

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change will apply to all Clearing Trading Permit Holder Proprietary facilitation orders uniformly. Additionally, while the proposed transaction waiver applies only to Clearing Trading Permit Holders Proprietary facilitation orders, Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity, as further discussed above. Additionally, such trades add transparency and promote price discovery to the benefit of all market participants.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because Sector Index options will be exclusively listed on Cboe Options. To the extent that the proposed change makes Cboe Options a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
