

Federal Communications Commission

§ 54.413

§ 54.411 Link Up program defined.

(a) For purposes of this subpart, the term “Link Up” shall describe the following assistance program for qualifying low-income consumers, which an eligible telecommunications carrier shall offer as part of its obligation set forth in §§ 54.101(a)(9) and 54.101(b):

(1) A reduction in the carrier’s customary charge for commencing telecommunications service for a single telecommunications connection at a consumer’s principal place of residence. The reduction shall be half of the customary charge or \$30.00, whichever is less; and

(2) A deferred schedule for payment of the charges assessed for commencing service, for which the consumer does not pay interest. The interest charges not assessed to the consumer shall be for connection charges of up to \$200.00 that are deferred for a period not to exceed one year. Charges assessed for commencing service include any charges that the carrier customarily assesses to connect subscribers to the network. These charges do not include any permissible security deposit requirements.

(3) For an eligible resident of Tribal lands, a reduction of up to \$70, in addition to the reduction in paragraph (a)(1) of this section, to cover 100 percent of the charges between \$60 and \$130 assessed for commencing telecommunications service at the principal place of residence of the eligible resident of Tribal lands. For purposes of this paragraph, charges assessed for commencing telecommunications services shall include any charges that the carrier customarily assesses to connect subscribers to the network, including facilities-based charges associated with the extension of lines or construction of facilities needed to initiate service. The reduction shall not apply to charges assessed for facilities or equipment that fall on the customer side of demarcation point, as defined in § 68.3 of this chapter.

(b) A qualifying low-income consumer may choose one or both of the programs set forth in paragraphs (a)(1) and (a)(2) of this section. An eligible resident of Tribal lands may participate in paragraphs (a)(1), (a)(2), and (a)(3) of this section.

(c) A carrier’s Link Up program shall allow a consumer to receive the benefit of the Link Up program for a second or subsequent time only for a principal place of residence with an address different from the residence address at which the Link Up assistance was provided previously.

(d) An eligible telecommunications carrier shall publicize the availability of Link Up support in a manner reasonably designed to reach those likely to qualify for the support.

[62 FR 32948, June 17, 1997, as amended at 65 FR 47906, Aug. 4, 2000]

§ 54.413 Reimbursement for revenue forgone in offering a Link Up program.

(a) Eligible telecommunications carriers may receive universal service support reimbursement for the revenue they forgo in reducing their customary charge for commencing telecommunications service and for providing a deferred schedule for payment of the charges assessed for commencing service for which the consumer does not pay interest, in conformity with § 54.411.

(b) In order to receive universal service support reimbursement for providing Link Up, eligible telecommunications carriers must keep accurate records of the revenues they forgo in reducing their customary charge for commencing telecommunications service and for providing a deferred schedule for payment of the charges assessed for commencing service for which the consumer does not pay interest, in conformity with § 54.411. Such records shall be kept in the form directed by the Administrator and provided to the Administrator at intervals as directed by the Administrator or as provided in this subpart. The forgone revenues for which the eligible telecommunications carrier may receive reimbursement shall include only the difference between the carrier’s customary connection or interest charges and the charges actually assessed to the participating low-income consumer.
