

Federal Communications Commission

§ 64.1120

arising out of an allegation that an unauthorized change of a telecommunication service provider has occurred that has elected, in accordance with the requirements of § 64.1110(a), to administer the Federal Communications Commission's slamming rules and remedies, as enumerated in §§ 64.1100 through 64.1190.

(g) The term *relevant governmental agency* shall be the state commission if the complainant files a complaint with the state commission or if the complaint is forwarded to the state commission by the Federal Communications Commission, and the Federal Communications Commission if the complainant files a complaint with the Federal Communications Commission, and the complaint is not forwarded to a state commission.

(h) The term *subscriber* is any one of the following:

(1) The party identified in the account records of a common carrier as responsible for payment of the telephone bill;

(2) Any adult person authorized by such party to change telecommunications services or to charge services to the account; or

(3) Any person contractually or otherwise lawfully authorized to represent such party.

§ 64.1110 State notification of election to administer FCC rules.

(a) *Initial Notification.* State notification of an intention to administer the Federal Communications Commission's unauthorized carrier change rules and remedies, as enumerated in §§ 64.1100 through 64.1190, shall be filed with the Commission Secretary in CC Docket No. 94-129 with a copy of such notification provided to the Consumer & Governmental Affairs Bureau Chief. Such notification shall contain, at a minimum, information on where consumers should file complaints, the type of documentation, if any, that must accompany a complaint, and the procedures the state will use to adjudicate complaints.

(b) *Withdrawal of Notification.* State notification of an intention to discontinue administering the Federal

Communications Commission's unauthorized carrier change rules and remedies, as enumerated in §§ 64.1100 through 64.1190, shall be filed with the Commission Secretary in CC Docket No. 94-129 with a copy of such amended notification provided to the Consumer & Governmental Affairs Bureau Chief. Such discontinuance shall become effective 60 days after the Commission's receipt of the state's letter.

[65 FR 47691, Aug. 3, 2000, as amended at 73 FR 13149, Mar. 12, 2008]

§ 64.1120 Verification of orders for telecommunications service.

(a) No telecommunications carrier shall submit or execute a change on the behalf of a subscriber in the subscriber's selection of a provider of telecommunications service except in accordance with the procedures prescribed in this subpart. Nothing in this section shall preclude any State commission from enforcing these procedures with respect to intrastate services.

(1) No submitting carrier shall submit a change on the behalf of a subscriber in the subscriber's selection of a provider of telecommunications service prior to obtaining:

(i) Authorization from the subscriber, and

(ii) Verification of that authorization in accordance with the procedures prescribed in this section. The submitting carrier shall maintain and preserve records of verification of subscriber authorization for a minimum period of two years after obtaining such verification.

(2) An executing carrier shall not verify the submission of a change in a subscriber's selection of a provider of telecommunications service received from a submitting carrier. For an executing carrier, compliance with the procedures described in this part shall be defined as prompt execution, without any unreasonable delay, of changes that have been verified by a submitting carrier.

(3) Commercial mobile radio services (CMRS) providers shall be excluded from the verification requirements of

this part as long as they are not required to provide equal access to common carriers for the provision of telephone toll services, in accordance with 47 U.S.C. 332(c)(8).

(b) Where a telecommunications carrier is selling more than one type of telecommunications service (*e.g.*, local exchange, intraLATA toll, and interLATA toll), that carrier must obtain separate authorization from the subscriber for each service sold, although the authorizations may be obtained within the same solicitation. Each authorization must be verified separately from any other authorizations obtained in the same solicitation. Each authorization must be verified in accordance with the verification procedures prescribed in this part.

(c) No telecommunications carrier shall submit a preferred carrier change order unless and until the order has been confirmed in accordance with one of the following procedures:

(1) The telecommunications carrier has obtained the subscriber's written or electronically signed authorization in a form that meets the requirements of § 64.1130; or

(2) The telecommunications carrier has obtained the subscriber's electronic authorization to submit the preferred carrier change order. Such authorization must be placed from the telephone number(s) on which the preferred carrier is to be changed and must confirm the information in paragraph (a)(1) of this section. Telecommunications carriers electing to confirm sales electronically shall establish one or more toll-free telephone numbers exclusively for that purpose. Calls to the number(s) will connect a subscriber to a voice response unit, or similar mechanism, that records the required information regarding the preferred carrier change, including automatically recording the originating automatic number identification; or

(3) An appropriately qualified independent third party has obtained, in accordance with the procedures set forth in paragraphs (c)(3)(i) through (c)(3)(iv) of this section, the subscriber's oral authorization to submit the preferred carrier change order that confirms and includes appropriate verification data (*e.g.*, the subscriber's

date of birth or social security number). The independent third party must not be owned, managed, controlled, or directed by the carrier or the carrier's marketing agent; must not have any financial incentive to confirm preferred carrier change orders for the carrier or the carrier's marketing agent; and must operate in a location physically separate from the carrier or the carrier's marketing agent.

(i) *Methods of third party verification.* Automated third party verification systems and three-way conference calls may be used for verification purposes so long as the requirements of paragraphs (c)(3)(ii) through (c)(3)(iv) of this section are satisfied.

(ii) *Carrier initiation of third party verification.* A carrier or a carrier's sales representative initiating a three-way conference call or a call through an automated verification system must drop off the call once the three-way connection has been established.

(iii) *Requirements for content and format of third party verification.* Any description of the carrier change transaction by a third party verifier must not be misleading, and all third party verification methods shall elicit, at a minimum: The date of the verification; the identity of the subscriber; confirmation that the person on the call is authorized to make the carrier change; confirmation that the person on the call wants to make the carrier change; confirmation that the person on the call understands that a carrier change, not an upgrade to existing service, bill consolidation, or any other misleading description of the transaction, is being authorized; the names of the carriers affected by the change (not including the name of the displaced carrier); the telephone numbers to be switched; and the types of service involved (including a brief description of a service about which the subscriber demonstrates confusion regarding the nature of that service). Except in Hawaii, any description of interLATA or long distance service shall convey that it encompasses both international and state-to-state calls, as well as some intrastate calls where applicable. If the subscriber has additional questions for the carrier's sales representative during the verification, the verifier shall indicate

to the subscriber that, upon completion of the verification process, the subscriber will have authorized a carrier change. Third party verifiers may not market the carrier's services by providing additional information, including information regarding preferred carrier freeze procedures.

(iv) *Other requirements for third party verification.* All third party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. In accordance with the procedures set forth in § 64.1120(a)(1)(ii), submitting carriers shall maintain and preserve audio records of verification of subscriber authorization for a minimum period of two years after obtaining such verification. Automated systems must provide consumers with an option to speak with a live person at any time during the call.

(4) Any State-enacted verification procedures applicable to intrastate preferred carrier change orders only.

(d) Telecommunications carriers must provide subscribers the option of using one of the authorization and verification procedures specified in § 64.1120(c) in addition to an electronically signed authorization and verification procedure under § 64.1120(c)(1).

(e) A telecommunications carrier may acquire, through a sale or transfer, either part or all of another telecommunications carrier's subscriber base without obtaining each subscriber's authorization and verification in accordance with § 64.1120(c), provided that the acquiring carrier complies with the following streamlined procedures. A telecommunications carrier may not use these streamlined procedures for any fraudulent purpose, including any attempt to avoid liability for violations under part 64, subpart K of the Commission rules.

(1) No later than 30 days before the planned transfer of the affected subscribers from the selling or transferring carrier to the acquiring carrier, the acquiring carrier shall file with the Commission's Office of the Secretary a letter notification in CC Docket No. 00-257 providing the names of the parties

to the transaction, the types of telecommunications services to be provided to the affected subscribers, and the date of the transfer of the subscriber base to the acquiring carrier. In the letter notification, the acquiring carrier also shall certify compliance with the requirement to provide advance subscriber notice in accordance with § 64.1120(e)(3), with the obligations specified in that notice, and with other statutory and Commission requirements that apply to this streamlined process. In addition, the acquiring carrier shall attach a copy of the notice sent to the affected subscribers.

(2) If, subsequent to the filing of the letter notification with the Commission required by § 64.1120(e)(1), any material changes to the required information should develop, the acquiring carrier shall file written notification of these changes with the Commission no more than 10 days after the transfer date announced in the prior notification. The Commission reserves the right to require the acquiring carrier to send an additional notice to the affected subscribers regarding such material changes.

(3) Not later than 30 days before the transfer of the affected subscribers from the selling or transferring carrier to the acquiring carrier, the acquiring carrier shall provide written notice to each affected subscriber of the information specified. The acquiring carrier is required to fulfill the obligations set forth in the advance subscriber notice. The advance subscriber notice shall be provided in a manner consistent with 47 U.S.C. 255 and the Commission's rules regarding accessibility to blind and visually-impaired consumers, 47 CFR 6.3, 6.5 of this chapter. The following information must be included in the advance subscriber notice:

(i) The date on which the acquiring carrier will become the subscriber's new provider of telecommunications service,

(ii) The rates, terms, and conditions of the service(s) to be provided by the acquiring carrier upon the subscriber's transfer to the acquiring carrier, and the means by which the acquiring carrier will notify the subscriber of any change(s) to these rates, terms, and conditions.

(iii) The acquiring carrier will be responsible for any carrier change charges associated with the transfer, except where the carrier is acquiring customers by default, other than through bankruptcy, and state law requires the exiting carrier to pay these costs;

(iv) The subscriber's right to select a different preferred carrier for the telecommunications service(s) at issue, if an alternative carrier is available,

(v) All subscribers receiving the notice, even those who have arranged preferred carrier freezes through their local service providers on the service(s) involved in the transfer, will be transferred to the acquiring carrier, unless they have selected a different carrier before the transfer date; existing preferred carrier freezes on the service(s) involved in the transfer will be lifted; and the subscribers must contact their local service providers to arrange a new freeze.

(vi) Whether the acquiring carrier will be responsible for handling any complaints filed, or otherwise raised, prior to or during the transfer against the selling or transferring carrier, and

(vii) The toll-free customer service telephone number of the acquiring carrier.

§ 64.1130 Letter of agency form and content.

(a) A telecommunications carrier may use a written or electronically signed letter of agency to obtain authorization and/or verification of a subscriber's request to change his or her preferred carrier selection. A letter of agency that does not conform with this section is invalid for purposes of this part.

(b) The letter of agency shall be a separate document (or an easily separable document) or located on a separate screen or webpage containing only the authorizing language described in paragraph (e) of this section having the sole purpose of authorizing a telecommunications carrier to initiate a preferred carrier change. The letter of agency must be signed and dated by

the subscriber to the telephone line(s) requesting the preferred carrier change.

(c) The letter of agency shall not be combined on the same document, screen, or webpage with inducements of any kind.

(d) Notwithstanding paragraphs (b) and (c) of this section, the letter of agency may be combined with checks that contain only the required letter of agency language as prescribed in paragraph (e) of this section and the necessary information to make the check a negotiable instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain in easily readable, bold-face type on the front of the check, a notice that the subscriber is authorizing a preferred carrier change by signing the check. The letter of agency language shall be placed near the signature line on the back of the check.

(e) At a minimum, the letter of agency must be printed with a type of sufficient size and readable type to be clearly legible and must contain clear and unambiguous language that confirms:

(1) The subscriber's billing name and address and each telephone number to be covered by the preferred carrier change order;

(2) The decision to change the preferred carrier from the current telecommunications carrier to the soliciting telecommunications carrier;

(3) That the subscriber designates [insert the name of the submitting carrier] to act as the subscriber's agent for the preferred carrier change;

(4) That the subscriber understands that only one telecommunications carrier may be designated as the subscriber's interstate or interLATA preferred interexchange carrier for any one telephone number. To the extent that a jurisdiction allows the selection of additional preferred carriers (*e.g.*, local exchange, intraLATA toll, interLATA toll, or international interexchange), the letter of agency must contain separate statements regarding those choices, although a separate letter of agency for each choice is not necessary; and

(5) That the subscriber may consult with the carrier as to whether a fee
