

## Federal Communications Commission

## § 54.401

consumers elect not to allow the completion of outgoing toll calls from their telecommunications channel.

(c) *Toll control*. “Toll control” is a service provided by carriers that allows consumers to specify a certain amount of toll usage that may be incurred on their telecommunications channel per month or per billing cycle.

(d) *Toll limitation*. “Toll limitation” denotes either toll blocking or toll control for eligible telecommunications carriers that are incapable of providing both services. For eligible telecommunications carriers that are capable of providing both services, “toll limitation” denotes both toll blocking and toll control.

(e) *Eligible resident of Tribal lands*. An “eligible resident of Tribal lands” is a “qualifying low-income consumer,” as defined in paragraph (a) of this section, living on or near a reservation. A “reservation” is defined as any federally recognized Indian tribe’s reservation, pueblo, or colony, including former reservations in Oklahoma, Alaska Native regions established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688), and Indian allotments. “Near reservation” is defined as those areas or communities adjacent or contiguous to reservations which are designated by the Department of Interior’s Commission of Indian Affairs upon recommendation of the local Bureau of Indian Affairs Superintendent, which recommendation shall be based upon consultation with the tribal governing body of those reservations, as locales appropriate for the extension of financial assistance and/or social services, on the basis of such general criteria as: Number of Indian people native to the reservation residing in the area; a written designation by the tribal governing body that members of their tribe and family members who are Indian residing in the area, are socially, culturally and economically affiliated with their tribe and reservation; geographical proximity of the area to the reservation, and administrative feasibility of providing an adequate level of services to the area.

NOTE TO PARAGRAPH (e): The Commission stayed implementation of paragraph (e) as applied to qualifying low-income consumers

living “near reservations” on August 31, 2000 (15 FCC Rcd 17112).

(f) *Income*. “Income” is all income actually received by all members of the household. This includes salary before deductions for taxes, public assistance benefits, social security payments, pensions, unemployment compensation, veteran’s benefits, inheritances, alimony, child support payments, worker’s compensation benefits, gifts, lottery winnings, and the like. The only exceptions are student financial aid, military housing and cost-of-living allowances, irregular income from occasional small jobs such as baby-sitting or lawn mowing, and the like.

### § 54.401 Lifeline defined.

(a) As used in this subpart, *Lifeline* means a retail local service offering:

(1) That is available only to qualifying low-income consumers;

(2) For which qualifying low-income consumers pay reduced charges as a result of application of the Lifeline support amount described in § 54.403; and

(3) That includes the services or functionalities enumerated in § 54.101 (a)(1) through (a)(9). The carriers shall offer toll limitation to all qualifying low-income consumers at the time such consumers subscribe to Lifeline service. If the consumer elects to receive toll limitation, that service shall become part of that consumer’s Lifeline service.

(b) [Reserved]

(c) Eligible telecommunications carriers may not collect a service deposit in order to initiate Lifeline service, if the qualifying low-income consumer voluntarily elects toll limitation service from the carrier, where available. If toll limitation services are unavailable, the carrier may charge a service deposit.

(d) The state commission shall file or require the eligible telecommunications carrier to file information with the Administrator demonstrating that the carrier’s Lifeline plan meets the criteria set forth in this subpart and stating the number of qualifying low-income consumers and the amount of

state assistance. Eligible telecommunications carriers not subject to state commission jurisdiction also shall make such a filing with the Administrator. Lifeline assistance shall be made available to qualifying low-income consumers as soon as the Administrator certifies that the carrier's Lifeline plan satisfies the criteria set out in this subpart.

(e) Consistent with § 52.33(a)(1)(i)(C), eligible telecommunications carriers may not charge Lifeline customers a monthly number-portability charge.

#### § 54.403 Lifeline support amount.

(a) The Federal Lifeline support amount for all eligible telecommunications carriers shall equal:

(1) *Tier One.* The tariffed rate in effect for the primary residential End User Common Line charge of the incumbent local exchange carrier serving the area in which the qualifying low-income consumer receives service, as determined in accordance with § 69.104 or §§ 69.152(d)(1) and 69.152(q) of this chapter, whichever is applicable;

(2) *Tier Two.* Additional federal Lifeline support in the amount of \$1.75 per month will be made available to the eligible telecommunications carrier providing Lifeline service to the qualifying low-income consumer, if that carrier certifies to the Administrator that it will pass through the full amount of Tier-Two support to its qualifying, low-income consumers and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(3) *Tier Three.* Additional federal Lifeline support in an amount equal to one-half the amount of any state-mandated Lifeline support or Lifeline support otherwise provided by the carrier, up to a maximum of \$1.75 per month in federal support, will be made available to the carrier providing Lifeline service to a qualifying low-income consumer if the carrier certifies to the Administrator that it will pass through the full amount of Tier-Three support to its qualifying low-income consumers and that it has received any non-federal

regulatory approvals necessary to implement the required rate reduction.

(4) *Tier Four.* Additional federal Lifeline support of up to \$25 per month will be made available to an eligible telecommunications carrier providing Lifeline service to an eligible resident of Tribal lands, as defined in § 54.400(e), to the extent that:

(i) This amount does not bring the basic local residential rate (including any mileage, zonal, or other non-discretionary charges associated with basic residential service) below \$1 per month per qualifying low-income subscribers; and

(ii) The eligible telecommunications carrier certifies to the Administrator that it will pass through the full Tier-Four amount to qualifying eligible residents of Tribal lands and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(b) For a qualifying low-income consumer who is not an eligible resident of Tribal lands, as defined in § 54.400(e), the federal Lifeline support amount shall not exceed \$3.50 plus the tariffed rate in effect for the primary residential End User Common Line charge of the incumbent local exchange carrier serving the area in which the qualifying low-income consumer receives service, as determined in accordance with § 69.104 or § 69.152(d) and (q) of this chapter, whichever is applicable. For an eligible resident of Tribal lands, the federal Lifeline support amount shall not exceed \$28.50 plus that same End User Common Line charge. Eligible telecommunications carriers that charge federal End User Common Line charges or equivalent federal charges shall apply Tier-One federal Lifeline support to waive the federal End-User Common Line charges for Lifeline consumers. Such carriers shall apply any additional federal support amount to a qualifying low-income consumer's intrastate rate, if the carrier has received the non-federal regulatory approvals necessary to implement the required rate reduction. Other eligible telecommunications carriers shall apply the Tier-One federal Lifeline support amount, plus any additional support amount, to reduce their lowest
