

terms of the legislation, RFEDs are subject to the same capital requirements as FCMs that are engaged in retail forex transactions, and, therefore, subject to the same reporting requirements. Accordingly, this collection was amended to reflect the financial reporting requirements of the new category of registrant, RFEDs.

In 2010, the U.S. Congress passed the Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), Public Law 111–203, 124 Stat. 1376 (2010), giving the Commission the authority to regulate certain swap markets and participants in those markets. Section 731 of the Dodd-Frank Act, amended the Commodity Exchange Act (“CEA”), 7 U.S.C. 1 *et seq.*, to add, as section 4s(e) thereof, provisions concerning the setting of initial and variation margin requirements for swap dealers (“SDs”) and major swap participants (“MSPs”). In 2016, the Commission finalized the Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants rule to implement those requirements. Specifically, Regulation 23.154(b) require SDs and MSPs that do not have a prudential regulator (“Covered Swap Entities” or “CSEs”) that are using a model to compute initial margin requirements to submit the model for review and approval by the Commission or a registered futures association. CSEs must also notify the Commission upon making certain changes to the model. The information required for the prior written approval of the margin model or for certain changes to such model, is needed to demonstrate that the model satisfies all of the requirements of Regulation 23.154(b).

Separately, in 2013, the Commission finalized rules in an effort to prevent unauthorized usage of customer funds by FCMs and RFEDs. The final rules include modifications to the reporting requirements required by the Commission which resulted in changes to the financial statements filed by FCMs and RFEDs, and made some of the recordkeeping requirements already contained in this OMB Collection Number 3038–0024 into reporting requirements. These rules added additional recordkeeping requirements by FCMs to assure the segregation of customer funds.

This collection, OMB Control No. 3038–0024, is needed for the Commission to continue its financial monitoring of its registrants. The burden hours are being revised to reflect the current number of registrants and updated to reflect more accurate numbers regarding the number of

financial reports filed, based on current historical data.
