*Title of Collection:* Experimental Sites Initiative Reporting Tool 2017.

*OMB Control Number:* 1845-NEW.

*Type of Review:* A new information collection.

*Respondents/Affected Public:* State, Local, and Tribal Governments; Private Sector.

*Total Estimated Number of Annual Responses:* 300.

*Total Estimated Number of Annual Burden Hours:* 5,400.

*Abstract:* Federal Student Aid (FSA) is requesting an additional 30 day public comment period, for this Experimental Sites Initiatives (ESI) information clearance request, to ensure that all affected parties will have an opportunity to review and respond to these proposed additional questions. Based on public comments received during the 30 day public comment period, which closed January 18, 2018, FSA is incorporating 40 new questions across the Institutional Surveys for seven of the experiments. The additional questions can be viewed as directed in the **ADDRESSES** section of this notice. FSA has determined that responding to the additional questions will add, on average, one hour of additional burden to affected parties. The collection of this data and the results of these experiments will help the Department in its continuing efforts to improve Title IV program administration.
