

providers; broadcasters; systems integrators that derive less than five percent of their systems integration revenues from the resale of telecommunications. Prepaid calling card providers are not required to contribute on the basis of revenues derived from prepaid calling cards sold by, to, or pursuant to contract with the Department of Defense (DoD) or a DoD entity.

(e) Any entity required to contribute to the federal universal service support mechanisms shall retain, for at least five years from the date of the contribution, all records that may be required to demonstrate to auditors that the contributions made were in compliance with the Commission's universal service rules. These records shall include without limitation the following: Financial statements and supporting documentation; accounting records; historical customer records; general ledgers; and any other relevant documentation. This document retention requirement also applies to any contractor or consultant working on behalf of the contributor.

§ 54.707 Audit controls.

The Administrator shall have authority to audit contributors and carriers reporting data to the administrator. The Administrator shall establish procedures to verify discounts, offsets, and support amounts provided by the universal service support programs, and may suspend or delay discounts, offsets, and support amounts provided to a carrier if the carrier fails to provide adequate verification of discounts, offsets, or support amounts provided upon reasonable request, or if directed by the Commission to do so. The Administrator shall not provide reimbursements, offsets or support amounts pursuant to part 36 and § 69.116 through 69.117 of this chapter, and subparts D, E, and G of this part to a carrier until the carrier has provided to the Administrator a true and correct copy of the decision of a state commission designating that carrier as an eligible tele-

communications carrier in accordance with § 54.201.

§ 54.708 De minimis exemption.

If a contributor's contribution to universal service in any given year is less than \$10,000 that contributor will not be required to submit a contribution or Telecommunications Reporting Worksheet for that year unless it is required to do so to by our rules governing Telecommunications Relay Service (47 CFR 64.601 *et seq.* of this chapter), numbering administration (47 CFR 52.1 *et seq.* of this chapter), or shared costs of local number portability (47 CFR 52.21 *et seq.* of this chapter). The foregoing notwithstanding, all interconnected VoIP providers, including those whose contributions would be *de minimis*, must file the Telecommunications Reporting Worksheet. If a contributor improperly claims exemption from the contribution requirement, it will subject to the criminal provisions of sections 220(d) and (e) of the Act regarding willful false submissions and will be required to pay the amounts withheld plus interest.

EFFECTIVE DATE NOTE: At 71 FR 38797, July 10, 2006, § 54.708 was amended by adding a new sentence after the first sentence. This text contains information collection and record-keeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 54.709 Computations of required contributions to universal service support mechanisms.

(a) Prior to April 1, 2003, contributions to the universal service support mechanisms shall be based on contributors' end-user telecommunications revenues and on a contribution factor determined quarterly by the Commission. Contributions to the mechanisms beginning April 1, 2003 shall be based on contributors' projected collected end-user telecommunications revenues, and on a contribution factor determined quarterly by the Commission.

(1) For funding the federal universal service support mechanisms prior to April 1, 2003, the subject revenues will

be contributors' interstate and international revenues derived from domestic end users for telecommunications or telecommunications services, net of prior period actual contributions. Beginning April 1, 2003, the subject revenues will be contributors' projected collected interstate and international revenues derived from domestic end users for telecommunications or telecommunications services, net of projected contributions.

(2) Prior to April 1, 2003, the quarterly universal service contribution factor shall be determined by the Commission based on the ratio of total projected quarterly expenses of the universal service support mechanisms to the total end-user interstate and international telecommunications revenues, net of prior period actual contributions. Beginning April 1, 2003, the quarterly universal service contribution factor shall be determined by the Commission based on the ratio of total projected quarterly expenses of the universal service support mechanisms to the total projected collected end-user interstate and international telecommunications revenues, net of projected contributions. The Commission shall approve the Administrator's quarterly projected costs of the universal service support mechanisms, taking into account demand for support and administrative expenses. The total subject revenues shall be compiled by the Administrator based on information contained in the Telecommunications Reporting Worksheets described in § 54.711(a).

(3) Total projected expenses for the federal universal service support mechanisms for each quarter must be approved by the Commission before they are used to calculate the quarterly contribution factor and individual contributions. For each quarter, the Administrator must submit its projections of demand for the federal universal service support mechanisms for high-cost areas, low-income consumers, schools and libraries, and rural health care providers, respectively, and the basis for those projections, to the Commission and the Office of the Managing Director at least sixty (60) calendar days prior to the start of that quarter. For each quarter, the Admin-

istrator must submit its projections of administrative expenses for the high-cost mechanism, the low-income mechanism, the schools and libraries mechanism and the rural health care mechanism and the basis for those projections to the Commission and the Office of the Managing Director at least sixty (60) calendar days prior to the start of that quarter. Based on data submitted to the Administrator on the Telecommunications Reporting Worksheets, the Administrator must submit the total contribution base to the Office of the Managing Director at least thirty (30) days before the start of each quarter. The projections of demand and administrative expenses and the contribution factor shall be announced by the Commission in a public notice and shall be made available on the Commission's website. The Commission reserves the right to set projections of demand and administrative expenses at amounts that the Commission determines will serve the public interest at any time within the fourteen-day period following release of the Commission's public notice. If the Commission take no action within fourteen (14) days of the date of release of the public notice announcing the projections of demand and administrative expenses, the projections of demand and administrative expenses, and the contribution factor shall be deemed approved by the Commission. Except as provided in § 54.706(c), the Administrator shall apply the quarterly contribution factor, once approved by the Commission, to contributor's interstate and international end-user telecommunications revenues to calculate the amount of individual contributions.

(b) If the contributions received by the Administrator in a quarter exceed the amount of universal service support program contributions and administrative costs for that quarter, the excess payments will be carried forward to the following quarter. The contribution factors for the following quarter will take into consideration the projected costs of the support mechanisms for that quarter and the excess contributions carried over from the previous quarter.

(c) If the contributions received by the Administrator in a quarter are inadequate to meet the amount of universal service support program payments and administrative costs for that quarter, the Administrator shall request authority from the Commission to borrow funds commercially, with such debt secured by future contributions. Subsequent contribution factors will take into consideration the projected costs of the support mechanisms and the additional costs associated with borrowing funds.

(d) If a contributor fails to file a Telecommunications Reporting Worksheet by the date on which it is due, the Administrator shall bill that contributor based on whatever relevant data the Administrator has available, including, but not limited to, the number of lines subscribed to the contributor and data from previous years, taking into consideration any estimated changes in such data.

§ 54.711 Contributor reporting requirements.

(a) Contributions shall be calculated and filed in accordance with the Telecommunications Reporting Worksheet which shall be published in the FEDERAL REGISTER. The Telecommunications Reporting Worksheet sets forth information that the contributor must submit to the Administrator on a quarterly and annual basis. The Commission shall announce by Public Notice published in the FEDERAL REGISTER and on its website the manner of payment and dates by which payments must be made. An executive officer of the contributor must certify to the truth and accuracy of historical data included in the Telecommunications Reporting Worksheet, and that any projections in the Telecommunications Reporting Worksheet represent a good-faith estimate based on the contributor's policies and procedures. The Commission or the Administrator may verify any information contained in

the Telecommunications Reporting Worksheet. Contributors shall maintain records and documentation to justify information reported in the Telecommunications Reporting Worksheet, including the methodology used to determine projections, for three years and shall provide such records and documentation to the Commission or the Administrator upon request. Inaccurate or untruthful information contained in the Telecommunications Reporting Worksheet may lead to prosecution under the criminal provisions of Title 18 of the United States Code. The Administrator shall advise the Commission of any enforcement issues that arise and provide any suggested response.

(b) The Commission shall have access to all data reported to the Administrator. Contributors may make requests for Commission nondisclosure of company-specific revenue information under § 0.459 of this chapter by so indicating on the Telecommunications Reporting Worksheet at the time that the subject data are submitted. The Commission shall make all decisions regarding nondisclosure of company-specific information. The Administrator shall keep confidential all data obtained from contributors, shall not use such data except for purposes of administering the universal service support programs, and shall not disclose such data in company-specific form unless directed to do so by the Commission. Subject to any restrictions imposed by the Chief of the Wireline Competition Bureau, the Universal Service Administrator may share data obtained from contributors with the administrators of the North American Numbering Plan administration cost recovery (See 47 CFR 52.16 of this chapter), the local number portability cost recovery (See 47 CFR 52.32 of this chapter), and the TRS Fund (See 47 CFR 64.604(c)(4)(iii)(H) of this chapter). The Administrator shall keep confidential all data obtained from other administrators and shall not use such data except for purposes of administering the universal service support mechanisms.

(c) The Bureau may waive, reduce, modify, or eliminate contributor reporting requirements that prove unnecessary and require additional reporting
