

protection of investors against fraud.⁸ The MSRB believes that the proposed rule change is consistent with Section 15B(b)(2)(L)(iv) of the Act in that, while the proposed rule change would affect all municipal advisors, including small municipal advisors, any regulatory burden that results is necessary and appropriate in order to promote regulatory consistency of advertising standards.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)⁹ of the Act and Rule 19b-4(f)(6)¹⁰ thereunder, the MSRB has designated the proposed rule change as one that effects a change that: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate. A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative until 30 days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii)¹² permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.¹³ The MSRB has requested that the Commission designate the proposed rule change operative upon filing,¹⁴ as specified in Rule 19b-4(f)(6)(iii),¹⁵ which would make the proposed rule change operative on January 28, 2019.

The MSRB notes that the proposed rule change does not contain any amendments to the text of MSRB rules but extends the effective date of the amendments to Rule G-21 and new

Rule G-40, which were previously approved by the Commission. The MSRB believes that by extending the effective date until after the guidance concerning the use of social media under MSRB advertising rules is finalized, dealers and municipal advisors will be afforded the time necessary to develop effective compliance procedures. Further, the MSRB has stated that, in light of a 30-day operative period that would conclude after the original effective date of February 7, 2019, an earlier operative date would provide regulatory certainty to dealers and municipal advisors that the effective date for compliance with the amendments to Rule G-21 and new Rule G-40 is extended.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The proposed rule change will help promote effective compliance with the amendments to Rule G-21 and new Rule G-40. Waiver of the 30-day operative period will provide certainty to dealers and municipal advisors that the effective date for compliance with the amendments to Rule G-21 and new Rule G-40 is extended in advance of February 7, 2019 and avoid confusion in the market. Accordingly, the Commission hereby waives the 30-day operative delay specified in Rule 19b-4(f)(6)(iii) and designates the proposed rule change to be operative upon filing.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Abstract of Proposed Collection

The information collected on the DS-4283 is used to facilitate the issuance of passports to U.S. nationals with imminent travel plans who hire private courier companies to deliver their applications to one of twelve Department domestic passport agencies. The Department asks courier company employees to complete the DS-4283 for each service type and submit the form with passport applications delivered in bulk to passport agencies in a designated drop-off box. Passport agencies use the form to track the submission of applications that a courier drops off. The form serves as a record of receipt of documents submitted to the Department and as an acknowledgment of who delivered these documents. The DS-4283 is part of a Department effort to facilitate the delivery of passport applications by private courier companies while maintaining the integrity of the passport application process.

Methodology

This form is used to track the processing of passport applications delivered in bulk to passport agencies by private courier companies. Courier employees are asked to attach the form onto sealed envelopes or packages containing passport applications which they deliver in bulk to designated drop-off facilities at one of twelve passport agencies for processing.
