## WIRELESS TELECOMMUNICATIONS BUREAU

### §0.131 Functions of the Bureau.

The Wireless Telecommunications Bureau develops, recommends and administers the programs and policies for the regulation of the terms and conditions under which communications entities offer domestic wireless telecommunications services and of ancillary operations related to the provision of such services (satellite communications excluded). These functions include all wireless telecommunications service providers' and licensees' activities. The Bureau also performs the following specific functions:

(a) Advises and makes recommendations to the Commission, or acts for the Commission under delegated authority, in all matters pertaining to the licensing and regulation of wireless telecommunications, including ancillary operations related to the provision or use of such services; and any matters concerning wireless carriers that also affect wireline carriers in cooperation with the Wireline Competition Bureau. These activities include: policy development and coordination; conducting rulemaking and adjudicatory proceedings, including licensing and complaint proceedings for matters not within the responsibility of the Enforcement Bureau; acting on waivers of rules; acting on applications for service and facility authorizations; compliance
