

of this section must make the required certified demonstration in paragraph (b)(2)(i) of this section or the certified commitment to comply with the reporting requirements in paragraph (b)(2)(ii) of this section in the notification required by paragraph (c) of this section.

(f) If the licensee seeks to be exempted from the reporting requirements contained in § 1.767(1), the licensee should demonstrate that each foreign carrier affiliate named in the notification lacks market power pursuant to § 63.10(a)(3) of this chapter. See § 63.10(a)(3) of this chapter.

(g) *Procedure.* After the Commission issues a public notice of the submissions made under this section, interested parties may file comments within fourteen (14) days of the public notice.

(1) If the Commission deems it necessary at any time before or after the deadline for submission of public comments, the Commission may impose reporting requirements on the licensee based on the provisions of § 1.767(1). See § 1.767(1).

(2) In the case of a prior notification filed pursuant to paragraph (a) of this section in which the foreign carrier is authorized to operate in, or own a cable landing station in, a non-WTO Member, the licensee must demonstrate that it continues to serve the public interest for it to retain its interest in the cable landing license for that segment of the cable that lands in the non-WTO destination market by demonstrating either that the foreign carrier lacks market power in that destination market pursuant to § 63.10(a)(3) of this chapter or the market offers effective opportunities for U.S. companies to land and operate a submarine cable in that country. If the licensee is unable to make either required showing or is notified that the affiliation may otherwise harm the public interest pursuant to the Commission's policies and rules under 47 U.S.C. 34 through 39 and Executive Order No. 10530, dated May 10, 1954, then the Commission may impose conditions necessary to address any public interest harms or may proceed to an immediate authorization revocation hearing.

NOTE TO PARAGRAPH (g)(2): The assessment of whether a destination market offers effective opportunities for U.S. companies to land and operate a submarine cable will be made under the standard established in *Rules and Policies on Foreign Participation in the U.S. Telecommunications Market, Market Entry and Regulation of Foreign-Affiliated Entities*, IB Docket Nos. 97–142 and 95–22, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891, 23946 at paragraph 130, 62 FR 64741, December 9, 1997.

(h) All licensees are responsible for the continuing accuracy of information provided pursuant to this section for a period of forty-five (45) days after filing. During this period if the information furnished is no longer accurate, the licensee shall as promptly as possible, and in any event within ten (10) days, unless good cause is shown, file with the Commission a corrected notification referencing the FCC file numbers under which the original notification was provided.

(i) A licensee that files a prior notification pursuant to paragraph (a) of this section may request confidential treatment of its filing, pursuant to § 0.459 of this chapter, for the first twenty (20) days after filing.

(j) Subject to the availability of electronic forms, all notifications described in this section must be filed electronically through the International Bureau Filing System (IBFS). A list of forms that are available for electronic filing can be found on the IBFS homepage. NOTE TO § 1.768: The terms “affiliated” and “foreign carrier,” as used in this section, are defined as in § 63.09 of this chapter except that the term “foreign carrier” also shall include an entity that owns or controls a cable landing station in a foreign market.

§ 1.773 Petitions for suspension or rejection of new tariff filings.

(a) *Petition*—(1) *Content*. Petitions seeking investigation, suspension, or rejection of a new or revised tariff filing or any provision thereof shall specify the filing's Federal Communications Commission tariff number and carrier transmittal number, the items against which protest is made, and the specific reasons why the protested tariff filing warrants investigation, suspension, or rejection under the Communications Act. No petition shall include a prayer that it also be considered a formal complaint. Any formal complaint shall be filed as a separate pleading as provided in § 1.721.

(i) Petitions seeking investigation, suspension, or rejection of a new or revised tariff filing or any provision of such a publication, must specify the pertinent Federal Communications Commission tariff number and carrier transmittal number; the matters protested; and the specific reasons why the tariff warrants investigation, suspension, or rejection. When a single petition asks for more than one form of relief, it must separately and distinctly plead and support each form of relief. However, no petition may ask that it also be considered a formal complaint. Formal complaints must be separately lodged, as provided in § 1.721.

(ii) For purposes of this section, tariff filings by nondominant carriers will be considered *prima facie* lawful, and will not be suspended by the Commission unless the petition requesting suspension shows:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That the harm alleged to competition would be more substantial than the injury to the public arising

from the unavailability of the service pursuant to the rates and conditions proposed in the tariff filing;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(iii) For the purpose of this section, any tariff filing by a local exchange carrier filed pursuant to the requirements of § 61.39 will be considered *prima facie* lawful and will not be suspended by the Commission unless the petition requesting suspension shows that the cost and demand studies or average schedule information was not provided upon reasonable request. If such a showing is not made, then the filing will be considered *prima facie* lawful and will not be suspended by the Commission unless the petition requesting suspension shows each of the following:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That any unreasonable rate would not be corrected in a subsequent filing;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.

(iv) For the purposes of this section, tariff filings made pursuant to § 61.49(b) by carriers subject to price cap regulation will be considered *prima facie* lawful, and will not be suspended by the Commission unless the petition shows that the support information required in § 61.49(b) was not provided, or unless the petition requesting suspension shows each of the following:

(A) That there is a high probability the tariff would be found unlawful after investigation;

(B) That the suspension would not substantially harm other interested parties;

(C) That irreparable injury will result if the tariff filing is not suspended; and

(D) That the suspension would not otherwise be contrary to the public interest.
