

(d) A cable operator may file a consolidated response to multiple complaints regarding the identical rate or rate increase. A consolidated response must be filed within 30 days from the date of service of the first complaint received, unless the Commission notifies the cable operator to the contrary. A cable operator may amend a consolidated response to address new issues raised by complaints received after the cable operator's initial response.

(e) A cable operator that fails to file and serve a response to a valid complaint may be deemed in default. If the Commission deems a cable operator in default, the Commission may enter an order against the cable operator finding the rate to be unreasonable and mandating appropriate relief.

(f) A cable operator need not respond to any complaint that is:

- (1) Not filed on the applicable form; or
- (2) That the Commission determined is defective *and* has so notified the cable operator.

§ 76.957 Commission adjudication of the complaint.

The Commission will consider the complaint and the cable operator's response and then determine by written decision whether the rate for the cable programming service or associated equipment is unreasonable or not. In making its determination, the Commission will only review the amount of the rate increase subject to the complaint. If the Commission determines that the rate change in question is unreasonable, it will grant the complaint and may order appropriate relief, including, but not limited to, prospective rate reductions and refunds. If it determines that the rate in question is reasonable, the Commission will deny the complaint.

§ 76.960 Prospective rate reductions.

(a) For an operator that adjusts its rates using the quarterly rate adjustment system pursuant to Section 76.922(d), the Commission's decision regarding a prospective rate reduction shall remain binding on the cable operator for one year unless the Commission specifies otherwise.

(b) For an operator that adjusts its rates using the annual rate adjustment system pursuant to Section 76.922(e), for one year following the Commission's decision, the operator shall provide the Commission at least 30 days' notice of any proposed change.

§ 76.961 Refunds.

(a) Upon a finding that a rate for cable programming service or associated equipment is unreasonable, the Commission may order the cable operator to refund to subscribers that portion of previously paid rates which is deemed unreasonable.

(b) The cumulative refund due subscribers shall be calculated from the date of the first complaint filed with the franchising authority until the date a cable operator implements a prospective rate reduction as ordered by the Commission pursuant to § 76.960. The Commission shall calculate refund liability according to the rules in effect for determining the reasonableness of the rates for the period of time covered by the complaint.

(c) The cable operator, in its discretion, may implement a refund in the following manner:

(1) By returning overcharges to those subscribers who actually paid the overcharges, either through direct payment

§ 76.962

or as a specifically identified, one-time credit to those subscribers' bills; or

(2) By means of a prospective percentage reduction in the unreasonable cable programming service rate or equipment charge to cover the cumulative overcharge. This shall be reflected as a specifically identified, one-time credit on prospective bills to the class of subscribers that currently subscribe to the cable programming service or associated equipment at issue.

(d) Refunds shall include interest computed at applicable rates published by the Internal Revenue Service for tax refunds and additional tax payments. Interest shall accrue from the date a valid complaint is filed until the refund issues.

(e) At the time the Commission orders a cable operator to pay refunds to subscribers, the franchising authority must return to the cable operator an amount equal to that portion of the franchise fee that was paid on the total amount of the refund to subscribers. The franchising authority may return the franchise fee overcharge either in an immediate lump sum payment, or the cable operator may deduct it from the cable system's future franchise fee payments.

For cable systems with 100 or fewer channels, channels that cannot be used due to technical and safety regulations of the Federal Government (e.g., aeronautical channels) shall be excluded when calculating the set-aside requirement.

(b) In determining whether an entity is an "affiliate" for purposes of commercial leased access, entities are affiliated if either entity has an attributable interest in the other or if a third party has an attributable interest in both entities.
