

§ 54.904

telecommunications carrier within the state.

[66 FR 59728, Nov. 30, 2001, as amended at 67 FR 15493, Apr. 2, 2002; 67 FR 19809, Apr. 23, 2002; 68 FR 31623, May 28, 2003]

§ 54.904 Carrier certification.

(a) *Certification.* Carriers that desire to receive support pursuant to this subpart shall file a certification with the Administrator and the Federal Communications Commission stating that all Interstate Common Line Support provided to such carrier will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Support provided pursuant to this subpart shall only be provided to the extent that the carrier has filed the requisite certification pursuant to this section.

(b) *Certification format.* A certification pursuant to this section may be filed in the form of a letter from an authorized representative for the carrier, and must be filed with both the Administrator and the Office of the Secretary of the Federal Communication Commission clearly referencing CC Docket No. 96-45, on or before the filing deadlines set forth in paragraph (d) of this section.

(c) All of the certifications filed by carriers pursuant to this section shall become part of the public record maintained by the Commission.

(d) *Filing deadlines.* In order for a rate-of-return carrier, and/or an eligible telecommunications carrier serving lines in the service area of a rate-of-return carrier, to receive Interstate Common Line Support, such carrier must file an annual certification, as described in paragraph (b) of this section, on the date that it first files its line count information pursuant to § 54.903, and thereafter on June 30th of each year.

§ 59.1 General duty.

Incumbent local exchange carriers (as defined in 47 U.S.C. section 251(h)) shall make available to any qualifying carrier such public switched network infrastructure, technology, information, and telecommunications facilities and functions as may be requested by such qualifying carrier for the purpose of enabling such qualifying carrier to provide telecommunications services, or to provide access to information services, in the service area in which such qualifying carrier has obtained designation as an eligible telecommunications carrier under section 214(e) of 47 U.S.C.

§ 59.2 Terms and conditions of infrastructure sharing.

(a) An incumbent local exchange carrier subject to the requirements of section 59.1 shall not be required to take any action that is economically unreasonable or that is contrary to the public interest.

(b) An incumbent local exchange carrier subject to the requirements of section 59.1 may, but shall not be required to, enter into joint ownership or operation of public switched network infrastructure, technology, information and telecommunications facilities and functions and services with a qualifying carrier as a method of fulfilling its obligations under section 59.1.

(c) An incumbent local exchange carrier subject to the requirements of section 59.1 shall not be treated by the Commission or any State as a common carrier for hire or as offering common carrier services with respect to any public switched network infrastructure, technology, information, or telecommunications facilities, or functions made available to a qualifying carrier in accordance with regulations issued pursuant to this section.

(d) An incumbent local exchange carrier subject to the requirements of section 59.1 shall make such public
