 5, 2018.

FTZ 31 was approved by the FTZ Board on September 6, 1977 (Board Order 122, 42 FR 46568; September 16, 1977) and expanded on January 16, 1985 (Board Order 289, 50 FR 3371; January 24, 1985) and October 3, 2003 (Board Order 1304, (68 FR 59162; October 14, 2003).

The current zone includes the following sites: *Site 1* (47 acres)—Tri-City Regional Port Complex, 2801 Rock Road, Granite City; *Site 3* (4.79 acres)—Fox Industries, 1100 Niedringhaus Avenue, Granite City; *Site 4* (2.82 acres)—Port District Industrial Park and Transportation Center, 1000 and 2000 Access Road, Madison; *Site 5* (2,254 acres)—Gateway Commerce Center, Intersection of 270 and I-255, Edwardsville; *Site 6* (458 acres)—River's Edge Industrial Park, 1635 West First Street, Granite City; and, *Site 7* (3,851 acres)—MidAmerica Airport, Intersection of I-64 and Route 4, Mascoutah.

The grantee's proposed service area under the ASF would be Bond, Calhoun, Clinton, Greene, Jersey, Macoupin, Madison, Monroe, Montgomery, Randolph, St. Clair, and Washington Counties, Illinois, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the St. Louis Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its zone to include existing Sites 1, 5 and 7 as "magnet" sites. The applicant requests that existing Site 1 be expanded to include the full port area and that existing Sites 4 and 6 be included as part of the expanded Site 1. As requested, the expanded Site 1 would total 1,530.6 acres. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. The applicant is also requesting the removal of Site 3 as well as Subzones 31A and 31C. The application would have no impact on Subzone 31B.

In accordance with the FTZ Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be

addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is April 10, 2018. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 25, 2018.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz. Certain Steel Nails From the United Arab Emirates: Rescission of 2016-2017 Antidumping Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain steel nails from the United Arab Emirates (UAE) for the period of review (POR), May 1, 2016, through April 30, 2017.

DATES: Applicable February 9, 2018.

FOR FURTHER INFORMATION CONTACT: Annatheia Cook, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-0250

SUPPLEMENTARY INFORMATION:

Background

On July 6, 2017, based on a timely request for review by Mid Continent Steel & Wire, Inc. (the petitioner), Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on certain steel

nails from the UAE, covering the POR.¹ On August 2, 2017, Commerce placed evidence on the record that the antidumping duty questionnaire was undeliverable to Overseas Distribution Services, Inc., (ODS), the sole respondent subject to the review, at the address provided.² We requested an alternate address from the petitioner, but the petitioner was unable to provide one.³ Although we re-sent the questionnaire to the original and two available alternate addresses from other segments of this proceeding,⁴ it continued to be undeliverable.⁵ Moreover, for two of the failed delivery attempts, the delivery company stated the business was closed.

On January 23, 2018, Commerce exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the preliminary determination of this review is now February 5, 2018.⁶

Rescission of Administrative Review

In instances when a questionnaire is returned because of an undeliverable address and the petitioner is unable to provide an alternative address, Commerce's practice is to rescind the review of the company.⁷ While

Commerce understands the concerns raised by the petitioner,⁸ it would be futile to conduct a review of a closed company. Because the questionnaire was undeliverable with indications that the business was closed, ODS being the only respondent under review, and the petitioner is unable to provide an alternative address, we are rescinding the administrative review of certain steel nails from the UAE for the 2016–2017 POR.

Assessment

We will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Because Commerce is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).
