

Contact Person: Ms. Angelice Mitrakas, Office of Autism Research Coordination, National Institute of Mental Health, NIH, 6001 Executive Boulevard, Room 6182A, Bethesda, MD 20892-9669, Phone: 301-435-9269, Email: IACCPublicInquiries@mail.nih.gov.

Public Comments: Any member of the public interested in presenting oral comments to the IACC must notify the Contact Person listed on this notice by 5:00 p.m. ET on Friday, July 12, 2019 with their request to present oral comments at the meeting, and a written/electronic copy of the oral presentation/statement must be submitted by 5:00 p.m. ET on Tuesday, July 16, 2019.

A limited number of slots for oral comment are available, and in order to ensure that as many different individuals are able to present throughout the year as possible, any given individual only will be permitted to present oral comments once per calendar year (2019). Only one representative of an organization will be allowed to present oral comments in any given meeting; other representatives of the same group may provide written comments. If the oral comment session is full, individuals who could not be accommodated are welcome to provide written comments instead. Comments to be read or presented in the meeting will be assigned a 3–5 minute time slot depending on the number of comments, but a longer version may be submitted in writing for the record. Commenters going beyond their allotted time in the meeting may be asked to conclude immediately in order to allow other comments and presentations to proceed on schedule.

Any interested person may submit written public comments to the IACC prior to the meeting by emailing the comments to IACCPublicInquiries@mail.nih.gov or by submitting comments at the web link: <https://iacc.hhs.gov/meetings/public-comments/submit/index.jsp> by 5:00 p.m. ET on Tuesday, July 16, 2019. The comments should include the name, address, telephone number, and when applicable, the business or professional affiliation of the interested person. NIMH anticipates written public comments received by 5:00 p.m. ET on Tuesday, July 16, 2019 will be presented to the Committee prior to the meeting for the Committee's consideration. Any written comments received after the 5:00 p.m. ET, Tuesday, July 16, 2019 deadline through Tuesday, July 23, 2019 will be provided to the Committee either before or after the meeting, depending on the volume of comments received and the time required to process them in accordance with privacy regulations and other

applicable Federal policies. All written public comments and oral public comment statements received by the deadlines for both oral and written public comments will be provided to the IACC for their consideration and will become part of the public record. Attachments of copyrighted publications are not permitted, but web links or citations for any copyrighted works cited may be provided.

Individuals may also submit public comments to the IACC via a Live Feedback Form accessible from the webcast page on the day of the meeting from 9:00 a.m. ET to 11:00 a.m. ET. No pre-registration required. The link will be accessible on the NIH Videocast website at <https://videocast.nih.gov> and instructions are available on the IACC website: <https://iacc.hhs.gov/meetings/iacc-meetings/live-feedback.shtml>. This format is best suited for brief questions and comments for the committee. Submissions will be provided to the IACC and will become a part of the public record.

In the 2016–2017 IACC Strategic Plan, the IACC listed the “Spirit of Collaboration” as one of its core values, stating that, “We will treat others with respect, listen with open minds to the diverse views of people on the autism spectrum and their families, thoughtfully consider community input, and foster discussions where participants can comfortably where participants can comfortably offer opposing opinions.” In keeping with this core value, the IACC and the NIMH Office of Autism Research Coordination (OARC) ask that members of the public who provide public comments or participate in meetings of the IACC also seek to treat others with respect and consideration in their communications and actions, even when discussing issues of genuine concern or disagreement.

Remote Access: The meeting will be open to the public through a conference call phone number and webcast live on the internet. Members of the public who participate using the conference call phone number will be able to listen to the meeting but will not be heard. If you experience any technical problems with the webcast or conference call, please send an email to IACCPublicInquiries@mail.nih.gov or call 240-668-0302.

Disability Accommodations: All IACC Full Meetings provide Closed Captioning through the NIH videocast website. Remote CART is provided through a web application and will be available at all meetings; the application can be used on a laptop computer or mobile device. For details please inquire

with the Contact Person listed on the notice.

Individuals whose full participation in the meeting will require special accommodations (e.g., sign language, or interpreting services, etc.) must submit a request to the Contact Person listed on the notice at least seven (7) business days prior to the meeting. Such requests should include a detailed description of the accommodation needed and a way for the IACC to contact the requester if more information is needed to fill the request. Special requests should be made as early as possible; last minute requests may be made but may not be possible to accommodate.

Security: Visitors will be asked to sign in and show one form of identification (for example, a government-issued photo ID, driver's license, or passport) at the meeting registration desk during the check-in process. Pre-registration is recommended. Seating will be limited to the room capacity and seats will be on a first come, first served basis, with expedited check-in for those who are pre-registered.

Meeting schedule subject to change.

Information about the IACC is available on the website: <http://www.iacc.hhs.gov>.

Dated: February 7, 2019.

Melanie J. Pantoja,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Cancer Institute; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and/or contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with grant applications and/or contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Cancer Institute Special Emphasis Panel; PREVENT:

cGMP Production of Vaccines and Biologicals.

Date: March 27, 2019.

Time: 11:00 a.m. to 3:00 p.m.

Agenda: To review and evaluate contract proposals.

Place: National Cancer Institute, Shady Grove, 9609 Medical Center Drive, Room 7W260, Rockville, MD 20850 (Telephone Conference Call).

Contact Person: Nadeem Khan, Ph.D., Scientific Review Officer, Research Technology and Contract Review Branch, Division of Extramural Activities, National Cancer Institute, NIH, 9609 Medical Center Drive, Room 7W260, Bethesda, MD 20892–9750, 240–276–5856, nadeem.khan@nih.gov.

Name of Committee: National Cancer Institute Special Emphasis Panel; R13 Conference Grant Review.

Date: March 27, 2019.

Time: 12:30 p.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Cancer Institute, Shady Grove, 9609 Medical Center Drive, Room 7W554, Rockville, MD 20850, (Telephone Conference Call).

Contact Person: Christopher L. Hatch, Ph.D., Scientific Review Officer, Program Coordination and Referral Branch, Division of Extramural Activities, National Cancer Institute, NIH, 9609 Medical Center Drive, Room 7W554, Bethesda, MD 20892–9750, 240–276–6454, ch29v@nih.gov.

Request for Renewal of the Incidental Take Permit and Habitat Conservation Plan for Incidental Take of Hawaiian Stilts; Cyanotech Aquaculture Facility, Hawaii

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received

an application from Cyanotech (applicant) for a renewal of an incidental take permit (ITP) under the Endangered Species Act. The applicant is requesting renewal of their ITP and their 2002 habitat conservation plan (HCP) for Hawaiian stilt at the Cyanotech aquaculture facility at Keahole Point, Hawaii. If renewed, the ITP would authorize the take of the Hawaiian stilt that may occur incidental to the operation and maintenance of the aquaculture facility. The ITP application includes a HCP renewal document describing the actions and measures the applicant will implement to avoid, minimize, mitigate, and monitor incidental take of the species. We are making the HCP renewal and the NEPA environmental action statement for categorical exclusion, available for public review and comment.

DATES: To ensure consideration, please send your written comments by March 15, 2019.

ADDRESSES: To request further information or submit written comments, please use one of the following methods, and note that your information request or comments are in reference to the Cyanotech HCP and the proposed renewal of the ITP:

- *Internet:* Documents may be viewed on the internet at <http://www.fws.gov/pacificislands/>.

- *Email:* pifwo_admin@fws.gov.

Include “Cyanotech HCP” in the subject line of the message.

- *U.S. Mail:* Field Supervisor, U.S. Fish and Wildlife Service, Pacific Islands Fish and Wildlife Office, 300 Ala Moana Boulevard, Room 3–122, Honolulu, HI 96850.

- *Fax:* 808–792–9581, Attn: Field Supervisor. Include “Cyanotech HCP” in the subject line of the message.

- *In-Person Drop-off, Viewing, or Pickup:* Comments and materials received will be available for public inspection, by appointment, during normal business hours at the Pacific Islands Fish and Wildlife Office (address above). Written comments can be dropped off during regular business hours on or before the closing date of the public comment period (see **DATES**).

FOR FURTHER INFORMATION CONTACT: Jodi Charrier, Endangered Species Biologist, by mail at the address in **ADDRESSES**; by telephone at 808–792–9400; or by email at pifwo_admin@fws.gov. If you use a telecommunications device for the deaf, please call the Federal Relay Service at 800–877–8339.

SUPPLEMENTARY INFORMATION: The Service has received an ITP application from Cyanotech in accordance with the requirements of the Endangered Species

Act (ESA; 16 U.S.C. 1531 *et seq.*). The applicant is requesting renewal of an ITP to authorize incidental take of the endangered Hawaiian stilt (*Himantopus mexicanus knudseni*), hereafter referred to as the covered species or Hawaiian stilt. If renewed, the ITP would authorize take of the covered species that may occur incidental to the operation and maintenance of the Cyanotech aquaculture facility for an additional 19 years, until 2035. The ITP application includes a HCP renewal document describing the actions and measures the applicant will implement to avoid, minimize, mitigate, and monitor incidental take of the covered species. We are making the ITP application, including the NEPA environmental action statement for a categorical exclusion available for public review and comment.

Background

Section 9 of the ESA prohibits the take of fish and wildlife species listed as endangered or threatened under section 4 of the ESA. Under the ESA, the term “take” means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct (16 U.S.C. 1532(19)). The term “harm,” as defined in our regulations, includes significant habitat modification or degradation that results in death or injury to listed species by significantly impairing essential behavioral patterns, including breeding, feeding, or sheltering (50 CFR 17.3).

However, under specified circumstances, the Service may issue permits that authorize take of federally listed species, provided the take is incidental to, but not the purpose of, an otherwise lawful activity. Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32, respectively. Section 10(a)(1)(B) of the ESA contains provisions for issuing such incidental take permits to non-Federal entities for the take of endangered and threatened species, provided the following criteria are met:

- (1) The taking will be incidental;
- (2) The applicant will prepare a conservation plan that, to the maximum extent practicable, identifies the steps the applicant will take to minimize and mitigate the impact of such taking;
- (3) The applicant will ensure that adequate funding for the plan will be provided;
- (4) The taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild; and
