§ 64.1402 Rights and responsibilities of interconnectors.

(a) For the purposes of this subpart, an interconnector means a party taking expanded interconnection offerings. Any party shall be eligible to be an interconnector.

(b) Interconnectors shall have the right, under expanded interconnection, to interconnect their fiber optic systems and, where reasonably feasible, their microwave transmission facilities.

(c) Interconnectors shall not be allowed to use interstate special access expanded interconnection offerings to connect their transmission facilities with the local exchange carrier's interstate switched services until that local exchange carrier's tariffs implementing expanded interconnection for switched transport have become effective.

Subpart O—Interstate Pay-Per-Call and Other Information Services

SOURCE: 58 FR 44773, Aug. 25, 1993, unless otherwise noted.

§ 64.1501 Definitions.

For purposes of this subpart, the following definitions shall apply:

(a) *Pay-per-call service* means any service:

(1) In which any person provides or purports to provide:

(i) Audio information or audio entertainment produced or packaged by such person;

(ii) Access to simultaneous voice conversation services; or

(iii) Any service, including the provision of a product, the charges for which are assessed on the basis of the completion of the call;

(2) For which the caller pays a per-call or per-time-interval charge that is

greater than, or in addition to, the charge for transmission of the call; and

(3) Which is accessed through use of a 900 number;

(4) Provided, however, such term does not include directory services provided by a common carrier or its affiliate or by a local exchange carrier or its affiliate, or any service for which users are assessed charges only after entering into a presubscription or comparable arrangement with the provider of such service.

(b) *Presubscription or comparable arrangement* means a contractual agreement in which:

(1) The service provider clearly and conspicuously discloses to the consumer all material terms and conditions associated with the use of the service, including the service provider's name and address, a business telephone number which the consumer may use to obtain additional information or to register a complaint, and the rates for the service;

(2) The service provider agrees to notify the consumer of any future rate changes;

(3) The consumer agrees to use the service on the terms and conditions disclosed by the service provider; and

(4) The service provider requires the use of an identification number or other means to prevent unauthorized access to the service by nonsubscribers;

(5) Provided, however, that disclosure of a credit, prepaid account, debit, charge, or calling card number, along with authorization to bill that number, made during the course of a call to an information service shall constitute a presubscription or comparable arrangement if an introductory message containing the information specified in § 64.1504(c)(2) is provided prior to, and independent of, assessment of any charges. No other action taken by a consumer during the course of a call to an information service, for which charges are assessed, can create a presubscription or comparable arrangement.

(6) Provided, that a presubscription arrangement to obtain information services provided by means of a toll-free number shall conform to the requirements of § 64.1504(c).
