

available for public inspection. However, no materials submitted with a request for confidentiality will be returned if a request for inspection has been filed under § 0.461. If submission of the materials is required by the Commission and the request for confidentiality is denied, the materials will be made available for public inspection once the period for review of the denial has passed.

(f) If no request for confidentiality is submitted, the Commission assumes no obligation to consider the need for non-disclosure but, in the unusual instance, may determine on its own motion that the materials should be withheld from public inspection. See § 0.457(g).

(g) If a request for confidentiality is denied, the person who submitted the request may, within ten business days, file an application for review by the Commission. If the application for review is denied, the person who submitted the request will be afforded ten business days in which to seek a judicial stay of the ruling. If these periods expire without action by the person who submitted the request, the materials will be returned to the person who submitted them or will be placed in a public file. Notice of denial and of the time for seeking review or a judicial stay will be given by telephone, with follow-up notice in writing. The first day to be counted in computing the time periods established in this paragraph is the day after the date of oral notice. Materials will be accorded confidential treatment, as provided in § 0.459(g) and § 0.461, until the Commission acts on any timely applications for review of an order denying a request for confidentiality, and until a court acts on any timely motion for stay of such an order denying confidential treatment.

(h) If the request for confidentiality is granted, the status of the materials is the same as that of materials listed in § 0.457. Any person wishing to inspect them may submit a request for inspection under § 0.461.

(i) Third party owners of materials submitted to the Commission by another party may participate in the proceeding resolving the confidentiality of the materials.

**§ 0.460 Requests for inspection of records which are routinely available for public inspection.**

(a) Sections 0.453 and 0.455 list those Commission records which are routinely available for public inspection and the places at which those records may be inspected. Subject to the limitations set out in this section, a person who wants to inspect such records need only appear at the specified location and ask to see the records. Many such records also are available through the Commission's Web site, located at <http://www.fcc.gov> and the Commission's electronic reading room, located on its Web site at <http://www.fcc.gov/foia/e-room.html>. Commission documents listed in §§ 0.416 and 0.445 are published in the FCC Record, and many such documents or summaries thereof are also published in the FEDERAL REGISTER.

(b) A person who wishes to inspect the records must appear at the specified location during the office hours of the Commission and must inspect the records at that location. (Procedures governing requests for copies are set out in § 0.465.) However, arrangements may be made in advance, by telephone or by correspondence, to make the records available for inspection on a particular date, and there are many circumstances in which such advance arrangements will save inconvenience. If the request is for a large number of documents, for example, a delay in collecting them is predictable. Current records may be in use by the staff when the request is made. Older records may have been forwarded to another location for storage.

(c) The records in question must be reasonably described by the person requesting them so as to permit their location by staff personnel. The information needed to locate the records will vary, depending on the records requested. Advice concerning the kind of information needed to locate particular records will be furnished in advance upon request. Members of the public will not be given access to the area in which records are kept and will not be permitted to search the files.

(d) If it appears that there will be an appreciable delay in locating or producing the records (as where a large

number of documents is the subject of a single request or where an extended search for a document appears to be necessary), the requester may be directed to submit or confirm the request in writing in appropriate circumstances.

(e)(1) Written requests shall be directed to the Commission's copy contractor pursuant to the procedures set forth in §0.465. Requests shall be captioned "Request For Inspection Of Records," shall be dated, shall list the mailing address, telephone number (if any) of the person making the request, and the e-mail address (if any) and for each document requested, shall set out all information known to the person making the request which would be helpful in identifying and locating the document. Written requests shall, in addition, specify the maximum search fee the person making the request is prepared to pay (see §0.467).

(2) Written requests shall be delivered or mailed directly to the Commission's copy contractor (see §0.465(a)).

(f) When a written request is received by the copy contractor, it will be date-stamped.

(g) All requests limited to records listed in §§0.453 and 0.455 will be granted, subject to paragraph (k) of this section. Requests for records listed in those sections shall not be combined with requests for other records.

(h) The records will be produced for inspection at the earliest possible time.

(i) Records shall be inspected within 7 days after notice is given that they have been located and are available for inspection. After that period, they will be returned to storage and additional charges may be imposed for again producing them.

(j) In addition to the other requirements of this section, the following provisions apply to the reports filed with the Commission pursuant to 5 CFR parts 2634 and 3902.

(1) Such reports shall not be obtained or used:

(i) For any unlawful purpose;

(ii) For any commercial purpose, other than by news and communications media for dissemination to the general public;

(iii) For determining or establishing the credit rating of any individual; or

(iv) For use, directly or indirectly, in the solicitation of money for any political, charitable, or other purpose.

(2) Such reports may not be made available to any person nor may any copy thereof be provided to any person except upon a written application by such person stating:

(i) That person's name, occupation and address;

(ii) The name and address of any other person or organization on whose behalf the inspection or copying is requested; and

(iii) That such person is aware of the prohibitions on the obtaining or use of the report. Further, any such application for inspection shall be made available to the public throughout the period during which the report itself is made available to the public.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 397; 18 U.S.C. 207(j))

#### **§0.461 Requests for inspection of materials not routinely available for public inspection.**

Any person desiring to inspect Commission records that are not listed in §0.453 or §0.455 shall file a request for inspection meeting the requirements of this section. The FOIA Public Liaison is available to assist persons seeking records under this section. See §0.441(a).

(a)(1) Records include:

(i) Any information that would be an agency record subject to the requirements of the Freedom of Information Act when maintained by the Commission in any format, including an electronic format; and

(ii) Any information maintained for the Commission by an entity under Government contract, for purposes of records management.

(2) The records in question must be reasonably described by the person requesting them, so as to permit their location by staff personnel with a reasonable amount of effort. Whenever possible, a request should include specific information about each record sought, such as the title or name, author, recipient, and subject matter of the record. Requests should also specify
