(2) For routes subject to the international settlements policy, if a carrier files an amendment, pursuant to paragraph (a) of this section, to an existing operating or other agreement with a foreign carrier to provide switched voice, telex, telegraph, or packet-switched service between the United States and a foreign point, and the amendment relates to the exchange of services, interchange or routing of traffic and matters concerning rates, accounting rates, division of tolls, the allocation of return traffic, or the basis of settlement of traffic balances, the carrier must also file with the International Bureau a modification request under §64.1001 of this chapter. The amendment to the operating or other agreement cannot become effective until the modification request has been granted under §64.1001(e) of this chapter.

(f) *Confidential treatment.* (1) A carrier providing service on an international route that is exempt from the international settlements policy under paragraph (e)(3) of this section, but that is otherwise required by paragraphs (a) and (b) of this section to file a contract covering service on that route with the Commission, may request confidential treatment under §0.457 of this Chapter for the rates, terms and conditions that govern the settlement of U.S. international traffic.

(2) Carriers requesting confidential treatment under this paragraph must include the information specified in §64.1001(c) of this Chapter. NOTE 2 TO §43.51: To the extent that a foreign government provides telecommunications services directly through a governmental organization, body or agency, it shall be treated as a foreign carrier for the purposes of this section.

NOTE 3 TO §43.51: Carriers shall rely on the Commission's list of foreign carriers that do

not qualify for the presumption that they lack market power in particular foreign points for purposes of determining which of their foreign carrier contracts are subject to the contract filing requirements set forth in this section. The Commission's list of foreign carriers that do not qualify for the presumption that they lack market power in particular foreign points is available from the International Bureau's World Wide Web site at <http://www.fcc.gov/ib>. The Commission will include on the list of foreign carriers that do not qualify for the presumption that they lack market power in particular foreign points any foreign carrier that has 50 percent or more market share in the international transport or local access markets of a foreign point. A party that seeks to remove such a carrier from the Commission's list bears the burden of submitting information to the Commission sufficient to demonstrate that the foreign carrier lacks 50 percent market share in the international transport and local access markets on the foreign end of the route or that it nevertheless lacks sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market. A party that seeks to add a carrier to the Commission's list bears the burden of submitting information to the Commission sufficient to demonstrate that the foreign carrier has 50 percent or more market share in the international transport or local access markets on the foreign end of the route or that it nevertheless has sufficient market power to affect competition adversely in the U.S. market.

NOTE 4 TO §43.51: The Commission's list of international routes exempted from the international settlements policy is available on the International Bureau's World Wide Web site at <http://www.fcc.gov/ib>.
